On behalf of the board (the "Board") of directors (the "Director(s)") of the Company, I am pleased to present the audited annual results of the Group for the year ended 31 December 2022 to all shareholders of the Company.

In 2022, global economy fluctuation, intense geopolitics and upheavals in the global supply chain have presented challenges for the logistics sector. Ongoing ravages of the COVID-19, turbulence in international oil price, hot spells and power rationing in the third quarter of 2022 have largely disrupted domestic businesses and severely impacted the Company's businesses and operation. Against various unfavourable factors, the Company's revenue grew against the trend, up by 28% year on year, attributed to the efforts and hard work of all the staff, also scientific and reasonable overall plans and clear development paths.

In 2022, for automobile logistics, we fully integrated the export of Changan automobiles, and fully undertook the transportation of Changan auto spare parts; provided finished vehicles and parts transportation and warehousing services for BYD, Leapmotor, He Zhong Auto, and XPENG Motors; for non-automotive logistics, we started to provide inbound logistics services for Haier, nationwide transportation services for Festo, and import and export services for Gree. Being customer-centric and expanding business, we accelerated the transformation into a technology company with digitalization, intelligence, and green development to make the Company greener. Firstly, accelerating digital transformation: with core technologies independently developed by the Company, we published the self-developed platform CUDP.10. We also independently developed application systems, built data platforms, and released the brand-new platform DDOM2.0. Secondly, improving intelligence: we strengthened the integration and application of intelligent equipment, and promoted unmanned logistics in the whole process. Thirdly, building green advantages: we built a packaging cloud platform, promoted 15 green packaging projects, taking the lead in researching and building a carbon footprint digital management platform in the automotive logistics industry.

In addition to serving corporate customers and improving ourselves, we also fully implemented the new development philosophy by actively giving back to the community and country and responding to the call of the times, and actively explored and practiced in the ESG field. The Board and management collaborated with each other, incorporating the ESG sustainability into the Company's daily operation. Adhering to the law governing the enterprise, we standardized the construction of internal control system, actively practiced clean employment, and constantly improved the governance structure of sustainable development, so as to lay a solid foundation for steady development. We completed H share full circulation in 2022, releasing the potential of domestic shares and non-H foreign shares, aligning the interests of all shareholders and improving corporate governance. We actively supported the development of national carbon peaking and carbon neutralization by carrying out energy conservation, emission reduction and carbon reduction, comprehensively handling the relationship between environmental protection and industrial development and integrating the green concept into storage, transportation, packaging, recycling and other links to build a carbon reduction ecology. With active response to national policies, we formulated social responsibility strategic planning, engaged in rural revitalization and pandemic relief to build a harmonious and beautiful community.

Annual Results

While 2022 saw chip shortages, high prices of raw materials for power batteries and other unfavourable factors, the Chinese auto market was picking up in adversity and achieved positive growth with a series of policies of stabilizing economic growth and promoting consumption including halved tax rate on car purchase. Domestic automobile production and sales was up to 27,021,000 vehicles and 26,864,000 vehicles in 2022, representing a year-on-year increase of approximately 3.4% and 2.1% respectively, ranking first place globally again. When the automobile industry was moving in a positive direction, Chongqing Changan Automobile Co., Ltd. ("Changan Automobile"), the Group's major customer, outperformed the industry's average in growth margin with each of the production volume and sales volume mounting to 2,298,400 vehicles and 2,346,100 vehicles in 2022, representing a year-on-year growth of 0.36% and 1.98%, respectively.

In 2022, the Group's revenue reached RMB7,697,350,000, up by 27.84% as compared with RMB6,020,899,000 last year. The profit attributable to equity holders of the Company was up to RMB38,482,000, representing an increase of RMB29,148,000 as compared with RMB9,334,000 last year. The basic earnings per share was RMB0.24 (in 2021: RMB0.18).

Annual Review

In 2022, faced up to difficulties, the Company forged ahead and worked together to consistently promote high technology, high vitality, high efficiency, high brand, and high quality. The Company's transformation and upgrading and high-quality development made progress, achieving upward transformation and upgrading, stronger vitality, stronger organizational effectiveness, more prominent brand potential, and more solid development momentum. The Company made outstanding achievements in business performance, strategic planning, technological innovation, and reform and innovation. The Company's operating scale and the proportion of non-connected transactions reached record highs.

Outlook and Prospects

In 2023, the global economy will see rising inflation and downward pressure on the economy, and the domestic economy will face the triple pressure of shrinking demand, supply shocks, and weakening expectations. However, as the impact of the epidemic on economic activities gradually weakens, domestic economic recovery will accelerate.

According to the China Association of Automobile Manufacturers, the total sales volume of automobiles in China is expected to reach 27.6 million vehicles, up by 3% year on year; automobile exports are expected to hit 4 million units, up by 33% year on year; the total sales volume of new energy vehicles is expected to reach 9 million vehicles, up by 35% year on year, with the penetration rate of 36% in 2023. The automotive logistics industry is stabilizing and is turning for the better. Meanwhile, the delayed transportation demand for bulk commodities and industrial products out of the lockdown may be released, and the production and sales volume of the Company's non-auto logistics customers will also increase. In addition, many national departments are promoting the deep integration of the logistics industry and the manufacturing industry, and many manufacturing industries is paying more attention to the independent controllability, safety and stability of the industrial chain supply chain. Both will effectively promote the establishment of long-term strategic partnerships between logistics companies and manufacturing companies. In the context of the continuous development of logistics scenarios where new technologies such as third-generation identification technology, unmanned driving, supply chain digitization, XR technology, and green packaging are widely used, new models such as the Company's network freight platform become more competitive.

But at the same time, we must also see the challenges that we face. On the one hand, many logistics companies are strengthening the network and capacity resource layout, marching towards integrated supply chain logistics and automobile logistics, and the market competition is becoming increasingly fiercer. On the other hand, the auto industry is in a period of change, and the negative impact of the price wars of major auto companies will gradually be transmitted to the supply chain, thus the Company will face enormous pressure. However, with clear strategic focus and a solid growth strategy, we will increase operational efficiency, implement more stringent cost control measures, and strengthen our operational capability to promptly respond to any shocks in the business environment that we operate in.

Going forward, we will spare no effort in fulfilling logistics' important function in our daily lives, and meet our customers' needs with our mission of "innovating logistics services, creating a better life". With unwavering confidence, boulder-rolling-up perseverance and dauntless spirit, we will strive in unity to advance the transformation and high-quality development of the Company and strive to become a world-class green and intelligent supply chain logistics technology company.

I would like to express my heartfelt thanks to my Board colleagues and all employees of the Company for their fruitful work and tireless efforts. At the same time, I would like to express my sincere gratitude to our shareholders and stakeholders for their long-time support and trust.

Pledge of Assets

As at 31 December 2022, the Group had pledged bank deposits of approximately RMB189,730,000 to secure bank acceptance bills.

On 20 October 2020, the Company's subsidiary Shenyang Changyou Supply Chain Co., Ltd. ("Shenyang Changyou") entered into the Finance Lease Arrangement (the "Arrangement") with China South Industries Financial Leasing Co., Ltd. ("Industries Leasing"). Pursuant to the Arrangement, (1) Industries Leasing acquired the tyre assembly production line from Shanghai Hofmann Machinery Equipment Co., Ltd. at the consideration of RMB83,888,000, which became the leased asset of Shenyang Changyou; Industries Leasing acquired the AS/RS from Wuxi Lead Intelligent Equipment Co., Ltd. at the consideration of RMB20,880,000, which became the leased asset of Shenyang Changyou. (2) Shenyang Changyou rented the tyre subpackage production line and the AS/RS from Industries Leasing at a total rent of no more than RMB130,280,000 (with the annual interest rate of 5.3% and paid on a quarterly basis). The lease term is not more than 60 months. Shenyang Changyou shall also pay a lump sum payment of contract security deposit in the sum of RMB4,190,720 and handling fee in the sum of RMB523,840. At the same time, Shenyang Changyou pledged the expected accounts receivable not exceeding 1.2 times of the total rent to Industries Leasing. Upon the expiration of the lease term, Shenyang Changyou has an option to purchase the tyre assembly production line and the AS/RS from Industries Leasing at the nominal consideration of RMB1 each. The Lease Asset is ready for use during the year ended 31 December 2022, the corresponding amounts of RMB95,136,000 and RMB87,908,000 were recognised as right-of-use assets and lease liabilities, respectively. For details, please refer to the Company's announcement dated 20 October 2020, circular dated 14 December 2020 and note 37 to the financial statements.

Contingent Liabilities

Other than disclosed in note 43 of this report, as at 31 December 2022, the Group did not have any significant contingent liabilities. For details of legal proceedings, please refer to the "Report of the Board".

Principal Risks and Uncertainties

The Group's financial condition, results of operations, and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to our Group's businesses. The following are the key risks and uncertainties identified by the Group. There may be other risks and uncertainties in addition to those shown below which are not known to our Group or which may not be material at the moment but could turn out to be material in the future.

Market Risks

Market risk is the risk arising from the movement in market price that deteriorates profitability or affects the ability to meet business objectives. The management of our Group manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Liquidity Risk

Liquidity risk is the potential that our Group will be unable to meet its obligations when they fall due because of an inability to obtain adequate funding or liquidate assets. In managing liquidity risk, our Group monitors cash flows and maintains an adequate level of cash and cash equivalent to ensure the ability to finance the Group's operations and reduce the effects of fluctuation in cash flows.

Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Responsibility for managing operational risks basically rests with every function at divisional and departmental levels. Key functions in our Group are guided by their standard operating procedures, limits of authority and reporting framework. Our management will identify and assess key operational exposures regularly so that appropriate risk response can be taken.

Reliance Risk

For logistics industry, the alliance between automobile manufacturers and logistics services providers are common in the PRC market. It is typical that a substantial part of the logistics services will be provided by related entity(ies) within the group of companies. The Group is no exception and China Changan Automobile Group Company Limited and its subsidiaries ("Changan Group") has been the Group's long-term client. As the Group is primarily engaged in automobile logistics and relies on the automobile production and sales of Changan Group, the fluctuation of Changan Group's automobile production and sales would undoubtedly impact on the business performance of the Group. Therefore, if Changan Group ceases to use or substantially reduces the use of the Group's logistics services and if the Group is not able to secure new customers with similar sales volume on terms acceptable to the Group, the business scale of the Group will be substantially reduced and the financial performance of the Group will be adversely affected.

MANAGEMENT DISCUSSION AND ANALYSIS

Novel Coronavirus Related Risks

In 2022, the COVID-19 pandemic continued to affect China's economy with vehicle production and supply impacted by chip shortages, the increase in prices of raw material for power batteries and other factors. COVID-19 has seriously disrupted the automobile industrial supply chain with its rapid spread in many parts of Jilin, Shanghai and other regions in mid-to-late March 2022. Particularly, as the lockdown measures implemented in Chongqing in November 2022 largely affected the Company's main customers, the Company's production and operation was adversely affected to certain extent.

As the epidemic control comes to an end, the epidemic exerts less and less impacts on domestic economy with economic activities recovering.

Exchange Rate Risks

As the Group had limited transactions denominated in foreign currencies, there is no significant effect on the Group's existing operations.

Capital Commitment

As at 31 December 2022, the Group's capital expenditure at the balance sheet date but not yet incurred was as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|--|-----------------|-----------------|
| Contracted, but not provided for: | | |

Dividend Distribution Policy

On 25 March 2019, the Board approved the dividend distribution policy (the "Policy"), which the Board will follow in formulating the dividend distribution plan. The Policy aims to reward shareholders with reasonable dividend payout to the extent possible while maintaining adequate capital reserves for the current business operation and future growth.

The Board may consider distributing the dividend in forms of cash and/or additional shares in drafting dividend distribution plan and normally, cash payout will be the priority. The profit after tax of the previous fiscal year shall be allocated in the order of making up for any loss, allocation to the statutory reserve fund, payment of dividends to shareholders of preference shares (if any), and allocation to the discretionary reserve fund. The surplus of which will serve as the distributable profit of that year. The Board may propose the distribution plan based on the distributable profit after considering:

- (1) all the applicable requirements under the constitutional documents of the Company;
- (2) all the applicable laws, regulations and restrictions;
- (3) investment and operating requirements of the Group;
- (4) any factors that have material impact on the Group.

The Board will continually review the Policy and reserves the right in its sole and absolute discretion to update, amend and/or modify the Policy at any time.

Dividends

Based on the total number of shares in issue on the record date for implementation of the profit appropriation, the Board recommended the payment of a final dividend of RMB0.15 (including tax) (2021: RMB0.05 (including tax) per share for the year ended 31 December 2022. The above proposal of profit appropriation is subject to consideration and approval at the 2022 annual general meeting (the “AGM”) of the Company. Subject to approval to the Board’s proposal being obtained at the AGM, the final dividend is expected to be payable on or before 30 September 2023.

