II. ANALYSIS OF THE COMPANY’S CORE COMPETITIVENESS DURING THE REPORTING PERIOD

During the course of its operations over the years, the Company has gradually built up its specific core competitiveness in the following seven aspects.

1. Service value chains and customer ecosystems with the focus on new quality productivity

The Group insisted on implementing national development strategies, followed the policy requirements of deepening the reform of the financial system and the regulatory approaches of “strengthened foundation and base and strict supervision and management (兩強兩嚴)”, deeply recognized the political and public nature of financial work, focused on the “five major aspects” of finance, firmly adhered to the essence of financial institutions of serving the real economy, and promoted the cultivation of new quality productivity, becoming a key practitioner of national strategies and a crucial explorer of financial reform. It vigorously integrated into the cycle of “technology-industry-finance”, focused on supporting technological innovation based on the STAR Market, enhanced the Haitong brand in semiconductor, high-end equipment, biopharmaceuticals and other innovative sectors with “hard technology” and developed market influence. It embraced the new trend of “green finance” and continuously explored financial service means in investment banking, financial leasing, asset management and other business sectors to facilitate “carbon peaking and carbon neutrality” and supported the development of green industries and green projects. The Group developed the ecosystems and value chains of master funds, participated in the establishment of national funds and industrial funds in the Yangtze River Delta and focused on advancing services in key areas and sectors such as Lingang New Area and leading industries in Shanghai. The Group leveraged on its professional strength, actively fulfilled the missions and undertakings as a state-owned financial enterprise, established open customer ecosystems with closed-loop service and value chains, delivering various innovation results and continuously providing key support for improving the competitive advantages and brand influence of the Company.

Section III REPORT OF THE BOARD OF DIRECTORS

2. Comprehensive financial service platform with full-featured layout

On the basis of its parent company's business, the Group has continuously expanded the scope of its financial products and services and extended the boundaries of financial services through establishing and acquiring professional subsidiaries. The Group has developed into a financial service conglomerate with businesses covering securities and futures brokerage, investment banking, proprietary trading, asset management, private equity investment, alternative investment, financial leasing and overseas banking. The Group's wealth management business continued to deepen its service capabilities and enhance the efficiency of resource integration. The investment banking business of the Group centered on the entire life cycle of science and innovation enterprises, leveraged the advantages of the integration of production and finance and the functions of the capital market, and focused on the key industry chain, actively laid out and focused on the development of integrated circuits and biomedicine industry, and ranked among the top in the industry. The assets under management (the "AUM") in terms of the types of products and the assets business of the Group increases steadily. The size and brand influence of the Group's private equity investment business has ranked top in the industry and its overseas business actively served national strategies including the "Belt and Road" initiative and the "Guangdong-Hong Kong-Macao Greater Bay Area" strategy. The financial leasing business of the Group consolidates and maintains the industry-leading position. The research services segment of the Group has strong market recognition. The Group adhered to the philosophy of "One Haitong" and deepened the synergy and linkage of "investment, financing, sponsorship and research" and wealth management business line, strengthened overall coordination, and effectively promoted business implementation. The Group's integrated financial platform has strong economies of scale and cross-selling potential, providing strong support for the business development and enabling the provision of comprehensive financing services to customers.

3. *Prevention measures to potential risks and the performance during the Reporting Period*

The risks faced by the Group in business operation activities mainly include: compliance risk, money laundering and terrorism financing risk, credit risk, market risk, operational risk, liquidity risk and reputational risk, which are detailed as follows:

(1) *Compliance risk*

Compliance risk refers to the risk that a securities and fund firm may be subject to legal liabilities or regulatory penalties, disciplinary actions, or incur property loss or reputation damage due to failure to comply with laws, regulations and rules as a result of the securities and fund firm or its staff's poor management or malpractices.

In accordance with the regulatory requirements of compliance management and in combination with the actual situation of the Company, the Company has established a scientifically reasonable organizational structure of compliance management and defined the compliance management positions of the following persons, including the Board, the Supervisory Committee, the principal in charge of operation management, chief compliance officer and other senior management. The compliance department, other internal control departments and the subordinate entities of the Company have well-defined roles and responsibilities, coordination and interaction. The Company has formulated the Management Measures for the Compliance of Haitong Securities Co., Ltd. 《海通證券股份有限公司合規管理辦法》 and relevant supporting systems, built a compliance management team, implemented strict compliance management through prior review, in-process monitoring, post-event examination, assessment and application of accountability. At the same time, The Company made more efforts in compliance education in a bid to foster the business environment of "Full Compliance and Active Compliance".

Section III REPORT OF THE BOARD OF DIRECTORS

During the Reporting Period, in addition to carrying out compliance review, compliance inspection, compliance monitoring and other basic compliance management in a steady and orderly manner, under the goal-oriented and problem-oriented approach, the Company made enhanced efforts in support for full implementation in key areas, enhanced the two-way integration of compliance and business, strengthened the Group's compliance management development, and actively fostered a compliance culture of full compliance, active compliance, on-going compliance and all-round compliance.

(2) *Money laundering and terrorism financing risk*

In accordance with the Guidelines for the Management of Money Laundering and Terrorism Financing Risk of Corporate Financial Institutions (Trial) 《法人金融機構洗錢和恐怖融資風險管理指引(試行)》, the Company formulated the Management Measures for Money Laundering and Terrorism Financing Risk of Haitong Securities Co., Ltd. 《海通證券股份有限公司洗錢和恐怖融資風險管理辦法》, and established and improved a sound anti-money laundering organizational framework under the Board, forming an anti-money laundering management system coordinated by the anti-money laundering leading group of the Company, led by the compliance department for organization and implementation, and implemented by relevant business departments and branches. The Company has developed an anti-money laundering management system consisting of the money laundering risk management system of the Group, basic anti-money laundering system of the Company and other supporting systems and operating procedures thereof. The Company formulated money laundering and terrorism financing risk management strategies of "taking risk prevention as its first priority" and adopted corresponding risk control measures based on different risk conditions in all business lines of the Company. It promoted the transmission of the money laundering risk management culture through trainings and publicity, created a sound atmosphere of the money laundering risk management culture and actively prevented money laundering and terrorism financing risk.

