

Application of the Code on Unit Trusts and Mutual Funds on UCITS funds

The Securities and Futures Commission (“SFC”) has been adopting a streamlined approach to the authorization of UCITS funds¹ from specified jurisdictions. Having considered the local laws and regulations governing UCITS funds and arrangements for cross-border cooperation and exchange of information, UCITS funds from specified jurisdictions are deemed to have generally complied in substance with the relevant provisions of the Code on Unit Trusts and Mutual Funds² (“UT Code”).

To provide further guidance to the industry, the SFC sets out below the relevant provisions in the UT Code that are applicable to UCITS funds for better transparency and clarity.

Notwithstanding the streamlined approach, management companies are reminded that the SFC may impose or vary the requirements and/or conditions in respect of specific funds or types of funds as it may deem fit at any time before granting authorization or allowing the authorization to remain in force.

The application of the UT Code on UCITS funds is subject to review and update by the SFC from time to time in view of the legal, regulatory and other development in each relevant jurisdiction, as well as the level of regulatory oversight, supervision, co-operation and assistance of the relevant home regulator and reciprocity accorded to the SFC with respect to the funds it regulates.

The following are applicable to those UCITS funds not falling or authorized under the applicable mutual recognition of funds arrangements with relevant jurisdictions:

	Relevant provisions in the UT Code applicable to UCITS funds
1. Key operators