In accordance with the “Enterprise Income Tax Law of the People’s Republic of China” and its implementation regulations which came into effect on 1 January 2008, the Company is required to withhold and pay enterprise income tax at the rate of 10% on behalf of the non-resident enterprise shareholders whose names appear on the register of members for H shares of the Company when distributing final dividends to them. Any H shares registered not under the name of an individual shareholder, including HKSCC Nominees Limited, other nominees, agents or trustees, or other organizations or groups, shall be deemed as shares held by non-resident enterprise shareholders. Therefore, on this basis, enterprise income tax shall be withheld from dividends payable to such shareholders. If holders of H shares intend to change its shareholder status, please enquire about the relevant procedures with your agents or trustees. The Company will strictly comply with the laws and/or the requirements of the relevant government authority, and withhold and pay enterprise income tax on behalf of the relevant shareholders based on the register of members for H shares of the Company.

Pursuant to the requirements of “Notice of the Ministry of Finance and the State Administration of Taxation on Certain Policies Regarding Individual Income Tax” (Cai Shui Zi No. [1994] 020) 《財政部、國家稅務總局關於個人所得稅若干政策問題的通知》(財稅字[1994]020號), individual foreigners exempt from individual income tax on dividend and bonus from foreign-invested enterprises in the PRC. As the Company is a foreign-invested joint stock limited company, the individual shareholders who hold the H shares of the Company and whose names appear in the H-share registrar are not required to pay the individual income tax of PRC.

The record date of the AGM, the last day for trading in the securities with entitlement, the ex-entitlement date and the last registration date of transfer of shares for the purpose of the 2022 final dividend and the period for the closure of register of members will be set out in the notice convening the AGM of the Company to be sent to the shareholders. The Company shall comply with the relevant rules and regulations to withhold and pay the enterprise income tax on behalf of the relevant Shareholders whose names are listed in the register of members of the share of the Company as of the record date for the purpose of the 2022 final dividend.

Share Appreciation Right Incentive Scheme

The original share appreciation rights incentive scheme was set up by the Company on 6 June 2005 lapsed on 23 February 2016.

On 28 August 2020, the Board has considered and approved a Share Appreciation Rights Scheme (the "Scheme"). The Scheme has been approved by the State-owned Assets Supervision and Administration Commission of the State Council of the PRC and the shareholders of the Company at the 2021 First Extraordinary General Meeting held on 27 April 2021. The Scheme does not constitute the grant of options on the new shares or other new securities of the Company (or any of its subsidiaries); it does not fall within the ambit of, and is not subject to, the requirements under Chapter 17 of the Listing Rules. Please refer to the announcements of the Company dated 28 August 2020, 1 March 2021 and 27 April 2021, and the circular of the Company dated 12 April 2021 for further details.

The Scheme shall remain valid for a period of five years from 27 April 2021. The Board set the date of 28 August 2020 as the date of grant (the "Date of Grant") and HKD2.98 as the exercise price of the share appreciation right ("Share Appreciation Right(s)"). Incentive recipients ("Incentive Recipient") are the individual(s) eligible to receive the Share Appreciation Rights to be granted by the Company under the Scheme, including Directors (External Directors and Supervisors are excluded), senior management, and key employees having immediate impact on the business performance and sustainable development of the Company, but shall not be a substantial shareholder or de facto controller holding over 5% of the Shares, or parents, spouses or children thereof. The Scheme will include no more than 29 Incentive Recipients. Vesting Period is a period of two years (24 months) commencing from the Date of Grant until the first Vesting Date, (i.e., no Share Appreciation Rights shall be exercised for a period of two years since the Date of Grant). The Share Appreciation Rights to be granted to the Incentive Recipients shall take effect by one third each year in the next three years upon the expiry of the Vesting Period. Each of the Vesting Dates shall be the second, third and fourth anniversary of the Date of Grant. The Vesting Date may be extended to the next trading day should the anniversaries fall to be on a non-trading day.

On the Date of Grant, the Company granted Incentive Recipients Share Appreciation Rights with 4,861,400 underlying Shares to 29 Incentive Recipients, accounting for 3.00% of the total issued share capital of the Company.

As at 31 December 2022, none of the Share Appreciation Rights granted under the Scheme have been vested.

Please refer to announcements dated 23 June 2022, 27 September 2022, and 25 November 2022 for further details.

Competing Interests

Before the listing of the H shares on the Growth Enterprise Market ("GEM") of the Stock Exchange, the Company's substantial shareholders, APL Logistics, Minsheng Industrial, Ming Sung (HK) and Changan Industry Company (Group) Limited ("Changan Industry Company"), had all entered into non-competition undertakings with the Company in favor of the Company. Please further refer to the Prospectus of the Company for details of such undertakings.

Up to the date of this report, the non-competition undertakings given by each of Changan Industry Company and APL Logistics are still effective. As at the end of 2011, the aggregate shareholding in the Company held by Minsheng Industrial and Ming Sung (HK) (together with their respective associates) fell below 20%, the non-competition undertakings signed between the Company and Minsheng Industrial and Ming Sung (HK) became ineffective.

China Changan acquired all the shares in the Company held by Changan Industry Company on 9 March 2016. The obligations under the non-competition undertakings signed by Changan Industry Company were assumed by China Changan since 9 March 2016.

In March 2023, the Company received the confirmation regarding the above-mentioned non-competition undertakings from each of APL Logistics and China Changan.

Save as disclosed above, during the reporting period, none of the Director(s) or substantial shareholder(s) of the Company had any interest in any business that competes or may compete with the Group.

Mergers & Acquisitions

No material mergers and acquisitions of the Group were carried out during the reporting period.

Continuing Connected Transactions

Set out below is information in relation to the continuing connected transactions of the Company which need to be reported pursuant to the Listing Rules during the year.

Background of the Continuing Connected Transactions

China Changan holds approximately 25.44% of the issued share capital of the Company and 17.97% of the equity interests of Changan Automobile. In addition, CSGC holds 100% equity interests in China Changan and 14.22% equity interests in Changan Automobile. SIAMC, a wholly-owned subsidiary of CSGC, holds 5.10% equity interest in Changan Automobile. Zhuangbei Finance is a member company of CSGC in that CSGC holds 22.9% equity interests in Zhuangbei Finance and China Changan holds 12.46% equity interests in Zhuangbei Finance. As at the date of this report, the Company holds approximately 0.81% equity interests in Zhuangbei Finance. In addition, Changan Industry Company is a wholly-owned subsidiary of CSGC. Changan Industry Company holds 98.49% equity interests of Changan Real Estate Development Company ("Changan Real Estate") and Chongqing Changan Construction Co., Ltd. ("Changan Construction") is a wholly owned subsidiary of Changan Real Estate. Both of APL Logistics and Minsheng Industrial are the substantial shareholder of the Company, respectively holding approximately 20.74% and approximately 15.90% of the total issued share capital of the Company. Therefore, according to the Listing Rules, the transactions between the Group and each of China Changan, Changan Automobile, APL Logistics, Minsheng Industrial, Zhuangbei Finance and their respective associates become connected transactions of the Company.

As the Company and Sumitomo hold 67% and 33% of the registered capital of Nanjing CMSC respectively, and Sumitomo holds 49% of the registered capital of Nanjing Baogang Zhushang Metal Products Company Limited ("Baogang Zhushang"). Therefore, according to the Listing Rules, Baogang Zhushang is a connected person of the Company at the subsidiary level and the transactions between Nanjing CMSC and Baogang Zhushang contemplated under such framework agreement constitute continuing connected transactions of the Company.

On 4 November 2020, the Company entered into the following framework agreements, each for a term of three years commencing on 1 January 2021 and expiring on 31 December 2023 (both days inclusive):

- (1) the framework agreement with Changan Automobile, pursuant to which the Group shall provide logistics services (including but not limited to the following logistics services: finished vehicle transportation, tire assembly, and supply chain management for automobile raw materials, components and parts) to Changan Automobile and its associates;
- (2) the framework agreement with China Changan, pursuant to which the Group shall provide logistics services (including but not limited to the following logistics services: finished vehicle transportation, tire assembly, supply chain management for automobile raw materials, components and parts; and logistics services for non-automobile products, such as transformer, steel, optical product and specialty product) to China Changan and its associates;

- (5) the framework agreement with Minsheng Industrial, pursuant to which the Group shall provide logistics services to Minsheng Industrial and its associates;

- (6) the procurement framework agreement with China Changan, pursuant to which the Group shall purchase security and cleaning services, property leasing services and logistics services from China Changan and its associates;
- (7) the framework agreement with APL Logistics, pursuant to which the Group shall (i) provide logistics services to APL Logistics and its associates and (ii) purchase logistics services from APL Logistics and its associates;
- (8) the framework agreement with Zhuangbei Finance, pursuant to which the Group shall provide financial logistics services to Zhuangbei Finance and its associates; and
- (9) the framework agreement signed between Nanjing CMSC and Baogang Zhushang, pursuant to which Nanjing CMSC shall provide logistics services to Baogang Zhushang and its associates.

Please refer to the announcement of the Company dated 4 November 2020, the circular dated 12 December 2020 and the announcement dated 30 December 2020 for further details.

Brief Description and Purpose of the Group's Continuing Connected Transactions

With respect to the logistics services provided by the Group to Changan Automobile and its associates

The Group has been in business contact with Changan Automobile from the establishment of the Company and has maintained a good relationship with Changan Automobile ever since. The Group is a major logistics services supplier of Changan Automobile and its associates. The Group's logistics services have been highly recognized by Changan Automobile and its associates. Provision of logistics services to Changan Automobile and its associates by the Group continues to occupy a major portion of the Group's business, thus contributing significantly to the overall revenue of the Group. Against the background of the downward pressure for domestic automobile market, the Company believes that it is essential to maintain the provision of logistics services by the Group to Changan Automobile and its associates to ensure source of revenue. The Company therefore is of the view that the Group should continue to provide comprehensive automobile logistics services for Changan Automobile and its associates to maximize the revenue of the Group.

With respect to the logistic services provided by the Group to China Changan and its associates

China Changan is essentially a large enterprise with businesses mainly ranging from parts and components to automobile retail. It has roughly 15 member companies engaging in parts production such as automobile engines, transmissions, power components, chassis, shock absorbers, supercharges, pistons and so on. The Group stepped up efforts in exploring the parts business of China Changan and its associates ever since China Changan became one of the substantial shareholders of the Company. Currently, the Group has established steady business contact with several member companies of China Changan, by providing logistics services such as automobile parts distribution, transportation, storage, etc. The Group anticipates that by leveraging on the current business relationship, the Group can establish more business contact with Changan Group and can tap into the market potentials presented by China Changan and its associates, thereby increasing business sources and maximizing revenue of the Group.

With respect to the logistic services provided to the Group by Minsheng Industrial and its associates

The Group is a third-party automobile logistics service provider for providing comprehensive logistics solution for our customers. However, the Group currently does not have any vessel or enough freight carriers to ensure an independent operation of business. Therefore, the Group needs to purchase logistics services from suppliers with sufficient transportation capacity and logistics facilities and equipment. Minsheng Industrial is fully equipped with ro-ro ships of various volumes and car transporters that is compliant with the current regulation of GB1589 and has extensive, well established logistics network across the country. Therefore, Minsheng Industrial and its associates are competent in providing logistics services to the Group. In addition, Minsheng Industrial and its associates have been a credible and reliable business partner of the Group, and have been providing various logistics services such as waterway transportation of cars and car components and parts, finished vehicles transportation by road, customs clearance, container transportation, etc. for many years. As such, the Directors are of the view that the Group should continue to purchase logistics services from Minsheng Industrial and its associates to support the smooth running of the Group's primary business and tap on the strength of Minsheng Industrial's various resources to our advantage and provide our customers with quality services and maximize the revenue of the Group. The Directors are of the view that the transaction is in the interest of the Company and its Shareholders as a whole.

With respect to the transaction between the Group and Zhuangbei Finance

Zhuangbei Finance is a non-banking financial institution in the PRC as approved by CBIRC and is established with capital contribution from member companies of CSGC for purpose of centralizing capital management and optimizing capital efficiency within the CSGC. Zhuangbei Finance has been providing financial services for member companies of CSGC for years and is highly recognized for its financial management services. In addition, the major customers of the Group are member companies within CSGC and they all have maintained accounts with Zhuangbei Finance. It would reduce the time costs and finance cost if the Company deposits and conducts note discounting services with, and/or to obtain loan advancement from, Zhuangbei Finance. Moreover, Zhuangbei Finance offers more favourable terms and comparatively less finance fees and charges than those payable to external banks in the PRC.