During the Reporting Period, the Company continued to improve the risk management mechanism for money laundering and terrorist financing, comprehensively advanced the publicity of the money laundering and terrorism financing risk management culture, and enhanced the money laundering and terrorist financing risk management of the Company. Firstly, it further strengthened the support of information technology for money laundering and terrorist financing risk management, made research on and optimized monitoring models, and made the monitoring and reporting more targeted and effective. Secondly, it strengthened the development of money laundering risk management culture, carried out special training on anti-money laundering, and improved the ability of front-line units to perform their duties in anti-money laundering. Thirdly, it actively fulfilled the obligation of anti-money laundering publicity, published publicity materials via the Company's WeChat official account, and organized publicity activities on the May 15 National Publicity Day for Combating Economic Crimes, so as to raise the awareness of the investors on the prevention of money laundering and terrorist financing risks.

Section III REPORT OF THE BOARD OF DIRECTORS

(3) *Credit risk*

Credit risk refers to the risk of loss that may arise as a result of failure by the borrower, counterparty or debt issuer to perform the stipulated financial obligations or any adverse change in their credit standing. At present, the credit risks exposed to the Group are mainly concentrated in trading finance business (such as securities margin trading, stock pledged repurchase, margin trading), credit bond trading and investment business, financial leasing business, over-the-counter derivatives business, etc.

In respect of trading finance business, the Group mainly manages and controls the credit risk through formulating and implementing various strict systems and measures on due diligence, internal credit rating, project evaluation, credit approval management, daily mark-to-market, limit monitoring, post-lending tracking, credit enhancement, liquidation execution, judicial recourse and provision making.

In respect of debenture transaction and investment business, the Group emphasizes diversified investment to control concentration risk. Investment subjects are mostly high credit rating assets. In credit risk management, the Group also keeps a close track of the operating conditions and credit rating changes of investment subjects, implements internal rating and standard credit management mechanism, and establishes and improves credit risk monitoring indicators such as debt issuers, industries and geographic concentration. During the post-investment monitoring process, the Group updates the internal rating of debt issuer and credit limit indexes in a timely manner in accordance with the changes in financial indicators, significant risk events and negative public opinion, etc., and dynamically adjusts trading strategies.

In respect of financial leasing business, the Group upholds its original mission of serving the real economy, and develops credit risk management policies according to the industry and customers equally-focused strategy. At the industry level, the Group dynamically tracks and assesses those risks according to the prosperity of the industry where financial leasing customers are operating, and correspondingly formulates relevant industry investment policies to control industry concentration risks. At the customer level, the Group mainly manages and controls customer credit risk through due diligence, internal rating, credit review, post-loan asset inspection, risk early warning and monitoring, and concentration limit control and other measures.

Section III REPORT OF THE BOARD OF DIRECTORS

In respect of OTC derivatives business, the Group establishes a sound regulation system and procedure covering areas including counterparties access and credit granting management, subject securities management, and risk responses and handling, and conducts daily mark-to-market evaluation throughout the term of OTC derivative transaction and manages counterparty credit risk by fully adopting measures such as net settlement and performance guarantee. Meanwhile, the Group pays attention to the correlation between credit risk and market risk, and takes necessary monitoring and countermeasures against credit risk in the context of market fluctuations, including but not limited to trading margin arrangement, counterparty internal rating and credit management, measurement of potential future risk exposure, identification of misdirection risk, etc.

The Group continued to improve its credit risk management system in accordance with industry regulatory policies, capital market conditions and the Group's business development strategies. During the Reporting Period, with reference to relevant policies such as the credit risk management measures, the Group fully carried out the credit risk identification, assessment, measurement, monitoring, reporting and response work focusing on the same client and the same business. Firstly, relying on the construction results of the Group's intelligent warning center, the Group developed a credit risk warning management system, comprehensively promoted the application of warning working mechanism in the whole Group, implemented and improved the risk monitoring before, during and after the business to empower its business development and enhance its risk warning and prediction ability. Secondly, leveraging the Group's T+1 risk data mart, the Group continuously optimized the credit risk management system, improved the internal rating system, enhanced its risk identification, measurement and stress testing capabilities, and improved the credit risk limit system from multiple dimensions such as asset quality, risk offset and concentration risk. Thirdly, the Group adhered to the work idea of moving forward the risk management threshold, comprehensively revised the credit rating management measures for corporate customers, and continued to strengthen the forward-looking, timely and standardized degree of credit risk assessment. During the Reporting Period, the Group's core credit risk monitoring indicators were stable, and the overall credit risk was controllable.

For the three financing businesses, the Company proactively optimized the business structure, prudently evaluated new projects, strengthened the tracking, monitoring and management of existing projects, intensified recovery efforts for existing risky projects, and prudently and forwardly made provision for credit impairment to ensure adequate risk provision. As at the end of the Reporting Period, the average performance guarantee ratio of our customers in margin financing and securities lending business was 251.01%, the average performance guarantee ratio of our customers in securities repurchase transaction business was 288.24%, and the average performance guarantee ratio of our customers in stock pledged repo business was 207.01%. The collaterals provided by the borrowers were sufficient, and the overall credit risk was controllable.

Section III REPORT OF THE BOARD OF DIRECTORS

(4) *Market risk*

Market risk refers to the risk of losses of the Group's self-owned funds investment related business due to adverse changes in market prices. The market risk mainly includes stock price risk, interest rate risk, exchange rate risk and commodity price risk.

For the stock price risk, the businesses of the Group with such risk mainly include equity securities proprietary business, market-making business and OTC derivatives business, etc. With high uncertainties, stock price risk is one of the major market risks that the Group faces. The Group closely monitors the price fluctuation of relevant assets and has adopted relevant preventive measures, which means that, it monitors and controls those risks through tracking any variation in investment scale and value-at-risk ("**VaR**") of securities positions on a daily basis. By implementing diversified investment strategies, the Group properly controlled and timely adjusted total investment amounts of various securities, and managed the market risk effectively by combining the use of various hedging instruments.

For the interest rate risk, the businesses of the Group with such risk mainly include bond investment business and interest rate derivatives business. The Group managed interest rate risk by employing methods such as size control and investment portfolio re-balancing to achieve a reasonable allocation of assets, to match the maturities of liabilities and assets and by evaluating interest rate risk through regular measurement of indicators such as duration, convexity and DV01 of investment portfolios.

For the exchange rate risk, under the complex and volatile overseas market, the Group continued to monitor and study the latest developments in the foreign exchange market, constantly optimized system construction and internal management, and took various measures, including hedging transactions, to hedge and mitigate exchange rate risks exposure. The Group focused on matching foreign currency assets and liabilities to control the foreign exchange risk exposure.

For the commodity price risk, the Group's relevant risk exposure is relatively low and is hedged and managed mainly by commodity derivatives such as commodity futures and options.

