    - Asset allocation
    - Securities financing transactions<sup>1</sup> and securities borrowing transactions (“Securities Transactions”)
- **Implementation**
- **Illustrations on reporting timeline**
- **Sample reporting forms**

Note <sup>1</sup> Securities financing transactions (“SFT”) refers to securities lending, repos and reverse repos transactions

# Background

- **Circular dated 29 June 2018 (“Circular”) issued by the Investment Products Division to announce the launch of enhanced fund data reporting requirements for SFC-authorized funds**
- **Engagements with the industry before introducing the enhanced requirements**
- **The collection of enhanced funds data will enhance the SFC’s ability to perform its supervisory and regulatory responsibilities**
  - Global regulatory developments on data reporting on funds
  - Key principles and recommendations issued by FSB and IOSCO
- **Existing data reporting on SFC-authorized funds will remain unchanged**

# Enhanced Fund Data Reporting – Overview

- **Scope of funds**

- SFC-authorized funds that are authorized under the Code on Unit Trusts and Mutual Funds (save for UCITS funds, Recognized Jurisdiction Schemes and those under mutual recognition of funds arrangements)

- **Areas of enhanced requirements**

- Liquidity profile of fund's assets
- Subscriptions and redemptions
- Asset allocation
- Securities Transactions

- **Regular reporting**

- Periodic filing
- e-submission (via the SFC Online Portal)

- **Future refinement or enhancement (where appropriate)**

# Enhanced requirements – Liquidity

## ▪ Liquidity profile of the fund's assets

- Breakdown into liquidity categories<sup>2</sup> (amount and % of fund's assets)<sup>3</sup>
  - High
  - Medium
  - Low
  - Illiquid

## ▪ Subscriptions and redemptions

- Total gross subscription and gross redemption amount for each month (amount in US dollars and percentage of average NAV of the fund) of the quarter
- Amount (in US dollars) of outstanding gross subscription and gross redemption as at quarter end date of the fund

Note<sup>2</sup> See SFC's circular on liquidity risk management dated 4 July 2016

Note<sup>3</sup> The summation of the liquidity categories should be equal to 100% of the fund's assets. Information regarding the basis of classification of the categories (as determined by the fund managers) is optional.

# Enhanced requirements – Asset allocation

## ▪ Asset allocation

(i) By country (amount in US dollars)

(ii) Classification of asset classes