With respect to the logistics services provided by the Group to Minsheng Industrial and its associates

Minsheng Industrial and its associates specialized in waterway transportation and has affluent resources such as ro-ro ships, vessels and vast waterway logistics network, enabling them to operate smoothly along the Yangtze River. However, in order to provide comprehensive logistics solution to its customer, like combined transportation by waterway plus road, occasionally, Minsheng Industrial and its associates find themselves in need of logistics services from the Group such as station management support and road transportation support. As a longstanding business partner of Minsheng Industrial, the Group's strength is in provision of comprehensive logistics solutions which could cater to the needs of Minsheng Industrial and its associates. The Directors are of the view that the Group should continue to do business with Minsheng Industrial and its associates in the hope that by combining the resources and strength from both parties, Minsheng Industrial and the Group will find common ground to cooperate to our mutual benefit.

With respect to the security and cleaning services, property leasing services, and logistics services provided by China Changan and its associates to the Group

Changan Property, an associate of China Changan, is a first-class property management company in the country and a member of the China Property Management Institute and has extensive property management experience. The Group considers that procurement of security and cleaning services from China Changan and its associates, mainly from Changan Property, can provide assurance to the Group that it would be provided with comprehensive, standard and high-level security and cleaning services, thereby ensuring the smooth running of the daily operation of the business projects of the Group. As such, the Directors are of the view that it is in the interest of the Company and its Shareholders as a whole for the Group to continue to purchase security and cleaning services from China Changan and its associates.

China Changan and its associates have long been providing property leasing services for the Group and is rather familiar with the Group's requirement on the leased properties and will continue to respond quickly and in cost-efficient manner to any new requirement that the Group may have. Most warehouses and stations available from China Changan and its associates are geographically convenient for the Group to store car raw materials and finished vehicles. In addition, entering into property leasing transactions with China Changan would provide the Group with stability and substantially reduce the risks of possible shortage of suitable warehouses and stations and the wild fluctuation in rentals arising from the generally expected appreciation in the value of properties. Besides, the Group maintains the flexibility in leasing properties such as warehouses and stations from other independent parties. Therefore, the Directors are of the view that the Group should continue the property leasing transactions with China Changan and its associates as it is in the interest of the Company and its Shareholders as a whole.

The Group does not have sufficient transportation capacity to provide automobile logistics services to cope with the jump of the logistics demand of our customers in the peak season. In order to provide quality services in an efficient and timely manner, the Group normally would seek external support from our longstanding business partners. As a substantial shareholder of the Company, the Group believes that China Changan and its associates are able to respond promptly to the needs of the Group and any urgent requirement that the Group may have as China Changan has a better understanding of the Group's business operation. The Directors are of the view that having China Changan and its associates as one of the many suppliers of the Group would give the Group a wider range of selection and the Group should continue the cooperation with China Changan and its associates.

With respect to the logistics services provided by the Group to APL Logistics and its associates

As a seasoned international logistics service provider with advanced logistics technology, APL Logistics has strengthened its footprint overseas with extensive branches reaching mainland China, America and India. APL Logistics and its associates have been providing supply chain management services for IT companies in Mainland China. The Group has strong logistics capacity in Mainland China and is also looking to explore overseas business to achieve further development. APL Logistics is the substantial shareholder of the Company and is open to cooperation with the Group. Cooperation with APL Logistics will not only help the Group to obtain various outsourced logistics business from APL Logistics to generate revenue but also will help the Group keep abreast of the cutting-edge international logistics technology, leading operation schema and time-tested management method to optimize the business operation of the Group. The Directors is of the view that the continuing connected transactions exempt from Shareholder's approval with APL Logistics and its associates are beneficial for the Group's development and is in the interests of the Company and its Shareholders as a whole.

With respect to the logistics services purchased by the Group from APL Logistics and its associates

The Group's customers, Changan Ford and Changan Automobile have business in overseas countries such as America, Mexico, Vietnam and Philippines. The Group needs to purchase international logistics services from qualified international logistics service providers with sufficient capacity and well-established logistics network. APL Logistics offers a comprehensive suite of services extending from international freight forwarding to both origin and destination services, including freight consolidation, warehousing and distribution management and operates in several international trade lines. The Company is of the view that APL Logistics and its associates are competent to provide comprehensive international logistics services for the Group and will help to ensure the Group's service quality. In addition, having APL Logistics and its associates to provide logistics services for the Group will give the Group with more choice in the selection of international logistics service providers. Therefore, the Directors is of the view that it is in the interests of the Company and its Shareholders as a whole.

With respect to the logistics services provided by Nanjing CMSC to Baogang Zhushang

Baogang Zhushang needs to purchase steel transportation services, etc. Nanjing CMSC has been providing steel transportation services for Baogang Zhushang for a considerable period of time and is recognized by Baogang Zhushang for its service quality. In addition, as the business with Baogang Zhushang is rather stable, the Directors are of the view that Nanjing CMSC should continue to provide logistics services to Baogang Zhushang to ensure a stable revenue source to maximize the revenue of the Group and is in the interests of the Company and its Shareholders as a whole.

Pricing of Continuing Connected Transactions

According to the framework agreements signed on 4 October 2020 between the Company and each of Changan Automobile, China Changan, APL Logistics, Minsheng Industrial, Zhuangbei Finance and the framework agreement signed between Nanjing CMSC, the Company's holding subsidiary, and Baogang Zhushang, the prices of the transactions for the services provided by the Group to our customers under such framework agreements are determined in accordance with the principles and order of bidding price, internal compared price and cost-plus price. Legal Proceedings

Litigation 1:

On 27 August 2021, CMAL Bo Yu Transportation Co., Ltd. Tongnan Branch (Bo Yu Transportation Tongnan Branch), a wholly-owned subsidiary of the Company, filed civil lawsuits as claimant with Shenzhen Longhua District People’s Court (“Longhua District Court”) for an order that Shenzhen LingDao Car Life Service Co., Ltd. Zhongshan Branch, Shenzhen LingDao Car Life Service Co., Ltd. Zhuhai Branch, Shenzhen LingDao Car Life Service Co., Ltd. Foshan Branch, Huhhot LingDao Car Service Co., Ltd., Lanzhou LingMai Car Service Co., Ltd. and Yinchuan LingDao Car Service Co., Ltd. (the aforesaid six companies are collectively referred to as the “Defendants”) to settle the balance, service charge, storage fee and attorney fee, which were paid by Bo Yu Transportation Tongnan Branch, liquidated damages and other costs owing to Bo Yu Transportation Tongnan Branch in a total amount of RMB96,107,000, and for an order that Shenzhen LingDao Car Life Service Co., Ltd. and Shenzhen Baoneng Investment Group Co., Ltd. to assume joint and several guarantee liabilities for paying the outstanding amount owing to Bo Yu Transportation Tongnan Branch. On 23 September 2021, Bo Yu Transportation Tongnan Branch received the Mediation Document from Longhua District Court, and has entered into the Settlement Agreement with the Defendants. Pursuant to the Settlement Agreement, Bo Yu Transportation Tongnan Branch received RMB92,017,763.21 as a result of enforcement by Longhua District Court on 21 January 2022. Please refer to announcements of the Company dated 10 September 2021, 4 January 2022 and 21 January 2022 for further details.

Litigation 2:

The Company and Chongqing Supply and Marketing Automobile Trading Co., Ltd.* (“SMAT”) entered into a storage supervision agreement, which stipulates, among others, that the Company shall provide vehicle storage supervision services to SMAT, for a term of one year. The Company entrusted above business to Chongqing Yaohang Logistics Co., Ltd* (“Yaohang Logistics”) which is responsible for storage supervision. In April 2022, a total of 105 vehicles was stolen. SMAT filed lawsuits with Chongqing Yubei District People’s Court (“Yubei District Court”). On 21 December 2022, Yubei District Court accepted the case of contract disputes and froze a total of RMB3.03 million in the Company’s bank account.

The Company has engaged a law firm to represent the case.

Yaohang Logistics has made a written commitment to the Company that it is willing to undertake to bear all direct responsibilities and related direct expenses in the case, including but not limited to litigation fees and attorney fees.

After seeking legal advice from the Company’s lawyer, the management believes that the Company will be less likely to eventually bear the liability for compensation, and the possibility of impairment of the assets/contingent liabilities is relatively small. The Company will keep the shareholders and potential investors of the Company informed of any further material development by way of announcement as and when appropriate. Please refer to announcements of the Company dated 30 December 2022 for further details.

Litigation 3:

The Company, as the logistics supplier of WM New Energy Automobile Sales (Shanghai) Co., Ltd.* (as "WM Auto"), provided vehicle transportation services to WM Auto. As WM Auto failed to pay the Company's logistics service fees on time, in order to recover the money, the Company filed civil lawsuits as claimant with the Qingpu District People's Congress of Shanghai twice for an order that WM Motor to pay a total of RMB58.4591 million in logistics service fees owed to the Company and the expected payment of capital occupation fees.(Case number: Qingpu District People's Congress of Shanghai(2022) Hu 0118 Minchu No.21525, Qingpu District People's Congress of Shanghai(2022) Shanghai 0118 Min Chu No. 274 case). The Company has applied to the court for litigation property preservation, and has frozen the above-mentioned arrears in full.

On 23 January 2023, the Company received the first-instance judgment of the Qingpu District People's Congress of Shanghai on the (2022) Hu 0118 Min Chu No.21525, which ordered WM Auto to pay RMB35.1974 million and overdue payment of capital occupation fees. WM Auto is currently appealing to the Shanghai No. 2 Intermediate People's Court.

On 6 February 2023, the Qingpu District People's Congress of Shanghai opened a court hearing (2022) Hu 0118 Minchu No.274 regarding to the Company claimed WM Auto for RMB 23.2617 million. As of March 2023, the Qingpu District People's Congress of Shanghai has not yet issued a judgment.

According to Chinese judicial procedures, the Company can only apply to the court for enforcement after the judgment of the second instance is issued.

Save as disclosed above, as at 31 December 2022, none of the members of the Group was involved in any material litigation or arbitration and no material litigation or claim was pending or threatened or made against any member of the Group.

Designated Deposits

As at 31 December 2022, the Group had no designated deposits in any financial institutions in and out of the PRC or any overdue fixed deposit which could not be recovered.

Compliance with the relevant Laws and Regulations

As far as the Board of Directors and management are aware, the Group has complied in material respects with the relevant laws and regulations that have a significant impact on the business and operation of the Group. During the year, there was no material breach of or non-compliance with the applicable laws and regulations by the Group.

Environmental Policies and Performance

The Group is committed to the long-term sustainability of the environment and communities in which it operates. Acting in an environmentally responsible manner, the Group endeavors to comply with the laws and regulations regarding environmental protection and adopt effective measures to achieve efficient use of resources, energy saving and wastes reduction.

The Company is preparing the environmental, social and governance report (the "ESG report") for the year ended 31 December 2022 in accordance with the Environmental, Social and Governance Reporting Guide of the Stock Exchange. The Company published the 2022 Environmental, Social and Governance Report on the Stock Exchange's website and the Company's website on 30 March 2023.

Donation

During the year, the total amount of donation made by the Company was RMB600,000 (2021: RMB600,000).

Purchase, Sale and Redemption of the Company's Listed Securities

There was no purchase, redemption, sale or cancellation by the Group of the Company's listed securities during the year ended 31 December 2022.

Pre-emptive Rights

There is no provision of pre-emptive rights in the Company's Articles of Association requiring the Company to offer new shares proportionately to its existing shareholders.

Auditors

Chongqing, the PRC
30 March 2023

REPORT OF THE SUPERVISORY COMMITTEE

Dear Shareholders,

Pursuant to the "Company Law of the People's Republic of China", the relevant laws and regulations and the Articles of Association of the Company, the Supervisory Committee, under its fiduciary duty, took up an active role to work with diligence to protect the interests of the Company and its shareholders.

During the year, Supervisory Committee had reviewed cautiously the operation and development plans of the Company and provided reasonable suggestions and opinions to the Board and given opinions in relation to the Scheme. It also strictly and effectively monitored and supervised the Company's management in making significant policies and decisions to ensure that they are in compliance with the laws and regulations of the PRC and the Articles of Association of the Company, and in the interests of its shareholders.

The Supervisory Committee considers that in 2022, the members of the Board, the general manager and other senior management staff of the Company were able to strictly fulfil their fiduciary duties, to act diligently and to exercise their authority faithfully in the best interests of the Company, to carry out work pursuant to the Articles of Association of the Company in standard operation and gradually improve the internal control system. The transactions between the Company and related parties were carried out on fair and reasonable terms and in the interests of the shareholders as a whole. As of the date of this report, none of the Directors, general manager and other senior management staff had been found to have abused their authority, prejudiced the interests of the Company and of its shareholders. None of them was found to be in breach of any laws and regulations or the Articles of Association of the Company.