Section III REPORT OF THE BOARD OF DIRECTORS

Save as the above-mentioned risk factors, overseas investment and transaction businesses conducted by the Group are also exposed to relevant market risks. Fluctuations of each element of market risk around the world may affect the overall profit or loss of the Group. During the Reporting Period, under the relevant requirements of the Group's market risk management measures, the Company continuously sped up the implementation of the procedures of market risk identification, assessment, measurement, monitoring, response and reporting at the Group level, and included the investment and transaction businesses of subsidiaries into the overall market risk management system. In terms of investment and transaction businesses conducted by the subsidiaries of the Group, the Group managed and controlled those risks by setting and assigning market risk limit indicators such as VaR limit and stop loss limit, and the Group tracked and supervised its subsidiaries on their market risk profile and the implementation of risk limits based on the Group's T+1 risk data mart, the Group's market risk management system, risk reporting and other instruments or means.

The Group measures and controls market risks arising from various investment and transaction businesses through a VaR-based quantitative indicator system for market risks. VaR refers to the maximum possible loss arising from an investment portfolio due to market fluctuations in a specific forward-looking period in the future at a certain level of confidence, which is the main indicator to measure market risks. The specific measurement parameters of the Group's VaR model are confidence level of 95% and forward-looking period of 1 day. The measurement of the model covers various financial assets and derivatives such as equity, interest rates and foreign exchange held at the Group level. The Group continuously monitors and evaluates the effectiveness of the VaR model by back testing and other means, and continuously improves the VaR model as required by business development and risk management. In addition, the Group has established a stress test management mechanism as an important supplement to the VaR model. By constructing various historical scenarios and simulation scenarios as well as the corresponding stress test transmission mechanism, the Group can measure the extreme losses that the investment and transaction businesses may face, and assess whether the losses are tolerable. During the Reporting Period, the ratio of the Company's VaR to its net assets at the end of each month and the ratio of the Group's VaR to its net assets both were kept under 0.2% and the market risk was controllable and acceptable.

Section III REPORT OF THE BOARD OF DIRECTORS

(5) *Operational risk*

Operational risk refers to the risk associated with losses arising from the defects of the internal processes, mis-operation or misconduct of staff, information system defects or breakdown, and external factors. Operational risk runs through all aspects of the business development and daily operation process, and may lead to legal risk, compliance risk, reputational risk and other risks. Based on the operational risk management measures and other systems, the Group leveraged on various risk management tools (including risk and control self-assessment, key risk indicators and loss data collection) to carry out the identification, assessment, monitoring, and report of operational risk. The Group conducted annual self-assessment of risk and control and special self-assessment of risk and control in accordance with the regulatory requirements and the new business and products development. The Group established the key risk indicators system covering the main departments and subsidiaries of the Group, and carried out monitoring of key risk indicators. The Group collected information on operational risk events within the Group, monitored the occurrence and development of risk events, checked and analyzed the problems revealed from risk events in a timely manner and formulated corresponding rectifications. During the Reporting Period, in accordance with the Guidelines on Operational Risk Management for Securities Companies issued by the Securities Association of China, the Group continued to improve the construction of the operational risk management system, further promoted the optimization of the mechanism and process of the Group's operational risk management, and improved the application effectiveness of operational risk management tools.

Information technology risks refer to the risks that arise from carrying out securities and funds business with the assistance of information technologies due to natural factors, human factors, technical vulnerability or management deficiency. The Group was continuously strengthening the construction of the information technology management system, continuously improving the network and information security incident emergency plan, monitoring and managing the information technology related conditions of system operation, system establishment, information security, technology management, etc. by carrying out regular drills, adopting regular or irregular monitoring, special inspections and other methods, to prevent information technology risks. During the Reporting Period, the Group continued to strengthen the construction, operation and maintenance of its information technology systems and conducted regular and irregular inspections and maintenance in strict accordance with the operational procedures to ensure the reliability, stability and safe operation of the systems.

Section III REPORT OF THE BOARD OF DIRECTORS

(6) *Liquidity risk*

Liquidity risk refers to the risk that the Company is unable to gain sufficient funds with reasonable cost in a timely manner to pay its due debts, satisfy other payment obligations and meet the requirements for carrying out normal business operations. The Company is easily affected by the factors including macro policy, changes in market, operation conditions and client credit profile during its operations. Meanwhile, liquidity risk may also result from unmatched asset-liability structure.

In respect of daily liquidity risk management, in accordance with the requirements of risk appetite and limits, the Company has always ensured that the liquidity risk exposure is measurable, controllable and tolerable through reasonable monitoring and control measures. The Company reserved sufficient quality liquidity assets to guarantee the business development and the repayment of matured liabilities of the Company. The Company managed daily liquidity and risk indicators, built a linkage system of capital and indicator combining with assets and liabilities, and improved the liquidity risk analysis framework including daily indicator position follow-up, monthly indicator forward-looking analysis, and department indicator breakdown, which enriched tools of liquidity risk management over different periods of time, and enhanced the efficiency of the Company's management and forecast of liquidity risk.

In terms of mid-term and long-term liquidity risk management, the Company continued to optimize its asset allocation structure, intensified its analysis on the development trend of assets and liabilities and controlled over liquidity risk from the source. On the one hand, the Company set up the Assets and Liabilities Allocation Committee to proactively carry out asset and liability management and adjust its liability maturity mix by timely analyzing business development trend and potential need for mid-term and long-term funds, in order to ensure a reasonable match of assets and liabilities in terms of the maturity and scale. On the other hand, the Company continued to enhance the level of liquidity refined management to ensure more reasonable liability structure and distribution of maturities, whilst maintaining a balance among asset safety, liquidity and profitability. During the Reporting Period, the Company put emphasis on maintaining good relationships with major commercial banks, emphasized regulated operations, maintained good reputation, and kept financing channels open.

Furthermore, the Company has steadily implemented its requirements on liquidity risk management for the Group and its subsidiaries. Under the guidance of the Group's liquidity risk management measures, the Company developed scientific and effective liquidity risk management strategies as per the business characteristics of each subsidiary, which basically realized the unified management of liquidity risk across the Group. Firstly, with the aim to guide the improvement of subsidiaries' liquidity risk management systems, the Company continued to implement classified management of subsidiaries in terms of risk

Section III REPORT OF THE BOARD OF DIRECTORS

and asset-liability management, etc. on the basis of liquidity risk management and with different requirements proposed from three aspects: organizational system guarantee, risk control framework and risk response measures. Secondly, the Company implemented limit management requirements for the subsidiaries based on the consolidation of the liquidity risk indicators and the industry, location and risk features of the subsidiaries, to monitor the liquidity risk actuality of each subsidiary more effectively. Lastly, to strengthen the Group's capability to handle liquidity risks, the Company continued to improve the support system for the Group's liquidity, and safeguarded the Group against any liquidity risk.