The Supervisory Committee is confident in the Company's future development.

The Supervisory Committee has conscientiously reviewed and agreed with the report of the Board, the audited consolidated financial statements, which will be submitted by the Board to the 2022 AGM.

By order of the Supervisory Committee
Wang Huaicheng
Chairman

Chongqing, the PRC
30 March 2023

The Board believes that the Company can enhance its corporate governance and transparency by adhering to strict corporate governance practices in the interest of the shareholders of the Company. Since 18 July 2013, the provisions of the Corporate Governance Code ("Code") set out in Appendix 14 of the Listing Rules have been adopted as the Company's corporate governance standards, which coupled with the experience and circumstances of the Company, help to establish a favorable corporate governance structure of the Group. For the period from 1 January 2022 to 31 December 2022, the Company has complied with the code provisions set out in the Code throughout and adopted the recommended best practice as set out in the Code, except for code provision B.2.2. The fifth session of Board and the fifth session of the Supervisory Committee was elected on 30 June 2020. Code provision B.2.2 provides that every director, including those appointed for a specific time, should be subject to retirement by rotation at least once every three years. The Company also stipulates that directors and supervisors elected at general meeting shall be for a term of three years. According to the code provisions and the articles of association of the Company, the term of office of all the members of each of the fifth session of the Board and the fifth session of the Supervisory Committee shall expire on 30 June 2023.

The following is a summary of key corporate governance practices of the Company:

Corporate Strategy

Under Code provision A.1.1 of the Code, the Board is required to establish the Company's purpose, values and strategy, and ensure that these and the Company's culture are aligned.

With "becoming world-class" as the goal, green, intelligent and digital technologies as the key, the "service leading strategy" as the cornerstone, and building "five high" (high technology, high vitality, high efficiency, high brand and high quality) as the direction, the Company is committed to transforming and upgrading from traditional logistics to a world-class green intelligent supply chain logistics technology company in 10 to 15 years by strengthening automobile logistics, expanding non-automobile logistics, and the logistics ecosystem, so that customers can trust us and entrust us with their business.

Securities Transactions by the Directors

Since the Transfer of Listing of the Shares to the main board of the Stock Exchange on 18 July 2013, the Company has adopted a code of conduct regarding Directors' securities transactions on terms of the required standard of dealings (the "Code of Conduct") prepared according to the Model Code. After making specific enquiries to all Directors, the Company confirms that the Directors have complied with the Code of Conduct during the period from 1 January 2022 to 31 December 2022.

Board

The Board comprises 10 Directors, including 3 executive Directors, 3 non-executive Directors and 4 independent non-executive Directors. The Board believes that 6 Directors and 4 independent non-executive Directors maintained a reasonable balance with the number of executive Directors and have participated actively in the formulation of the Company's policies through providing constructive suggestions in the interests of shareholders as a whole. The names of members of the fifth session of the Board are set out in the "Report of the Board".

The Company has 4 independent non-executive Directors, of whom at least one has appropriate professional qualification and financial management expertise. The Company received the relevant independence confirmation letter from each of the independent non-executive Directors in March 2023. There is no relationship between the members of the Board, Supervisory Committee and other senior management staff in finance, business, family and other material or relevant aspects.

Election of Directors and Supervisors and Provision of information in respect of and by directors, supervisors and chief executives required under Rule 13.51B of the Listing Rules

Mr. Dong Shaojie was appointed as non-executive director of the Company for a term commencing from the conclusion of the EGM until the expiry of the term of the fifth session of the board of directors of the Company. Note 1: Mr. Xia Lijun resigned as non-executive director of the Company and Mr. Dong Shaojie was appointed as non-executive director of the Company with effect from 19 January 2023.

Composition of the Board

Directors (including non-executive Directors) are elected in general meetings of the Company with a term of 3 years and can be re-elected and re-appointed upon the expiry of the term.

The term of all the existing Directors will be ended upon the expiry of the fifth session of the Board. The Directors shall then retire but may be available for re-election.

On diversity, the Board consists of directors with different backgrounds that are able to provide the Company with professional advice on various aspects. Currently the Board has one female director. The independent non-executive directors are independent of management of the Company and have adequate business and financial experience. They provide advice to the Board and the management on the strategic development of the Company and ensure the interests of shareholders and the Company as a whole by implementing measures. As of the date of this report, Mr. Chong Teck Sin, Mr. Poon Chiu Kwok, Mr. Jie Jing and Ms. Zhang Yun, the independent non-executive directors, have continuously been in office for over nine years. Notwithstanding the fact that Mr. Chong Teck Sin, Mr. Poon Chiu Kwok, Mr. Jie Jing and Ms. Zhang Yun have served the Company for more than nine years, they are not involved in the daily management of the Company.

Therefore, there are no circumstances which are likely to affect their independence as an independent non-executive director. As regard the re-election of independent non-executive directors, the Company has complied with code B.2.3 of the Corporate Governance Code under the Listing Rules that the re-election of each of Mr. Chong Teck Sin, Mr. Poon Chiu Kwok, Mr. Jie Jing and Ms. Zhang Yun as independent non-executive director. As regard all independent non-executive directors have been in office for over nine years, the Company will comply with the code B.2.4 of the Corporate Governance Code under the Listing Rules that appoint or change at least one new independent non-executive director.

According to the Listing Rules, the Company received the relevant written independence confirmation letter from each of the independent non-executive Directors for the year 2023. The Company confirmed that all the independent non-executive Directors are independent of the Company.

The Company has provided liability insurances for all Directors and supervisors.

Duties of Directors and Management

Pursuant to the regulations of the Articles of Association of the Company, the duties of Directors are: to be responsible for the convening of and reporting to the shareholders' meeting; to implement the resolutions passed by the shareholders' meeting; to determine the Company's business plans and investment proposals; to formulate the Company's preliminary and final annual financial budgets; to formulate the Company's profit distribution proposal and loss recovery proposal; to make plans for the Company's increasing or decreasing its registered capital and issuing bonds; to formulate plans for the Company's merger, division, changing of forms and dissolution; to decide on the Company's internal management structure; to appoint or remove the Company's general manager and secretary to the Board of Directors, and to engage or remove the Company's deputy general manager, person(s) in charge of the finance department and other senior management according to the nomination of the general manager, and to decide on their remuneration and payment method; to formulate the Company's basic management system; to formulate proposals for any amendment to the Company's Articles of Association; to formulate plans for the Company's acquisition or sale of major assets; in compliance with the relevant laws and regulations, to exercise the Company's right to finance and loan as well as mortgage, rent, contract for or transfer the Company's major assets and authorizing general manager and vice general managers to exercise the foregoing rights within certain scope; to propose at the shareholders' meeting the engagement or replacement of an accounting firm for the audit of the Company's accounts; to listen to the opinions of the Party Committee of the Company before making decisions on material issues of the Company; to exercise any other functions and powers conferred upon by the shareholders' meeting and the Articles of Association of the Company.

Pursuant to the regulations of the Articles of Association of the Company, the duties of management of the Company are: to operate and manage the Company as well as implement resolutions of the Board; to implement the Company's annual operation and investment plan; to make plans for the structuring of the Company's internal management departments; to formulate the Company's basic management system; to formulate regulations for the Company; to propose to appoint or remove vice general managers and CFO of the Company; to decide to appoint or remove management staff except those that shall be appointed or removed by the Board; to decide the rewards and punishments, promotions, pay raises, appointments, employment, removal and dismissal of the Company's employees; to represent the Company to handle major business as authorized by the Board; to exercise other functions and powers conferred upon by the Articles of Association of the Company and the Board.

During the year, the Directors and management strictly fulfilled their duties according to the requirements in the Articles of Association of the Company. The Board has reviewed its performance during the reporting period, obtained advice from senior management and considered the advice contained in the Report of the Supervisory Committee. The Board believes that it has effectively performed its responsibilities in the interests of the Company and shareholders in the year under review.

Board Diversity Policy

The Board has adopted the board diversity policy (the “Board Diversity Policy”) in compliance with the mandatory disclosure requirements under Rule 13.92 of the Listing Rules and paragraph J of the Code.

The Board Diversity Policy aims to set out the approach to achieve diversity on the Board and does not apply to diversity in relation to the employees of the Company, nor the board and the employees of any subsidiary of the Company. In reviewing and assessing the composition of the Board, the Nomination Committee will consider the benefits of all aspects of diversity, including without limitation, differences in the talents, skills, regional and industry experience, background, gender, age and other qualities of the members of the Board, in order to maintain an appropriate range and balance of talents, skills, experience and background on the Board. In recommending candidates for appointment to the Board, the Nomination Committee will consider candidates on merit against objective criteria and with due regard for the benefits of diversity on the Board. The Nomination Committee will discuss and agree on the measurable objectives for achieving diversity on the Board and recommend them to the Board for adoption. At any given time, the Board may seek to improve one or more aspects of its diversity and measure progress accordingly. The Company aims to maintain an appropriate balance of diversity perspectives of the Board that are relevant to the Company’s business growth.

Chairman and General Manager

The Company’s chairman is Mr. Xie Shikang, and the general manager is Mr. Wan Nianyong. The chairman is responsible for setting the strategic direction of the Company and formulating the business strategies, while the general manager is responsible for overseeing the daily operations of the Company. The chairman is also responsible for the Board and ensuring the effective operation of the Board. The chairman encourages all the Directors (including the independent non-executive Directors) to be fully dedicated in carrying out their duties to the Board and its four committees.

Continuing Professional Development of Directors (Training for Directors)

Directors should participate in continuing professional development to develop and refresh their knowledge and skills. This is to ensure that they will remain well informed to make their contribution to the Board.

Below is a summary of the trainings received by the Directors for the period between 1 January 2022 and 31 December 2022 based on the records provided by the Directors and supervisors:

Four Committees of the Board

The Company's audit committee, remuneration committee, nomination committee and strategy and investment committee have laid down specific terms of reference, detailing the powers and responsibilities of these committees. All the committees shall report their decisions or submit their proposals to the Board within their authorities, and under certain circumstances, have to request for the Board's approval before taking any actions.

(1) Audit Committee

The Company has set up an audit committee (the "Audit Committee") pursuant to the requirements of the Listing Rules and the "Guidelines for the Establishment of Audit Committees" published by Hong Kong Institute of Certified Public Accountants, and set out its duties, powers and functions with written terms of reference. The major duties of the Audit Committee are:

- (a) be primarily responsible for making recommendations to the Board on the appointment, reappointment and removal of the external auditor, and to approve the remuneration and terms of engagement of the external auditor, and any questions of its resignation or dismissal;
- (b) review and monitor the external auditor's independence and objectivity and the effectiveness of the audit process in accordance with applicable standards. The Committee should discuss with the auditor the nature and scope of the audit and reporting obligations before the audit commences;
- (c) develop and implement policy on engaging an external auditor to supply non-audit services, if any, to ensure that provisions of such services would not impair the independency and objectivity of the external auditors. For this purpose, 'external auditor' includes any entity that is under common control, ownership or management with the audit firm or any entity that a reasonable and informed third party knowing all relevant information would reasonably conclude to be part of the audit firm nationally or internationally. The Committee should report to the Board, identifying and making recommendations on any matters where action or improvement is needed;
- (d) monitor integrity of the Company's financial statements and the annual report and accounts, half-year report and (if prepared for publication) quarterly reports, and to review significant financial reporting judgments contained in them. In reviewing these reports before submission to the Board, the Committee should focus particularly on:
 - (i) any changes in accounting policies and practices;
 - (ii) major judgmental areas;
 - (iii) significant adjustments resulting from audit;
 - (iv) the going concern assumptions and any qualifications;
 - (v) compliance with accounting standards; and
 - (vi) compliance with the Listing Rules and other legal requirements in relation to financial reporting;
- (e) regarding (d) above:
 - (i) members of the Audit Committee should liaise with the Board and senior management and the Audit Committee must meet, at least twice a year, with the Company's auditors; and
 - (ii) the Audit Committee should consider any significant or unusual items that are, or may need to be, reflected in the reports and accounts, it should give due consideration to any matters that have been raised by the Company's staff responsible for the accounting and financial reporting function, compliance officer or auditors;
- (f) review the Company's financial controls, and unless expressly addressed by a separate board risk committee, or by the Board itself, to review the Company's risk management and internal control systems;
- (g) discuss the risk management and internal control system with the management to ensure that management has performed its duty to have effective internal control system. This discussion should include the adequacy of resources, staff qualifications and experience, training programmes and budget of the Company's accounting and financial reporting function;

- (h) consider major investigation findings on risk management and internal control matters as delegated by the Board or on its own initiative and management's response to these findings;
- (i) where an internal audit function exists, ensure co-ordination between the internal and external auditors, and ensure that the internal audit function is adequately resourced and has appropriate standing within the Company, and review and monitor its effectiveness;
- (j) review the group's financial and accounting policies and practices;
- (k) review the external auditor's management letter, any material queries raised by the auditor to management about accounting records, financial accounts or systems of control and management's response;
- (l) ensure that the Board provides a timely response to the issues raised in the external auditor's management letter;
- (m) report to the Board on the matters in the code provision of Appendix 14 Corporate Governance Code and Corporate Governance Report of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited;
- (n) review arrangements employees of the Company can use, in confidence, to raise concerns about possible improprieties in financial reporting, risk management and internal control or other matters. The Committee should ensure that proper arrangements are in place for the fair and independent investigation of these matters and for appropriate follow-up action;
- (o) act as the key representative body for overseeing the Company's relations with the external auditor; and
- (p) consider other topics, as defined by the Board.

The Audit Committee currently comprises Ms. Zhang Yun, Mr. Chong Teck Sin, Mr. Poon Chiu Kwok and Mr. Jie Jing, who are all independent non-executive Directors. Mr. Poon Chiu Kwok has the requisite financial experience.

During the year, the Audit Committee held 4 regular meetings.

The Audit Committee met on 23 March 2022 to review and discuss the Group's annual results, financial statements; principal accounting policies and internal audit matters for the year ended 31 December 2021, listened to the auditor's suggestions for the Company, and approved such reports.

The Audit Committee met on 24 May 2022 to review the income statement, cash flow statement and balance sheet of the Group for the three months ended 31 March 2022.

The Audit Committee met on 18 August 2022 to review the unaudited interim report of the Group for the six months ended 30 June 2022 and approved such report.

The Audit Committee met on 19 October 2022 to review the income statement, cash flow statement and balance sheet of the Group for the nine months ended 30 September 2022.

Communications with Shareholders

The Company attaches great importance to the communication with shareholders and investors. The Company uses a number of channels to account for the performance and operations of the Company to shareholders, particularly periodic reports such as annual and interim reports. In addition to delivering circulars, notices and financial reports to our shareholders, the Company also publishes its corporate information on its website (<http://www.camsl.com>) by electronic means. The annual general meeting provides a good opportunity for the communication between the Board and the shareholders of the Company. The Company regards the AGM as an important event in the year and all Directors, supervisors, senior management and the Chairmen of the Audit Committee, the Remuneration Committee and the Nomination Committee should make an effort to attend and answer questions raised by the shareholders. For the year ended 31 December 2022, in responding to investors' enquiries, the Company held conferences and/or conference calls.

The Company encourages the shareholders to be involved in the Company's affair and to discuss the corporate business and prospects directly at the annual general meeting or extraordinary general meeting (the "EGM").

Shareholders individually or jointly holding 10% or more of the shares are conferred with the right to vote at the forthcoming EGM and can sign and submit one or more written requests of the same format and content to the Board to request the convening of an EGM, with the issues to be discussed clearly stated. The Board shall convene an EGM as soon as practicable upon receiving such written request(s). The number of the shares will be calculated as at the date of the submission of the written requests.

If the Board fails to send notification of the meeting within 30 days from the date of the receipt of such a request, the Supervisory Committee shall call and preside over the meeting in a timely manner; if the Supervisory Committee fails to do so as well, the shareholder(s), individually or jointly holding over 10% or more of the voting shares of the Company for more than 90 consecutive days may call the meeting within 4 months of the date of the receipt of such a request by the Board, and the procedures for calling the meeting shall mirror the procedures of the Board to call the meeting to the extent possible.

Enquiries may be made to the Board either by contacting the Company Secretary of the Company through office and address of correspondence (No. 1881 Jinkai Road, Yubei District, Chongqing, the PRC, Zip Code: 401122), directly through questions at the annual general meeting or EGM, or by contacting the Board office of the Company (which is in charge of investor relations, email: dongshihui@camsl.com).

Dividend Policy

The Board has adopted the dividend policy (the "Dividend Policy") in compliance with the Code Provision F.1.1 in the Code as contained in Appendix 14 of the Listing Rules.

The Dividend Policy aims to set out the principles and guidelines that the Company intends to apply in relation to the declaration, payment or distribution of its net profits as dividends to the shareholders of the Company. In recommending or declaring dividends, the Company shall maintain adequate cash reserves for meeting its working capital requirements and future growth as well as its shareholder value and does not have any pre-determined dividend payout ratio. The Board has the discretion to declare and distribute dividends to the shareholders of the Company, subject to the Articles of Association of the Company and all applicable laws and regulations and the following factors concerning the Group when considering the declaration and payment of dividends:

- (a) financial results;
- (b) cash flow situation;
- (c) business conditions and strategies;
- (d) future operations and earnings;
- (e) capital requirements and expenditure plans;
- (f) interests of shareholders;
- (g) any restrictions on payment of dividends; and
- (h) any other factors that the Board may consider relevant.

Shareholders' Communication Policy

Under new Paragraph L of the Mandatory Disclosure Requirements, which was upgraded from the code provision under the Code on 1 January 2022, during the reporting period, the Board of Directors reviewed the implementation and effectiveness of the shareholders' communication policy and concluded that the shareholders' communication policy of the Company is effective. Please refer to the sections headed "Shareholders' Rights" and "Communication with Shareholders" of the Corporate Governance Report for the reasons of such conclusion and details of the shareholders' communication policy.

Anti-Corruption Policy

Under Code provision D.2.7 of the Code, the Board is required to establish an anti-corruption policy and system that promote and support anti-corruption laws and regulations.

The Board has adopted the anti-corruption policy (the "Anti-Corruption Policy") which sets out the principles and guidelines for the Company to promote and support anti-corruption laws and regulations. The Anti-Corruption Policy sets out the basic standard of conduct which applies to all directors, officers and employees of the Company and its wholly owned subsidiaries. It also provides guidance to all employees on acceptance of advantage and handling of conflict of interest when dealing with the Company's business. The Company also encourages and expects our business partners including suppliers, contractors and clients to abide by the principles of the Anti-Corruption Policy.

Whistleblowing Policy

Under Code provision D.2.6 of the Code, the Board is required to establish a whistleblowing policy and system for employees and those who deal with the Company to raise concerns, in confidence and anonymity, with the Audit Committee or any designated committee of the Company about possible improprieties in any matter related to the Company.

The Board has adopted the whistleblowing policy (the "Whistleblowing Policy") and has set the Discipline Inspection Commission which plays an important role in clean corporate governance and compliance management. The terms of reference for the Discipline Inspection Commission set out, among other matters, the reporting and investigation procedures for the employees of the Group and those who deal with the Company to raise concerns about possible improprieties in matters related to the Group.

The Whistleblowing Policy aims to enable the Company's employees and those who deal with the Company to raise concerns, in confidence and anonymity, with the Discipline Inspection Commission, about possible improprieties in matters related to the Company, in order to help detect and deter misconduct or malpractice or unethical acts in the Company.

The Whistleblowing Policy and the terms of reference for the Discipline Inspection Commission set out, among other matters, the reporting and investigation procedures for the employees of the Group and those who deal with the Company to raise concerns about possible improprieties in matters related to the Group.

Remuneration policy

The salaries of Company's employees are determined by reference to market rates, performances, qualification and experience of the relevant employees. Discretionary bonus may also be given based on the performance of individual staff during the year in order to award the employees for their contributions to the Company. Other employee benefits include pension insurance, medical insurance, unemployment insurance, personal injury insurance and housing fund, etc.

Board Independence Evaluation Mechanism

Under Code provision B.1.4 of the Code, the Board is required to establish mechanism(s) to ensure independent views and input are available to the Board.

The Board has adopted the board independence evaluation mechanism (the "Mechanism") which sets out the principles and guidelines for the Company to ensure independent view and input to be available to the Board.

Continuing improvement and development of the Board of the Company and its committee processes and procedures through Board independence evaluation provides a powerful and valuable feedback mechanism for improving Board effectiveness, maximising strengths, and identifying the areas that need improvement or further development. The evaluation process also clarifies what actions of the Company need to be taken to maintain and improve the Board performance, for instance, addressing individual training and development needs of each Director.

The Mechanism is designed to ensure a strong independent element on the Board of the Company, which allows the Board to effectively exercise independent judgment to better safeguard shareholders' interests.

Risk Management and Internal Control

The Company established an audit and legal affairs department to perform internal control assessment, risk management and internal audit. The Company's internal control system was effective and the Company did not have any material operation risks.

(1) Constantly improve on the internal control system

The Company has revised and implemented the protocols in instructive documents such as the "Internal Control Manual", the "Internal Control Assessment Manual", the "Internal Control Assessment Management Workflow", the "Annual Risks Assessment Workflow", the "Regular Risks Assessment Workflow", "Internal Audit Workflow" and other internal control, risk management and internal audit related administrative rules and relevant work instructions to guide the relevant work regarding internal control, risk and audit management.

The Company persistently refines and improves the internal control system, vigorously builds a lean operation and management system to internalize, improve and computerize relevant work processes, and constantly complete the authorization system and internal management system. The Company has also identified risks and how to control them in the flow plan contained in those documents, and has effectively linked the risk control responsibility with individual job description to strengthen the internal control system.

(2) Conduct internal control assessment and risk management and supervision

The Company has conducted a series of assessment and supervision such as annual internal control assessment, internal control deficiency remedy, annual risk assessment, monthly risk status update, regular risk identification and control, special assessment and audit, accountability audit to examine the Company's internal control and risk management status. The internal control deficiencies and risks identified were corrected and follow-up actions were taken to monitor the results. A sound system of internal controls is designed to manage rather than to eliminate the risk of failure to achieve business objectives, and can only provide reasonable but not absolute assurance.

(3) Continue to raise risk management and internal control awareness

The Company took various opportunities to provide training to officials, managers and employees regarding risk management, internal control, legal affairs and spread the concept of risk management and control, and lawful operation in an effort to integrate risk management and control into the everyday operation and management of the Company.

One of the duties of the Audit Committee of the Board is to review the adequacy and effectiveness of the Group's financial control, internal audit functions and risk management systems. The Audit Committee examined and reviewed the work of the audit and legal affairs department, the Group's external auditor and the regular reports on internal financial control, operation and compliance control, and risk management policies and systems for the financial year ended 31 December 2022.

As a result of the above review, the Board confirms, and management has also confirmed to the Board, that the Group's risk management and internal control systems are effective and adequate (including the resources, staff qualifications and experience, training programmes and budget of the Company's accounting, internal audit and financial reporting functions are adequate) and have complied with the Code provisions on risk management and internal control throughout the reporting period and up to the date of this report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHANGAN MINSHENG APLL LOGISTICS CO., LTD

(A joint stock limited company incorporated in the People's Republic of China with limited liability)

Opinion

We have audited the consolidated financial statements of Changan Minsheng APLL Logistics Co., Ltd (the "Company") and its subsidiaries (together the "Group") set out on pages 63 to 166, which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR’S REPORT

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key audit matter | How our audit addressed the key audit matter |
|---|---|
| <p><i>Impairment losses of accounts receivable</i></p> <p>As at 31 December 2022, trade receivables and amounts due from related parties arising from the rendering of services and the sale of goods represented 39% of total assets of the Group. The determination of the loss allowance for impairment of receivables involved significant management judgement and estimation. The Group had a process for assessing the credit risk and determining the loss allowance for impairment of receivables, by considering the ageing of the balances, existence of disputes, recent historical payment patterns and other available information concerning the creditworthiness of counterparties. Management also considered forward-looking information that may impact counterparties’ ability to repay the outstanding balances in order to estimate the expected credit losses on receivables.</p> <p>Related disclosures are included in notes 3, 23, 37(c) and 41 to the consolidated financial statements.</p> | <p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Reviewing management’s assessment of the overall policies and procedures in relation to expected credit losses model for estimating impairment provisions and assessing the appropriateness of the model applied by the management; • Assessing the reasonableness of management’s judgement and estimates for expected credit losses by examining the information used by management, including testing accuracy of the historical default data, evaluating whether the historical loss rates are appropriately adjusted based on current economic conditions and forward-looking information; • Checking bank receipts for the settlements made subsequent to the year end and the correctness of the ageing of receivables on a sample basis; and • Assessing the disclosures about the Group’s exposure to credit risk in the consolidated financial statements. |

INDEPENDENT AUDITOR'S REPORT

Other Information

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Those Charged with Governance for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (continued)

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Hui Lai King (Practising Certificate Number: P03499).