During the Reporting Period, facing the change in market environment and internal capital demand of the Company, the Company actively planned on the basis of different areas to continuously strengthen the control over liquidity risk via prior risk identification, in-process risk mitigation and post-event improvement. The Company carried out market evaluation, grasped the timing of low interest rates to increase capital reserves through bond issuance and renew all due liabilities in a timely manner, which reduced the likelihood of the occurrence of liquidity risk and ensured its capability of stable operations in a complex market environment. During the Reporting Period, the daily average liquidity coverage ratio of the core liquidity monitoring indicators of the Company was 344.57% while the daily average Net Stabilized Funding Ratio ("**NSFR**") was 148.86%, both of which exceeded the regulatory requirement and pre-warning standard.

(7) *Reputational risk*

Reputational risk refers to the risk of negative comments to the Company by investors, issuers, regulators, self-regulatory organizations, the public and the media due to the Company's acts or external events, as well as violations of integrity regulations, professional ethics, business norms, and industry rules and regulations by its employees, which may damage the Company's brand value, adversely affect the normal operation of the Company, and even affect market stability and social stability. The Group continued to enhance the forward-looking and proactive management of public opinions, continuously met the requirements of the regulatory authorities on systematic management of reputational risk, and strengthened the synergy efficiency of the parent company and subsidiaries in China and overseas through measures such as revising the system, enhancing awareness, improving the process, and uniting the team. It established publicity channels in Mainland China and Hong Kong to take the initiative in publicity based on the operating highlights, which can create a favorable public opinion environment for the Group's development. In response to a small number of negative public opinion reports, by strictly following the basic principles of full-process, all-staff, prevention first, prudent management, and rapid response, the Company made scientific judgments, made sufficient preparations, took the initiative to respond, promptly grasped the trend of public opinions. It maintained healthy communication with mainstream media, properly guided the public opinions, and protected the brand image of the Group. During the Reporting Period, the Group maintained a healthy environment of public opinions.

DESCRIPTION OF PROPOSAL ON PROFIT DISTRIBUTION OR CONVERSION OF CAPITAL RESERVE FUNDS INTO CAPITAL

The net profit attributable to owners of the parent company in the consolidated financial statements (unaudited) of the Company from January to June 2024 was RMB953,097,368.84 and the net profit of the parent company from January to June 2024 was RMB3,235,664,772.32.

According to relevant requirements, gains from changes in fair value may not be used for cash distribution, and after considering such impact, the profits of the Company available for cash distribution from January to June 2024 were RMB1,091,086,327.87, and the profits available for distribution of the parent company at the end of June 2024 were RMB36,622,356,278.95.

Section IV CORPORATE GOVERNANCE

Taking into account the interests of shareholders, the development of the Company and other factors, it is proposed that the Company's 2024 interim profit distribution proposal be as follows:

1. The Company will declare cash dividend for the interim profit distribution for 2024, and a cash dividend of RMB0.3 (inclusive of tax) for every 10 shares will be distributed based on the total share capital of the Company as registered on the record date for the 2024 interim dividend distribution excluding the shares in the special stock account for share repurchase of the Company. On the basis of 12,987,125,533 shares, which is calculated based on the total share capital of 13,064,200,000 shares of the Company as at the date of the Board meeting considering the 2024 interim profit distribution plan deducting 77,074,467 shares in the special stock account for share repurchase of the Company, the total cash dividends amount to RMB389,613,765.99, representing 40.88% of the net profit attributable to the shareholders of the parent company on a consolidated basis from January to June 2024. The Company has implemented repurchases of A Shares amounting to RMB303,053,231.80 (excluding transaction costs) through centralized price bidding based on cash consideration from January to June 2024, and the total amount of cash dividends and repurchases is RMB692,666,997.79, representing 72.68% of the net profit attributable to the shareholders of the parent company on a consolidated basis from January to June 2024.

In the event that the total share capital of the Company (excluding the shares in the special stock account for share repurchase) changes after the date of this meeting of the Board and prior to the record date for the distribution, the Company intends to keep the dividend rate unchanged and adjust the total distribution amount accordingly. The retained profit available for distribution to investors after this cash dividend distribution will be carried forward to the next period.

2. Cash dividends are denominated and declared in Renminbi and payable in Renminbi to A shareholders of the Company and in HK dollars to H shareholders of the Company. The actual amounts distributed in HK dollars shall be converted based on the average benchmark exchange rates for Renminbi to HK dollars as announced by the People's Bank of China for the five business days prior to the date of this meeting of the Board.

In accordance with the relevant authorization of the Company's 2023 Annual General Meeting for the 2024 interim profit distribution, such profit distribution proposal shall be not required to be submitted to the general meeting for consideration. The Company will distribute 2024 interim cash dividends within two months from the date of this meeting of the Board.

Section IV CORPORATE GOVERNANCE

The Board wishes to inform the Shareholders that details of the payment of the interim dividend for 2024 are as follows:

The interim cash dividend for the six months ended 30 June 2024 of RMB0.30 (inclusive of tax) for every 10 shares (the “**Interim Dividend**”) will be paid to the holders of H Shares on Friday, 18 October 2024. The register of members of H Shares will be closed from Friday, 13 September 2024 to Thursday, 19 September 2024 (both days inclusive), during which time no transfer of H Shares will be effected. In order to qualify for receiving the Interim Dividend, holders of H Shares should ensure that the relevant H Share certificates, accompanied by all transfer documents, are lodged with the Company’s H Share Registrar, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen’s Road East, Wanchai, Hong Kong, before 4:30 p.m. on Thursday, 12 September 2024. Holders of H Shares whose names appear on the register of members of the H Shares on Thursday, 19 September 2024 (the “**Record Date**”) are entitled to receive the Interim Dividend.

According to the Articles of Association, dividends shall be denominated and declared in Renminbi. The dividends payable to holders of A Shares shall be paid in Renminbi and dividends payable to holders of H Shares shall be paid in Hong Kong dollars. The actual amount of H Share dividends paid in Hong Kong dollars is converted based on the average benchmark exchange rate for Renminbi to Hong Kong dollars as announced by the People’s Bank of China for the five business days prior to 29 August 2024, being the date of the Board meeting, (i.e. RMB0.913678 against HK\$1.00), being a cash dividend of HK\$0.328343 (inclusive of tax) for every 10 H Shares.

Pursuant to the Notice of the PRC State Administration of Taxation on Issues Concerning Individual Income Tax Collection and Management after the Repeal of Guo Shui Fa [1993] No. 045 (Guo Shui Han [2011] No. 348) 《國家稅務總局關於國稅發[1993]045號文件廢止後有關個人所得稅徵管問題的通知》(國稅函[2011]348號)), dividends received by overseas resident individual shareholders from stocks issued by domestic non-foreign invested enterprises in Hong Kong are subject to the payment of individual income tax according to the items of “interest, dividend and bonus income”, which shall be withheld by the withholding agents in accordance with the relevant laws. The overseas resident individual shareholders who hold stocks issued by domestic non-foreign invested enterprises in Hong Kong are entitled to relevant preferential tax treatment pursuant to the provisions in the tax agreements signed between the countries where they are residents and China or the tax arrangements between Mainland China and Hong Kong (Macau). The tax rate for dividends under the relevant tax agreements and tax arrangements is generally 10%. For the purpose of simplifying tax administration, domestic non-foreign invested enterprises issuing shares in Hong Kong may, when distributing dividend, generally withhold individual income tax at the rate of 10%, and they are not obligated to file an application. If the tax rate for dividend is not equal to 10%, the following provisions shall apply: (1) for residents from countries under tax agreements to be entitled to tax rates lower than 10%, the withholding agents may file applications on their behalf to seek entitlement to the relevant agreed preferential treatments, and upon review and approval by the tax authorities, over withheld tax amounts will be refunded; (2) for residents from countries under tax agreements to be entitled to tax rates higher than 10% but lower than 20%, the withholding agents will withhold the individual income tax at the agreed-upon effective tax rate when distributing dividend (bonus), and are not obligated to file an application; (3) for residents from countries without tax agreements or are under other situations, the withholding agents will withhold the individual income tax at a tax rate of 20% when distributing dividends.

Section IV CORPORATE GOVERNANCE

Pursuant to the Notice of the State Administration of Taxation on Issues Concerning Withholding Enterprise Income Tax on Dividends Paid by Chinese Resident Enterprises to Overseas Non-resident Enterprise Holders of H Shares (Guo Shui Han [2008] No. 897) 《關於中國居民企業向境外H股非居民企業股東派發股息代扣代繳企業所得稅有關問題的通知》(國稅函[2008]897號)), a PRC resident enterprise, when distributing dividends for 2008 and for the years afterwards to H shareholders who are overseas non-resident enterprises, shall be subject to enterprise income tax withheld at a uniform rate of 10%.

The Company will withhold and pay the relevant income tax strictly in accordance with the relevant laws or requirements of the relevant government departments and strictly based on the Company's register of members of H Shares on the Record Date. The Company assumes no liability whatsoever in respect of and will not entertain any claims arising from any delay in, or inaccurate determination of, the status of the Shareholders or any disputes over the mechanism of withholding arrangement. The Company has appointed Bank of China (Hong Kong) Trustees Limited to receive on behalf of holders of H Share all dividends declared in respect of H Shares.

The Company will announce separately on the website of the Shanghai Stock Exchange other details of the arrangement regarding the distribution of the Interim Dividend to holders of A Shares.

For investors of the Shanghai Stock Exchange (including enterprises and individuals) investing in the H Shares of the Company listed on the Hong Kong Stock Exchange, the Shanghai Branch of China Securities Depository and Clearing Corporation Limited, as the nominee of the holders of H Shares through the Shanghai-Hong Kong Stock Connect, will receive the cash dividends distributed by the Company and distribute the cash dividends to the relevant investors of H Shares through the Shanghai-Hong Kong Stock Connect through its depository and clearing system.

The cash dividends for the investors of H Shares through the Shanghai-Hong Kong Stock Connect will be paid in Renminbi. Pursuant to the relevant requirements of the Notice on the Tax Policies Related to the Pilot Program of the Shanghai-Hong Kong Stock Connect (Cai Shui [2014] No. 81) 《關於滬港股票市場交易互聯互通機制試點有關稅收政策的通知》(財稅[2014]81號)), for dividends received by individual investors in Mainland China from investing in H shares listed on the Hong Kong Stock Exchange through the Shanghai-Hong Kong Stock Connect, the company of such H shares shall withhold and pay individual income tax at a rate of 20% on behalf of the individual investors. For dividends received by securities investment funds in Mainland China from investing in H shares listed on the Hong Kong Stock Exchange through the Shanghai-Hong Kong Stock Connect, the tax payable shall be the same as that for individual investors. The company of such H shares will not withhold or pay the income tax on dividends for enterprise investors in Mainland China and those enterprise investors shall declare and pay the relevant tax themselves.

Section IV CORPORATE GOVERNANCE

Profit Distribution for Investors in Mainland China Investing in H Shares of the Company through the Shenzhen-Hong Kong Stock Connect

For investors of the Shenzhen Stock Exchange (including enterprises and individuals) investing in the H Shares of the Company listed on the Hong Kong Stock Exchange, the Shenzhen Branch of China Securities Depository and Clearing Corporation Limited, as the nominee of the holders of H Shares through the Shenzhen-Hong Kong Stock Connect, will receive the cash dividends distributed by the Company and distribute the cash dividends to the relevant investors of H Shares through the Shenzhen-Hong Kong Stock Connect through its depository and clearing system.

The cash dividends for the investors of H Shares through the Shenzhen-Hong Kong Stock Connect will be paid in Renminbi. Pursuant to the relevant requirements of the Notice on the Tax Policies Related to the Pilot Program of the Shenzhen-Hong Kong Stock Connect (Cai Shui [2016] No. 127) (《關於深港股票市場交易互聯互通機制試點有關稅收政策的通知》(財稅[2016]127號)), for dividends received by individual investors in Mainland China from investing in H shares listed on the Hong Kong Stock Exchange through the Shenzhen-Hong Kong Stock Connect, the company of such H shares shall withhold and pay individual income tax at a rate of 20% on behalf of the individual investors. For dividends received by securities investment funds in Mainland China from investing in H shares listed on the Hong Kong Stock Exchange through the Shenzhen-Hong Kong Stock Connect, the tax payable shall be the same as that for individual investors. The company of such H shares will not withhold or pay the income tax on dividends for enterprise investors in Mainland China and those enterprise investors shall declare and pay the relevant tax themselves.

The record date and the date of distribution of cash dividends and other time arrangements for the investors through the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Stock Connect are consistent with those for the H Shareholders of the Company.