2.1 BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") (which include all applicable individual Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards ("HKASs") and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"), accounting principles generally accepted in Hong Kong, the applicable disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. They have been prepared under the historical cost convention, except for equity investments which have been measured at fair value. These consolidated financial statements are presented in Renminbi ("RMB"), which is also the functional currency of the Company and all values are rounded to the nearest thousand except when otherwise indicated.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries for the year ended 31 December 2022. A subsidiary is an entity, directly or indirectly, controlled by the Company. Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., it has power over the investee when the voting rights are sufficient to give it power).

When the Company has, directly or indirectly, less than a majority of the voting rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings

CHANGAN MINSHENG APLL LOGISTICS CO., LTD.

NOTES TO FINANCIAL STATEMENTS

31 December 2022

2.1 BASIS OF PREPARATION (CONTINUED)

Basis of consolidation (continued)

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control over the subsidiary, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above.

When the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest; and recognises (i) the fair value of the consideration received, (ii) the fair value of any interest retained and (iii) any resulting gain or loss in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or another category of equity, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities of the subsidiary.

2.2 CHANGES IN ACCOUNTING POLICIES

The Group has adopted the following amendments to HKFRSs for the first time for the preparation of the current year's consolidated financial statements.

Amendments to HKFRS 3
Amendments to HKFRS 16
Amendments to HKAS 16
Amendments to HKFRS 37
Amendments to HKFRSs

Reference to the Conceptual Framework
Covid-19-Related Rent Concession beyond 30 June 2021
Property, plant and Equipment - Proceeds before Intended Use
Onerous Contracts- Cost of Fulfilling a Contract
Annual Improvement to HKFRSs 2018-2020

The adoption of the above amendments to HKFRSs and disclosures set out in the consolidated financial statements does not have any significant impact to the results and financial position of the Group.

2.3 AMENDMENTS TO HKFRSs IN ISSUE BUT NOT YET EFFECTIVE

The Group has not applied the following amendments to HKFRSs, that have been issued but are not yet effective:

| | |
|--|--|
| HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17) | Insurance Contracts ¹ |
| Amendments to HKFRS 10 and HKAS 28 | Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ² |
| Amendments to HKAS 16 | Lease liabilities in a Sale and Leaseback ³ |
| Amendments to HKAS 1 | Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2021) ¹ |
| Amendments to HKAS 1 and HKFRS Practice Statement 2 | Disclosure of Accounting Policies ¹ |
| Amendments to HKAS 8 | Definition of Accounting Estimates ¹ |
| Amendments to HKAS 12 | Deferred Tax related to Assets and Liabilities arising from a Single Transaction ¹ |

¹ Effective for annual periods beginning on or after 1 January 2023

² Effective for annual periods beginning on or after a date to be determined

³ Effective for annual periods beginning on or after 1 January 2024

Except for the new and amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all other new and amendments to HKFRSs will have no material impact on the consolidated financial statements.

Amendments to HKAS 1 and HKFRS Practice Statement 2 Disclosure of Accounting Policies

HKAS 1 is amended to replace all instances of the term “significant accounting policies” with “material accounting policy information”. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The amendments also clarify that accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material. If an entity chooses to disclose immaterial accounting policy information, such information must not obscure material accounting policy information.

HKFRS Practice Statement 2 Making Materiality Judgements (the “Practice Statement”) is also amended to illustrate how an entity applies the “four-step materiality process” to accounting policy disclosures and to judge whether information about an accounting policy is material to its financial statements. Guidance and examples are added to the Practice Statement.

The application of the amendments is not expected to have significant impact on the financial position or performance of the Group but may affect the disclosures of the Group’s significant accounting policies.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments in an associate and a joint venture

An associate is an entity in which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decision about the relevant activities require the unanimous consent of the parties sharing control.

The Group's investments in an associate and a joint venture are stated in the consolidated statement of financial position at the Group's share of net assets under the equity method of accounting, less any impairment losses. The financial statements of associates and joint ventures used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances. The Group's share of the post-acquisition results and other comprehensive income of the associate and joint venture is included in the consolidated statement of profit or loss and consolidated statement of other comprehensive income, respectively. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the consolidated statement of changes in equity. Unrealised profits and losses resulting from transactions between the Group and its associate or joint venture are eliminated to the extent of the Group's interest in the associate or joint venture, except where unrealised losses provide evidence of an impairment of the assets transferred in which case they are recognised immediately in profit or loss. Goodwill arising from the acquisition of the associate or joint venture is included as part of the Group's investments in the associate or joint venture.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method. In all other cases, upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred is measured at the acquisition-date fair value which is the sum of the acquisition-date fair values of assets transferred by the Group, liabilities assumed by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For each business combination, the Group elects whether to initially measure the non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at fair value. Acquisition-related costs are expensed as incurred.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount of any non-controlling interests in the acquiree and any fair value of the Group's previously held equity interests in the acquiree over the net amount of the identifiable net assets acquired and liabilities assumed as at the acquisition date. If the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the Group's previously held equity interests in the acquiree, if any, is lower than the fair value of the net assets acquired and liabilities assumed, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

Impairment is determined by assessing the recoverable amount of the cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit (or group of cash-generating units) is less than the carrying amount, an impairment loss is recognised. An impairment loss recognised for goodwill is not reversed in a subsequent period.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurement

The Group measures its equity investment at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 Share-based Payment, leasing transactions that are accounted for in accordance with HKFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 Inventories or value in use in HKAS 36 Impairment of Assets.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the level of observability and significance of the input used in the valuation technique:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than inventories, deferred tax assets and financial assets), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or a cash-generating unit ("CGU")'s value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is recognised only if the carrying amount of an asset (or a CGU) exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a CGU) for which the estimates of future cash flows have not been adjusted. An impairment loss is charged to the consolidated statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

CHANGAN MINSHENG APLL LOGISTICS CO., LTD.

NOTES TO FINANCIAL STATEMENTS

31 December 2022

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets (continued)

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset (or a CGU) other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset (or a CGU), but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/ amortisation) had no impairment loss been recognised for the asset (or the CGU) in prior years. A reversal of such an impairment loss is credited to the consolidated statement of profit or loss in the period in which it arises.

Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of the parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Group are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) the entity and the Group are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property, plant and equipment and depreciation

Property, plant and equipment, other than construction in progress, are stated at cost less accumulated depreciation and any accumulated impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the consolidated statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful lives. The principal annual rates used for this purpose are as follows:

| Category | Useful lives | Residual Value |
|--------------------------------------|--------------|----------------|
| Buildings | 20-30 years | 3% |
| Plant, machinery and other equipment | 4-5 years | 3% |
| Leasehold improvement | 10-60 years | Nil |
| Office equipment | 4-8 years | 3% |
| Motor vehicles | 3-5 years | 3% |

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss on disposal or retirement recognised in the consolidated statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

Construction in progress represents buildings and equipments under construction, which is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction and capitalised borrowing costs on related borrowed funds during the period of construction. Construction in progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment properties

Investment properties are interests in land and buildings held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs.

Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and any accumulative impairment losses. Depreciation is calculated on the straight-line basis to write off the cost of the investment property to its residual value over its estimated useful life and after taking into account of their estimated residual value. The principal annual rate used for this purpose is as follows:

| Category | Useful lives | Residual value |
|--|--------------|----------------|
| Investment property – Commercial buildings | 20-30 years | 3% |

Subsequent expenditures is charged to the asset's carrying amount only when it is probable that the future economic benefits associated with the item will flow to the Group and the costs can be measured reliably; otherwise, the expenditures are recognised in the consolidated statement of profit or loss in the year in which they are incurred.

Any gains or losses (calculated as the net disposal proceeds and the carrying amount of the asset) on the retirement or disposal of an investment property are recognised in the consolidated statement of profit or loss in the year of the retirement or disposal.

Intangible assets (other than goodwill)

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is the fair value as at the date of acquisition. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic lives on a straight-line basis and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

(a) Software

Acquired software is capitalised on the basis of the costs incurred to acquire and bring to use the specific software. The software is amortised over its estimated useful life of 3 to 6 years.

The amount initially recognised for internally-developed software is the sum of the expenditure incurred from the date when the software first meets the recognition criteria as incurred in development activities or development phase as required in HKAS 38 Intangible Assets. Subsequent to initial recognition, internally-developed software is reported at cost less accumulated amortisation and accumulated impairment losses (if any), on the same basis as intangible assets that are acquired separately.

(b) Trademark and patent

Acquired trademark and patent are shown at historical cost. Trademark and patent have finite useful life and are carried at cost less accumulated amortisation. Amortisations are calculated using the straight-line method to allocate the cost of trademarks over their estimated useful lives of 3 years.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in consolidated statement of profit or loss when the asset is derecognised.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

At inception or on reassessment of a contract that contains a lease component and non-lease components, the Group adopts the practical expedient not to separate non-lease components and to account for the lease component and the associated non-lease components (e.g., property management services for leases of properties) as a single lease component.

(a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities initially recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

| Category | Useful lives |
|---------------------|----------------|
| Leasehold land | 30 to 50 years |
| Plant and machinery | 2 to 15 years |
| Motor vehicles | 2 to 4 years |
| Other equipment | 2 to 3 years |

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated from the commencement date to the end of the estimated useful life of the asset.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

(b) Lease liabilities

Lease liabilities are recognised at the commencement date of the lease at the present value of lease payments that are unpaid at that day and to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for termination of a lease, if the lease term reflects the Group exercising the option to terminate.

Group as a lessee (continued)

(b) Lease liabilities (continued)

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in lease payments (e.g., a change to future lease payments resulting from a change in an index or rate) or a change in assessment of an option to purchase the underlying asset.

The Group elected to present the lease liabilities separately in the consolidated statement of financial position.

(c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of property, machinery, motor vehicles and other equipment that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for leases of low-value assets to leases of office equipment that are considered to be of low value.

Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income is accounted for on a straight-line basis over the lease terms in the consolidated statement of profit or loss. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as expense over the lease term on the same basis as rental income.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments and other financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, and fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value, plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the statement of profit or loss when the asset is derecognised, modified or impaired.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments and other financial assets (continued)

Subsequent measurement (continued)

Financial assets at fair value through other comprehensive income (debt instruments)

For debt investments at fair value through other comprehensive income, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in other comprehensive income. Upon derecognition, the cumulative fair value change recognised in other comprehensive income is recycled to the statement of profit or loss.

Financial assets designated at fair value through other comprehensive income (equity investments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity investments designated at fair value through other comprehensive income when they meet the definition of equity under HKAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to the statement of profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income. Equity investments designated at fair value through other comprehensive income are not subject to impairment assessment.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of financial assets

The Group recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

General approach

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables which apply the simplified approach as detailed below.

- Stage 1** – Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2** – Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3** – Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of financial assets (continued)

Simplified approach

For trade receivables that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings, or payables, which are recognised initially at fair value, net of directly attributable transaction costs. After initial recognition, interest-bearing bank loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the consolidated statement of profit or loss.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the consolidated statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in, first-out basis and, in the case of work in progress and finished goods, comprises direct materials, direct labour and an appropriate proportion of overheads. Net realisable value represents the estimated selling prices less all estimated costs necessary to be incurred to make the sale.

Cash and cash equivalents

Cash flows, cash and cash equivalents comprise cash at banks and on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, which are not restricted as to use.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Provisions

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation by the Group, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future cash flows expected to be required to settle the obligation.

Income tax

Income tax comprises current and deferred tax.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the temporary differences arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit or loss nor taxable profit; and
- in respect of taxable temporary differences associated with investments in subsidiaries, the associate and joint venture, when the timing of the reversal of the temporary differences can be controlled by the Group and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, the associate and joint venture, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income tax (continued)

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if and only if the Group has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, which it is intended to compensate, are expensed.

Where the grant relates to an asset, the grant is recognised as a deferred income in the consolidated statement of financial position and is released to the consolidated statement of profit or loss over the expected useful life of the relevant asset by equal annual instalments.

Revenue recognition

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (continued)

Revenue from contracts with customers (continued)

(a) Sale of products

Revenue from the sale of products is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the products.

(b) Rendering of services

Revenue from the rendering of services includes rendering of transportation services for finished vehicles, supply chain management services for automobile components, raw materials and parts, and transportation services for non-automobile commodities, generally occur over a very short period of time and are recognized over time as we perform the services which have no significant difference as the completion date.

When another party is involved in providing goods or services to a customer, the Group determines whether the nature of its promise is a performance obligation to provide the specified goods or services itself (i.e. the Group is a principal) or to arrange for those goods or services to be provided by the other party (i.e. the Group is an agent). The Group is a principal if it controls the specified good or service before that good or service is transferred to a customer.