Profit Distribution for Investors of Northbound Trading of the Shanghai-Hong Kong Stock Connect

For investors of the Hong Kong Stock Exchange (including enterprises and individuals) investing in the A Shares of the Company listed on the Shanghai Stock Exchange (the “**Investors of Northbound Trading**”), their Interim Dividend will be distributed in Renminbi by the Company through the Shanghai Branch of China Securities Depository and Clearing Corporation Limited to the account of the nominee holding such A Shares. The Company will withhold and pay income tax at a rate of 10% on behalf of those investors and will declare the withholding to the tax authorities. For the Investors of Northbound Trading who are tax residents of other countries and whose country of domicile is a country which has entered into a tax treaty with the PRC stipulating a dividend tax rate of lower than 10%, those enterprises or individuals may, or may entrust a withholding agent to, apply to the competent tax authorities of the Company for the preferential treatment under such tax agreement. Upon approval by the competent tax authorities, the paid amount in excess of the tax payable based on the tax rate according to such tax agreement will be refunded.

The record date, the ex-entitlement date, the payment date of the Interim Dividend and other time arrangements for the Investors of Northbound Trading are consistent with those for A Shareholders of the Company.

Adhering to the concept of green development, the Company advanced the construction of green data centers, promoted and carried out a series of energy saving and consumption reduction measures, which included further deployment of photovoltaic equipment, construction of AI energy-saving refrigeration tuning and optimization platform, realization of the overall intelligent lighting environment of the server room building, continuous optimization of the air distribution of the server room, pilot application of green equipment, the first deployment and application of water-saving devices, pilot operation of distribution inspection robots, etc. Compared to the same period of the previous year, the IT energy consumption increased by approximately 55%, and the power energy consumption decreased by approximately 20%. In June 2024, the 2023 National Green Data Center List was officially released on the website of the Ministry of Industry and Information Technology, in which the Zhangjiang Data Center of the Company was successfully included, becoming the first securities company on the list. During the Reporting Period, the total energy consumption of the Company's headquarters building at the South Bund, Zhangjiang High-tech Park and Guangdong Road building decreased by approximately 2,434,000 kWh period-on-period.

II. DETAILS ON CONSOLIDATING AND EXPANDING THE ACHIEVEMENTS OF POVERTY ALLEVIATION, RURAL REVITALIZATION AND OTHER WORK

In the first half of 2024, the Company continued to carry out the poverty relief through "One Company to One County (一司一縣)" and "Hundred Enterprises in Support of Hundred Villages (百企幫百村)" paired-up assistance to help consolidate the results of shaking off poverty in Xichou County in Yunnan, Yecheng County in Xinjiang, Ningdu County in Jiangxi, and Lixin County and Shucheng County in Anhui. It actively carried out assistance programs in Yunnan, Xinjiang, Tibet and Qinghai and solidly offered comprehensive assistance to the rural areas in Shanghai and paired-up assistance through partnering with urban and rural Party organizations. It strove to solve practical issues of the public in the regions it supported and continuously supported the national strategy of rural revitalization.

Section V ENVIRONMENTAL AND SOCIAL RESPONSIBILITIES

(I) Implementing paired-up assistance and promoting rural revitalization with various measures

Centering on project development, the Company relied on its branches to continuously strengthen communication and exchange with paired counties such as Xichou in Yunnan, Yecheng in Xinjiang, Ningdu in Jiangxi, and Lixin and Shucheng in Anhui, and continued to facilitate their economic and social development. The Company focused on the assisted areas to carry out public welfare assistance projects. For example, focusing on 12 primary and secondary schools in Xichou in Yunnan, Yecheng in Xinjiang, Ningdu in Jiangxi, and Lixin and Shucheng in Anhui, the Company carried out the “Haitong • Love Health” public welfare program, and donated sports and fitness equipment to support the sports education for the local youth. By focusing on financial assistance, intellectual assistance and industrial assistance, the Company carried out the “Financial Lecture Hall” public welfare activities in Ningdu, Jiangxi, and organized financial trainings for relevant entities directly under the county, state-owned enterprises under the county, private enterprises, etc., the lectures were given by closely focusing on the current economic and social trends, taking into account the specialty industries in Ningdu and centered on the analysis of new energy battery industry and development opportunities in Ningdu, the current condition of the domestic bond market, and regional cooperation to empower regional economic development, and increased efforts in capital investment to optimize the layout of industrial funds, so as to contribute its wisdom and strength to promote local economic development.

(II) Persisting in financial empowerment and injecting development momentum into rural revitalization

The Company actively leveraged its professional capabilities and advantages in resources integration to help enterprises in the regions it supported and assisted standardize corporate governance and improve the financing conditions. It assisted CGN Wind Power in successfully issuing long-term carbon neutrality green technology innovation and rural revitalization corporate bonds, with a total issuance scale of RMB3 billion. The Company also assisted Karamay City Construction Investment and Development Co., Ltd. in issuing the first tranche of 2024 ultra-short-term financing bonds, with an issuance scale of RMB500 million. In addition, its subsidiary Haitong Futures continued to explore the “insurance + futures” financial assistance model. For example, it invested RMB0.405 million in public welfare funds to carry out the apple orchard “insurance + futures” rural revitalization project in Lixian County, Gansu Province, to help farmers avoid the risk of apple price fluctuations and safeguard their returns. In addition, the Company actively promoted assistance through consumption. Relying on trade unions at all levels and property logistics, the Company purchased specialty agricultural products from Inner Mongolia, Heilongjiang, Fujian and other areas. Instead of donation, the Company boosted consumption by encouraging purchases of products from local farmers, thus increasing their income.

Section V ENVIRONMENTAL AND SOCIAL RESPONSIBILITIES

(III) Improving the public welfare system and conveying the public welfare concept of “Love in Haitong”

Adhering to the guidance of the “Love in Haitong” party building public welfare brand, the Company extensively rallies the power of love, and contributes to rural revitalization with charity and public welfare. **First**, the Company properly carried out the management and operation of Shanghai Love in Haitong Public Welfare Foundation, (the “**Foundation**”). In accordance with the work requirements of the Shanghai Civil Affairs Bureau, we properly performed annual inspection and annual reporting, continued to optimize the internal systems of the Foundation, continued to enhance the disclosure of the Foundation’s charity work-related information, and comprehensively consolidated the management foundation of the Foundation. **Second**, the Company strengthened the building of the volunteer team, established the Haitong Securities “Love in Haitong” volunteer service team at the beginning of the year, and set up more than 20 sub-teams to further coordinate the volunteer forces of all parties and assemble a more professional and coordinated volunteer team. **Third**, the Company faithfully implemented the list of public welfare programs under “Love in Haitong”. The Company continued to promote the “Haitong • Love Health” brand public welfare program, and donated sports supplies to 35 primary and secondary schools in Xinjiang, Tibet, Yunnan, Qinghai, Jiangxi, Anhui, Henan, Pudong and other places to contribute to the development of Healthy China. In particular, at the 2024 “Attracting Tourists to Karamay” and Shanghai-Karamay Air Travel Promotion Event hosted by the Karamay Municipal Government and the Shanghai Aid to Karamay Front-line Command Office, the Karamay Fitness Public Welfare Program under the “Haitong • Love Health” was selected as one of the top 10 cooperation and linkage projects in Shanghai-Karamay Cultural Tourism and Transportation in 2024. The Company was also invited to participate in the “2023 Beautiful Tibet Education Assistance Certificate Banner Granting Ceremony” and symposium hosted by Shanghai United Media Group and Shanghai Publicity Newsletter (上海宣傳通訊), and shared the results of the “Love in Haitong • Beautiful Tibet” public welfare program with the Shanghai Tibet Aid Cadre Talent Liaison Group and the Shanghai Charity Foundation, so as to further publicize the public welfare story of “Love in Haitong”. In addition, all subsidiaries and branches actively carried out the themed activity of “Love in Haitong Volunteer Pioneer”, and carried out voluntary public welfare and donation assistance actions centering on public welfare investor education, low-carbon and environmental protection and community services, demonstrating the joint force in public welfare activities under “Love in Haitong”.

Section V ENVIRONMENTAL AND SOCIAL RESPONSIBILITIES

(IV) Participating in comprehensive assistance, and proactively carrying out comprehensive rural assistance and paired-up assistance of urban and rural Party organizations

The Company actively attended the Shanghai Work Conference on Rural Comprehensive Assistance and Paired-up Assistance, and properly carried out the paired-up assistance work of the Company in Chongming District in accordance with the relevant arrangements. The Company further strengthened the working mechanism of support and comfort, and reached out to people in difficulty during the holiday season, visited the Company's paired-up villages through partnering with urban and rural Party organizations, and carried out pairing and co-development and visit and caring activities, so as to contribute to the revitalization of local villages. In addition, the Company actively carried out intellectual support by designating an officer to serve as the first secretary of Weimin Village in Pudong, and the designated village officer helped local agricultural products branding, to enhance agricultural output value and the level of the industry, as well as effectively drive the development of the local collective economy.

In the future, the Company will continue to resolutely implement the major decisions and arrangements of the CPC Central Committee on rural revitalization, earnestly fulfil the responsibilities and missions as a state-owned financial enterprise, and make greater contributions to the rural revitalization strategy. First, the Company will further deepen the working mechanism on paired-up assistance, continuously optimize the assistance model with finance, industry, intelligence, consumption and public welfare based on the new stage of development. It will continue to boost paired-up regions in achieving development of higher quality with more targeted assistance measures. Second, the Company will continue to leverage its professional advantages and innovatively adopt multi-layered financing models in the capital market, accurately meet the financing demands of enterprises in areas under support and provide multi-channel, multi-variety and all-round financial services to areas under support. Third, it will constantly improve the "Four Ones" public welfare system. Under the guidance of the public welfare concept of "Love in Haitong", it will rely on the Shanghai Love in Haitong Public Welfare Foundation as a platform to build the volunteer team of "Love in Haitong", extensively rally the power of love and enrich and expand the annual public welfare program list of "Love in Haitong", actively contribute to rural revitalization so as to continuously promote the "Love in Haitong" CSR brand.

From January to February 2024, the CSRC Shanghai Bureau issued the Decision on Ordering Haitong Securities Co., Ltd. to Take Corrective Measures (Hu Zheng Jian Jue [2024] No. 17) 《關於對海通證券股份有限公司採取責令改正措施的決定》(滬證監決[2024]17號)) and other regulatory letters, which found that the Company had inadequate compliance management and risk management over its overseas subsidiaries, inadequate internal controls over OTC options business, and unsound risk indicator systems related to OTC derivatives business, ordered the Company to take corrective measures and impose punishment on relevant personnel, and took regulatory talk measures against the relevant then senior managers in charge of such matters. After receiving the aforesaid regulatory letters, the Company attached great importance to them, and initiated internal accountability procedures on relevant personnel at the earliest possible time, profoundly reviewed the deficiencies in business control, implemented relevant rectifications in all respects to ensure all business processes are in strict compliance with laws, regulations and self-discipline guidelines.

In April 2024, the CSRC issued the Administrative Penalty Decision ([2024] No. 45) 《行政處罰決定書》([2024]45號)), to order Haitong Securities to make rectification, confiscate illegal gains of Haitong Securities of RMB789,445.21 and impose a fine of RMB6,975,000 on Haitong Securities. The penalty decision found that the Company subscribed for the shares under the non-public issuance of CNNC Hua Yuan Titanium Dioxide Co., Ltd. in its own name in accordance with the quotation instructions of CITIC Securities Co., Ltd., which objectively assisted CITIC Securities Co., Ltd. and its customers in obtaining gains from the shares, making the arbitrage behavior of private placement happen. For details, please refer to the announcements dated 12 April 2024, 19 April 2024 and 30 April 2024. The Company attached great importance to it and made rectification in a timely manner, strengthened due diligence on customers and verification of transaction purposes, refined suitability management requirements and work processes, and effectively performed its duty of care.

In April 2024, the CSRC Guangdong Bureau issued the Decision on Ordering Haitong Securities Co., Ltd. to Take Corrective Measures ([2024] No. 36) 《關於對海通證券股份有限公司採取責令改正監管措施的決定》([2024]36號)), to order the Company take corrective measures. The letter found that the Company had insufficient due diligence on certain matters in the bond underwriting business of Gree Real Estate Co., Ltd. After receiving the regulatory letter, the Company attached great importance to it and made rectification in a timely manner, strengthened the study of regulatory documents, revised the bond financing business system and guidelines, raised the due diligence standards on the projects and effectively enhanced its practicing level.