The Group is an agent if its performance obligation is to arrange for the provision of the specified good or service by another party. In this case, the Group does not control the specified good or service provided by another party before that good or service is transferred to the customer. When the Group acts as an agent, it recognises revenue in the amount of any fee or commission to which it expects to be entitled in exchange for arranging for the specified goods or services to be provided by the other party.

Other income

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

Contract liabilities

A contract liability is recognised when a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer).

2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pension schemes

The employees of the Group are required to participate in a central pension scheme operated by the local municipal government. The Group is required to contribute 14% to 20% of its payroll cost to the central pension scheme. The contributions are charged to the consolidated statement of profit or loss as they become payable in accordance with the rules of the central pension scheme.

Termination benefits

Termination benefits are recognised at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs involving the payment of termination benefits.

Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalised. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Dividends

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the note 11 to the consolidated financial statements.

Foreign currencies

These consolidated financial statements are presented in RMB, which is the Group's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective rates of exchange prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Share-based payments

Equity-settled share-based payment transactions

Equity-settled share-based payments to employees are measured at the fair value of the equity instruments at the grant date. The fair value of the equity-settled share-based payments determined at the grant date without taking into consideration all non-market vesting conditions is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share-based payments reserve). At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest based on assessment of all relevant non-market vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share-based payments reserve.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The selection of critical accounting policies, the judgements and other uncertainties affecting application of those policies and the sensitivity of reported results to changes in condition and assumptions are factors to be considered when reviewing these consolidated financial statements. The principal accounting policies are set forth in Note 2 above. The Group believes the following critical accounting policies involve the most significant judgements and estimates used in the preparation of these consolidated financial statements.

Provision for ECLs on trade receivables and due from related parties arising from the rendering of services and the sale of goods

The Group uses a provision matrix to calculate ECLs for trade receivables and due from related parties. The provision rates are based on aging of debtors for groupings of various debtors taking into consideration the Group's historical default rates and forward-looking information that is reasonable and supportable available without undue costs or effort.

The assessment of the correlation among historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables and amounts due from related parties is disclosed in notes 23 and 37 to the financial statements, respectively.

Impairment of non-financial assets (other than goodwill)

The Group assesses whether there are any indicators of impairment for all non-financial assets (including the right-of-use assets) at the end of each reporting period. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. An impairment exists when the carrying value of an asset or a cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The calculation of the fair value less costs of disposal is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

The recoverable amount is sensitive to the discount rate used in discounting the cash flow as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Deferred tax assets

Deferred tax assets are recognised for unused tax losses and deductible temporary differences to the extent that it is probable that taxable profits will be available against which the unused tax losses and the deductible temporary differences can be utilised. Estimation is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits, tax regulations, market or economic conditions. Further details are given in note 29 to the financial statements.

Fair value of an unlisted equity investment

The unlisted equity investment has been valued based on a market-based valuation technique as detailed in note 40 to the consolidated financial statements. The valuation requires the Group to determine the comparable public companies (peers) and select the price multiple. In addition, the Group makes estimates about the discount for illiquidity and size differences. Judgement and estimation are required in establishing the relevant valuation techniques and the relevant inputs thereof. Further details are included in note 20 to the consolidated financial statements.

During the year ended 31 December 2022, investment properties of RMB20,000 (2021: RMB541,000) were transferred to the Group to settle trade debts by a customer.

The Group's investment properties consist of 15 (2021: 15) commercial properties in the PRC. As at 31 December 2022, the total fair value of the investment properties was estimated to be approximately RMB45,985,000 (2021: RMB49,069,000). The fair values of all properties were above their carrying amounts except for four (2021: four) of which an impairment loss of RMB1,766,000 in aggregate (2021: RMB1,867,000) has been recognised. The valuation was performed by Chongqing Wanhe Real Estate Land Asset Appraisal Co., Ltd. (denotes an unofficial English translation of a Chinese name), an independent external qualified valuer engaged by the Group. Selection criteria including market knowledge, reputation, independence and whether professional standards are maintained are considered to appoint the external valuer. The valuation was determined based on market or income approach with reference to market prices and estimated future market rental of similar properties in the neighbourhood. The fair value measurement hierarchy of the investment properties requires certain significant unobservable inputs (Level 3).

The investment properties are leased to third parties under operating leases or held for rent or for capital appreciation.

15. LEASES

The Group as a lessee

The Group has lease contracts for various items of plant and machinery, motor vehicles and other equipment used in its operations. Lump sum payments were made upfront to acquire the leased land with lease periods of 30 to 50 years, and no ongoing payments will be made under the terms of these land leases. Leases of plant and machinery generally have lease terms between 2 and 15 years, while motor vehicles generally have lease terms between 2 and 4 years. Other equipment generally has lease terms less than 3 years and/or is individually of low value. Generally, the Group is restricted from assigning and subleasing the leased assets outside the Group.

15. LEASES (CONTINUED)

The Group as a lessor

The Group leases its investment properties (note 14) consisting of six (2021: six) commercial properties in the PRC under operating lease arrangements. The terms of the leases generally require the tenants to pay security deposits and provide for periodic rent adjustments according to the then prevailing market conditions. Rental income recognised by the Group during the year was RMB3,225,000 (2021: RMB3,563,000), details of which are included in note 5 to the financial statements.

At 31 December, the undiscounted lease payments receivable by the Group in future periods under non-cancellable operating leases with its tenants are as follows:

Impairment testing of goodwill

Goodwill acquired through business combinations is allocated to the following cash-generating units ("CGU") for impairment testing:

- Transportation services for finished vehicles; and
- Storage management services unit.

The recoverable amount of each CGU has been determined based on value-in-use calculations using cash flow projections based on financial budgets covering a five-year period approved by senior management. The following describes each key assumption on which management has based its cash flow projections to undertake impairment testing of goodwill:

Discount rate – The discount rate used is before tax and reflects specific risks relating to the relevant unit. The discount rate applied to the cash flow projections is 15.14% (2021: 13.8%).

Growth rate – The growth rate used to extrapolate the cash flows beyond the five-year period is 2.0% (2021 2.0%), which is based on the estimated growth rate of each unit, taking into account the industry growth rate, past experience and the medium or long term growth target.

Other key assumptions for the value in use calculation relate to the estimation of cash inflows/outflows which include budgeted revenue and gross margin, such estimation is based on the CGU's past performance and management's expectations for the market development.

The values assigned to the key assumptions on market conditions and the discount rate are consistent with external information sources. In the opinion of the Company's directors the recoverable amount is significantly above the carrying amount of the above units, any reasonably possible change in the key assumptions on which the recoverable amount is based would not cause the cash-generating unit's carrying amount to exceed its recoverable amount as at 31 December 2022.

| Less: Allowance for credit losses | (56,341) | (43,738) |
| | <u>1,648,974</u> | <u>1,188,978</u> |

The bills receivable was accepted by banks and other financial institutions including a related party of the Company in the PRC with sound credit rating, for guarantee payments and the default risk is considered to be minimal.

The Group's trading terms with its customers are mainly on credit. The credit period is generally three months for major customers. Each customer has a maximum credit limit. The Group seeks to maintain strict control over its outstanding receivables to minimise credit risk. Overdue balances are reviewed regularly by senior management. The Group does not hold any collateral or other credit enhancements over its trade receivable balances. Trade receivables are non-interest-bearing.

The Group's bills receivable were all aged within one year and were neither past due nor impaired.

As at 31 December 2022, with endorsed bills amounting to RMBNil (2021: RMB250,000) were pledged by the Group to secure bills payable (note 26).

An ageing analysis of the trade receivables as at the end of the reporting period, based on the invoice date and net of loss allowance, is as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|--------------------|------------------|-----------------|
| Less than 3 months | 952,505 | 491,757 |

23. TRADE AND BILLS RECEIVABLES (CONTINUED)

The movements in the loss allowance for impairment of trade receivables are as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|---|-----------------|-----------------|
| At beginning of year | 43,738 | 22,264 |
| Provision for impairment losses, net (note 6) | 12,603 | 21,474 |
| At end of year | <u>56,341</u> | <u>43,738</u> |

An impairment analysis is performed at each reporting date using a provision matrix to measure ECLs. The provision rates are based on days past due of customer with similar loss patterns. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written off if past due for more than one year and are not subject to enforcement activity.

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix:

| | Current | Past due | | | Total |

| Less: Allowance for credit losses | (3,694) | (1,413) |
| | <u>162,474</u> | <u>204,243</u> |

The movements in the allowance for credit losses of deposits and other receivables are as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|---|-----------------|-----------------|
| At beginning of year | 1,413 | 3,431 |
| Provision for/(reversal of) impairment losses, net (note 6) | 2,281 | (2,018) |
| At end of year | <u>3,694</u> | <u>1,413</u> |

Deposits and other receivables mainly represent deposits with suppliers or customers. Where applicable, an impairment analysis is performed at each reporting date by considering expected credit losses, which are estimated by applying a loss rate approach with reference to the historical loss record of the Group. The loss rate is adjusted to reflect the current conditions and forecasts of future economic conditions, as appropriate.

Note: Refer to the announcement made on 30 December 2022, the restricted bank balance represented the frozen bank balance by Chongqing Yubei District People's Court order. Details are set in note 43.

At the end of the reporting period, the cash and bank balances of the Group denominated in RMB amounted to RMB964,920,000 (2021: RMB955,872,000). RMB is not freely convertible into other currencies, however, under the PRC's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for other currencies through banks authorised to conduct foreign exchange business.

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short-term time deposit rates. The bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default.

Included in RMB975,747,000 (2021: RMB1,006,076,000), there was RMB199,582,000 (2021: RMB160,000,000) of Zhuangbei Finance which is a related party of the Group (note 37 to the consolidated financial statement).

29. DEFERRED TAX (CONTINUED)

For presentation purposes, certain deferred tax assets and liabilities have been offset in the consolidated statement of financial position. The following is an analysis of the deferred tax balances of the Group for financial reporting purposes:

| | 2022 RMB'000 | 2021 RMB'000 |
|--|-----------------|-----------------|
| Gross deferred tax assets recognised | 88,213 | 76,404 |
| Deferred tax liabilities on right-of-use assets recognised | (20,008) | (13,590) |
| Net deferred tax assets | 68,205 | 62,814 |

Deferred tax assets have not been recognised in respect of the following items:

| | 2022 RMB'000 | 2021 RMB'000 |
|----------------------------------|-----------------|-----------------|
| Tax losses | 107,916 | 146,094 |
| Deductible temporary differences | 84,038 | 2,811 |
| | 191,954 | 148,905 |

The above tax losses arising in the PRC will expire in one to five years for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of the above items as it is not considered probable that taxable profits will be available against which the above items can be utilised.

30. DEFERRED INCOME

| | 2022 RMB'000 | 2021 RMB'000 |
|--------------------------|-----------------|-----------------|
| <i>Government grants</i> | | |
| At 1 January | 11,519 | 15,532 |
| Released during the year | (2,212) | (4,013) |
| At 31 December | 9,307 | 11,519 |

Deferred income represents government grants received by the Group in respect of items of property, plant and equipment. The deferred income is released to profit or loss at the annual instalment to match with the expected useful lives of the relevant assets.

32. RESERVES

The amounts of the Group's reserves and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity on page 67 and 68 of the financial statements.

(a) Statutory reserves of the PRC subsidiaries

In accordance with the Company Law of the PRC and the respective articles of association of the Company and its subsidiaries, each of the Company and its PRC subsidiaries is required to allocate 10% of its profit after tax, as determined in accordance with PRC Generally Accepted Accounting Principles ("PRC GAAP"), to the statutory surplus reserve until such reserve reaches 50% of its registered capital.

(b) Safety fund surplus reserve

Pursuant to a Notice regarding Safety Production Expenditure jointly issued by the Ministry of Finance and the State Administration of Work Safety of the PRC, the Group is required to establish a safety fund surplus reserve. The safety fund can only be used to offset the specific reserve as and when they are incurred, including expenses related to safety protection facilities and equipment improvement and maintenance as well as safety production inspection, appraisal, consultation and training.

NOTES TO FINANCIAL STATEMENTS

31 December 2022

37. RELATED PARTY TRANSACTIONS (CONTINUED)

(c) As at 31 December 2022 and 2021, the related party balances were as follows: (continued)

Due from related parties: (continued)

(i) Balances from the rendering of services and the sale of goods

An ageing analysis of the amounts from the rendering of services and the sale of goods due from related parties as at the end of the reporting period, based on the invoice date and net of impairment losses, is as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|--------------------|-----------------|-----------------|
| Within 3 months | 737,284 | 458,180 |
| 3 to 6 months | 10,315 | 35,608 |
| 6 months to 1 year | 3,562 | 5,257 |
| 1 year to 2 years | 503 | - |
| 2 years to 3 years | 602 | - |
| 3 years to 4 years | 198 | - |
| | <u>752,464</u> | <u>499,045</u> |

The movements in the loss allowance for impairment of amounts due from the rendering of services and the sale of goods of related parties are as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|---|-----------------|-----------------|
| At 1 January | 43,499 | 66,620 |
| Impairment losses recognised/(reversed) | 2,176 | (23,121) |
| At 31 December | <u>45,675</u> | <u>43,499</u> |

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due of various customer with similar loss patterns. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, amounts due from related parties from the rendering of services and the sale of goods are written off if past due for more than one year and are not subject to enforcement activity.

NOTES TO FINANCIAL STATEMENTS

31 December 2022

37. RELATED PARTY TRANSACTIONS (CONTINUED)

(c) As at 31 December 2022 and 2021, the related party balances were as follows: (continued)

Due from related parties: (continued)

(i) Balances from the rendering of services and the sale of goods (continued)

Set out below is the information about the credit risk exposure on the Group's amounts due from related parties from the rendering of services and the sale of goods using a provision matrix:

| | Current | Past due | | | Total |
|----------------------------------|---------|--------------------|---------------|---------------|---------|
| | | Less than 3 months | 4 to 9 months | Over 9 months | |
| As at 31 December 2022 | | | | | |
| Expected credit loss rate | 3.02% | 19.57 % | 33.01% | 43.16% | 5.72% |
| Gross carrying amount (RMB'000) | 737,284 | 10,315 | 4,044 | 46,496 | 798,139 |
| Expected credit losses (RMB'000) | 22,255 | 2,019 | 1,335 | 20,066 | 45,675 |
| As at 31 December 2021 | | | | | |
| Expected credit loss rate | 3.40% | 15.30% | 35.58% | 47.75% | 1.30% |
| Gross carrying amount (RMB'000) | 458,180 | 35,608 | 6,641 | 42,115 | 542,544 |
| Expected credit losses (RMB'000) | 15,578 | 5,448 | 2,363 | 20,110 | 43,499 |

Receivables that were neither past due nor impaired relate to a number of related parties for whom there was no recent history of default.

Receivables that were past due but not impaired relate to a number of related parties that have a good track record with the Group. Based on past experience, the directors of the Company are of the opinion that no provision for impairment is necessary in respect of these balances as there has not been a significant change in credit quality and the balances are still considered fully recoverable.

(ii) Deposits, other receivables and other prepayments

| | 2022 RMB'000 | 2021 RMB'000 |
|---|-----------------|-----------------|
| Deposits, other receivables and other prepayments | 16,297 | 17,412 |
| Less: Impairment allowance | (72) | (1,368) |
| | <u>16,225</u> | <u>16,044</u> |

Deposits, other receivables and other prepayments mainly represent deposits with related parties. Where applicable, an impairment analysis is performed at each reporting date by considering ECLs, which are estimated by applying a loss rate approach with reference to the historical loss record of the Group. The loss rate is adjusted to reflect the current conditions and forecasts of future economic conditions, as appropriate. The loss rate applied as at 31 December 2022 ranged from 0% to 0.3% (2021: 0% to 8%).

Note: On 20 October 2020, the Company's subsidiary, Shenyang Changyou Supply Chain Co., Ltd. ("Shenyang Changyou"), entered into the Finance Lease Arrangement with China South Industries Financial Leasing Co., Ltd. ("Industries Leasing"). Under the Arrangement, (1) Industries Leasing acquired the tyre assembly production line from Shanghai Hofmann Machinery Equipment Co., Ltd. at the consideration of RMB83,888,000, which became the Leased Asset of Shenyang Changyou; Industries Leasing acquired the Automatic Storage & Retrieval System from Wuxi Lead Intelligent Equipment Co., Ltd. at the consideration of RMB20,880,000, which became the Leased Asset of Shenyang Changyou. (2) Shenyang Changyou rented the tyre subpackage production line and the AS/RS from Industries Leasing at a total rent of no more than RMB130,280,000 (with the annual interest rate of 5.3% and paid on a quarterly basis). The lease term is 60 months at most. Shenyang Changyou shall also pay a lump sum payment of contract security deposit in the sum of RMB4,190,720 and handling fee in the sum of RMB523,840. At the same time, Shenyang Changyou pledged the accounts receivable not exceeding 1.2 times of the total rent to Industries Leasing. Upon the expiration of the lease term, Shenyang Changyou has an option to purchase the tyre assembly production line and the AS/RS from Industries Leasing at the nominal consideration of RMB1 each. For details, please refer to the Company's announcement dated 20 October 2020 and the circular dated 14 December 2020. The Lease Asset is ready for use during the year ended 31 December 2022, the corresponding amounts of RMB95,136,000 and RMB87,908,000 were recognised as right-of-use assets and lease liabilities, respectively.

NOTES TO FINANCIAL STATEMENTS

31 December 2022

39. TRANSFERS OF FINANCIAL ASSETS

Financial assets that are derecognised in their entirety

As at 31 December 2022, the Group endorsed certain bills receivable accepted by banks in the PRC (the “Derecognised Bills”) to certain of its suppliers in order to settle the trade payable with a carrying amount in aggregate of RMB102,698,000 (2021: RMB42,746,000). The Derecognised Bills have a maturity from one to six months at the end of the reporting period. In accordance with the Law of Negotiable Instruments in the PRC, the holders of the Derecognised Bills have a right of recourse against the Group if the PRC banks default (the “Continuing Involvement”). In the opinion of the directors, the Group has transferred substantially all risks and rewards relating to the Derecognised Bills. Accordingly, it has derecognised the full carrying amounts of the Derecognised Bills and the associated trade payables. The maximum exposure to loss from the Group’s Continuing Involvement in the Derecognised Bills and the undiscounted cash flows to repurchase these Derecognised Bills is equal to their carrying amounts. In the opinion of the directors, the fair values of the Group’s Continuing Involvement in the Derecognised Bills are not significant.

During the year, the Group has not recognised any gain or loss on the date of transfer of the Derecognised Bills. No gains or losses were recognised from the Continuing Involvement, both during the year or cumulatively. The endorsement has been made evenly throughout the year.

40. FAIR VALUE AND FAIR VALUE HIERARCHY OF FINANCIAL INSTRUMENTS

Management has assessed that the fair values of cash and cash equivalents, pledged bank deposits, restricted bank balance, trade and bills receivables, trade and bills payables, financial assets included in other receivables, financial liabilities included in other payables, amounts due from/to related parties, and the interest-bearing bank and other loans approximate to their carrying amounts largely due to the short term maturities of these instruments.

The Group’s corporate finance team headed by the finance manager is responsible for determining the policies and procedures for the fair value measurement of financial instruments. The finance manager reports directly to the chief financial officer and the audit committee. At the end of each reporting period, the corporate finance team analyses the movements in the values of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the chief financial officer.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The fair value of an unlisted equity investment designated at fair value through other comprehensive income has been estimated using the comparable transaction method based on assumptions that are not supported by observable market prices or rates. The key ratio used in the computation of fair value is a price to book value (“P/B”) multiple at 1.03 (2021: 1.02). The key assumptions of using the P/B multiple under the comparable transaction method are 1) Zhuangbei Finance is a finance company and lack of comparable public companies; and 2) the P/B multiple matches Zhuangbei Finance’s income composition, which is consistent with the identified comparable samples in the comparable transactions. The directors believe that the estimated fair values resulting from the valuation technique, which are recorded in the consolidated statement of financial position, and the related changes in fair values, which are recorded in other comprehensive income, are reasonable, and that they were the most appropriate values at the end of the reporting period.

For the fair value of the unlisted equity investment at fair value through other comprehensive income, management has estimated the potential effect of using reasonably possible alternatives as inputs to the valuation model. The fair value measurement is positively correlated to the P/B ratio. As at 31 December 2022, it is estimated that with all other variables held constant, an increase/decrease in the P/B multiple by 10% would have increased/decreased the fair value by RMB7,200,000 (2021: RMB7,000,000).

NOTES TO FINANCIAL STATEMENTS

31 December 2022

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise interest-bearing bank and other loans, cash and short term deposits. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade and bills receivables, deposits and other receivables, trade and bills payables, other payables and accruals, and amounts due from/to related parties which arise directly from its operations.

It is, and has been throughout the year under review, the Group's policy that no trading in financial instruments shall be undertaken.

The main risks arising from the Group's financial instruments are interest rate risk, price risk foreign currency risk, credit risk and liquidity risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

Interest rate risk

The Group's fair value interest rate risk relates primarily to lease liabilities, interest-bearing bank and other loans and non-current amounts due to a related party (see Notes 15, 28 and 37(c) respectively).

The directors consider that the Group is not exposed to significant cash flow interest rate risk relating to bank deposits and balances, which are primarily short term in nature and basically carried at stable market interest rates.

The Group is mainly exposed to price risk through equity instrument measured at FVTOCI. The Directors do not implement specific measurements to mitigate the price risk. If the market price of equity instrument measured at FVTOCI increased or decreased by 10%, the Group would recognise additional gains or losses of RMB7,200,000 (2021: RMB7,000,000) respectively.

Foreign currency risk

The Group's principal businesses are located in the PRC and most of the transactions are conducted in RMB. During the years of 2022 and 2021, almost all of the Group's sales and costs were denominated in RMB, the Group's functional currency. Most of the Group's assets and liabilities are denominated in RMB, except for certain items with minimal amount of cash and bank equivalents that are denominated in US\$ and other currencies.

The Group does not consider that it has any significant exposure to the risk of fluctuation in the exchange rates between US\$, other currencies and RMB as a reasonable possible change of 5% in RMB against US\$ and other currencies would have no significant financial impact on the Group's profit.

Credit risk

The Group trades only with recognised and creditworthy related parties and third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances including amounts due from related parties are monitored on an ongoing basis and the Group's exposure to bad debts is not significant.

* For trade receivables and amounts due from related parties to which the Group applies the simplified approach for impairment, information based on the provision matrix is disclosed in notes 23 and 37 to the financial statements, respectively.

** The credit quality of the financial assets included in prepayments, other receivables and other assets is considered to be "normal" when they are not past due and there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. Otherwise, the credit quality of the financial assets is considered to be "doubtful".

Since the Group trades only with recognised and creditworthy related parties and third parties, there is no requirement for collateral. Concentrations of credit risk are managed by customer/counterparty. At the end of the reporting period, the Group had certain concentrations of credit risk as 21% (2021: 1%) and 46% (2021: 12%) of the Group's receivables arising from the rendering of services and the sale of goods (including trade receivables and amounts due from related parties) were due from the Group's largest customer and the five largest customers, respectively.

Further quantitative data in respect of the Group's exposure to credit risk arising from trade receivables and amounts due from related parties are disclosed in notes 23 and 37 to the financial statements, respectively.

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Liquidity risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the settlement from customers and the payment to vendors. Same as 2021, almost all the Group's debts would mature in less than one year as at 31 December 2022 based on the carrying value of loans reflected in the financial statements.

The maturity profile of the Group's financial liabilities as at the end of the reporting period, based on the contractual undiscounted payments, is as follows:

41. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to any externally imposed capital requirements.

The Group monitors capital using a gearing ratio which is net debt divided by the adjusted capital plus net debt. Net debt includes interest-bearing bank loan, amounts due to related parties, trade and bills payables and other payables and accruals, less cash and cash equivalents and pledged deposits. Capital represents equity attributable to owners of the Company. The gearing ratios as at the end of the reporting periods were as follows:

| | 2022 RMB'000 | 2021 RMB'000 |
|---|-----------------|-----------------|
| Trade and bills payables | 2,005,633 | 1,398,188 |

Statutory reserves

In accordance with the PRC Company Law, the Company and its subsidiaries are required to appropriate 10% of its annual statutory net profit, after offsetting any prior years' losses as determined under the PRC accounting standards, to the statutory surplus reserve before distributing the net profit to shareholders. When the balance of the statutory surplus reserve reaches 50% of a company's registered capital, any further appropriation is at the discretion of shareholders. The statutory surplus reserve can be used to offset prior years' losses, if any, and may be converted into share capital by issuing new shares to shareholders in proportion to their existing shareholding, provided that the remaining balance of the statutory surplus reserve after such issue is not less than 25% of registered capital.

As the balance of the statutory surplus reserve amounting to RMB85,867,000 reached 50% of the Company's registered capital, no amount was appropriated to the statutory surplus reserve from net profit for the year ended 31 December 2022 (2021: Nil).

As at 31 December 2022, in the opinion of the Directors, the reserves of the Company available for distribution to shareholders amounted to RMB1,604,847,000 (2021: RMB1,620,165,000).