In April 2024, the CSRC Xinjiang Bureau issued the Decision on Taking Warning Letter Measures against the Urumqi Youhao North Road Securities Business Department of Haitong Securities Co., Ltd. and Miao Miao ([2024] No. 9) 《關於對海通證券股份有限公司烏魯木齊友好北路證券營業部、苗苗採取出具警示函措施的決定》([2024]9號)), to take warning letter measures against the Urumqi Youhao North Road Securities Business Department and Miao Miao. The regulatory letter found that the securities business department offered convenience for the use of the customers' relevant securities accounts by others, and that the Company failed to reassess the customers' risk tolerance in a timely manner, and provided financing renewal services that did not align with the investor's risk tolerance at that time. After receiving the regulatory letter, the Company attached great importance to it, and urged the securities business department to make rectification immediately, strengthened training on compliance, supervised the performance of duties by its employees in a diligent and responsible manner, enhanced its practicing level, and refined and enhanced customer identity verification procedures.

In April 2024, the CSRC Shanghai Bureau issued the Decision on Ordering Haitong Securities Co., Ltd. to Take Corrective Measures (Hu Zheng Jian Jue [2024] No. 180) 《(關於對海通證券股份有限公司採取責令改正措施的決定》(滬證監決[2024]180號)) and other regulatory letters, which found that the Company failed to prudently assess the risks associated with certain subjects of stock pledges and the use of proceeds, failed to prudently conduct return swap transactions, and had inadequate risk control procedures for certain risk bond investments and that the investment subjects of certain private equity funds in which an alternative investment subsidiary of the Company invested were beyond the business scope of such subsidiary, ordered the Company to take corrective measures, and took regulatory talk measures against the relevant then senior managers in charge of such matters. After receiving the aforesaid regulatory letters, the Company attached great importance to them and made rectification in a timely manner, enhanced the Company's internal control management, and intensified the Group's integrated control measures to ensure the effective implementation of the rectification requirements.

9. Haitong UT Capital, a subsidiary of the Company, signed the Deed of Guarantee on 27 April 2022 to provide a joint and several liability guarantee for the issue of a bond with an amount of USD200 million which will be due and repayable in April 2025 by its overseas wholly-owned subsidiary Haitong UT Brilliant Limited.

Notes: During the Reporting Period, Haitong International (a subsidiary of the Company) provided guarantee to banks for the business development of its subsidiaries, with a guarantee limit of RMB8,392,092,600 in total based on the RMB central parity rates published by the China Foreign Exchange Trade System on 28 June 2024 of HKD1 to RMB0.91268. As at the end of the Reporting Period, the guarantee balance of the loan actually drawn was RMB60 million.

During the Reporting Period, Haitong International (a subsidiary of the Company) and its subsidiaries provided guarantees to ensure the transactions of their subsidiaries under a number of agreements such as the International Swaps and Derivatives Association agreements (ISDA), the Global Master Repurchase agreements (GMRA), the Global Master Securities Lending agreements (GMSLA). Some were unlimited guarantees. The above-mentioned unlimited guarantees have been issued in accordance with normal practices in the international banking industry and capital market, to ensure the normal development of related business. Meanwhile, in view of the fact that the guarantors are companies with limited liabilities, the substantive limit of such guarantees was restricted to the net asset value of the guarantors, and its issuance purpose and risk attributes was different from those of debt financing guarantee.

3 Other material contracts

During the Reporting Period, the Company had no other disclosable material contracts which were not disclosed.

1. GENERAL INFORMATION

Haitong Securities Co., Ltd. (the “Company”) was transformed from Shanghai Haitong Securities Company (上海海通證券公司), which was established in 1988, to a limited liability company upon the authorisation by the People’s Bank of China in September 1994 and changed its name to 海通證券有限公司. In December 2001, the Company was further transformed to a joint-stock company upon the approval from China Securities Regulatory Commission (the “CSRC”). In January 2002, the Company changed its name from 海通證券有限公司 to Haitong Securities Co., Ltd. (海通證券股份有限公司). In June 2007, the Company’s merger with former Shanghai Urban Agro-Business Co., Ltd. (上海市都市農商社股份有限公司) was approved by the CSRC, and was listed on the Shanghai Stock Exchange in July in the same year. After its listing, its name was changed to “Haitong Securities”. On 27 April 2012, the Company issued H shares which were listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Hong Kong Stock Exchange”).

The address of the Company’s registered office is Haitong Securities Building, No. 689 Guangdong Road, Shanghai, China, while the address of the Company’s headquarter is Haitong Bund Finance Plaza, No. 888 South Zhongshan Road, Huangpu District, Shanghai, China.

The Company is principally engaged in securities brokerage; securities proprietary trading; securities underwriting and sponsorship; securities investment consulting; financial advisory services relating to securities trading and investment activities; direct investment; securities investment fund consignment; provision of intermediary introduction business for the futures companies; margin financing and securities lending; agency sale of financial products; the stock options market making; other businesses approved by the CSRC. In addition, the Company is permitted to set up subsidiaries that are engaged in outbound investments including investments in financial products (activities subject to approval as required by laws shall be conducted upon approval by relevant authorities).

The condensed consolidated financial information is presented in Renminbi (“RMB”), which is also the functional currency of the Company.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES

The condensed consolidated financial information of the Group has been prepared in accordance with International Accounting Standards (“IAS”) 34, “Interim Financial Reporting” issued by the International Accounting Standards Board (“IASB”) as well as the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited.

The condensed consolidated financial information has been prepared on the historical cost basis except for certain financial instruments, which are measured at fair value, as appropriate.

The Group adopted the going concern basis in preparing its condensed consolidated financial information.

The condensed consolidated financial information does not include all the notes of the type normally include in an annual financial statement. Accordingly, it should be read in conjunction with the annual financial statements for the year ended 31 December 2023, which have been prepared in accordance with International Financial Reporting Standards (“IFRS Accounting Standards”) issued by IASB, and any public announcement made by the Company during the interim reporting period.

Other than additional accounting policies resulting from application of amendments to IFRS Accounting Standards, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 June 2024 are the same as those presented in the Group’s annual financial statements for the year ended 31 December 2023.

2. BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

Application of amendments to IFRS Accounting Standards

In the current interim period, the Group has applied the following amendments to IFRS Accounting Standards issued by the IASB, for the first time, which are mandatorily effective for the Group's annual period beginning on or after 1 January 2024 for the preparation of the Group's condensed consolidated financial statements:

Amendments to IFRS 16	Lease Liability in a Sale and Leaseback
Amendments to IAS 1	Classification of Liabilities as Current or Non-current
Amendments to IAS 1	Non-current Liabilities with Covenants
Amendments to IAS 7 and IFRS 7	Supplier Finance Arrangements

The application of the amendments to IFRS Accounting Standards in the current interim period has had no material impact on the Group's financial positions and performance for the current and prior periods and/or on the disclosures set out in these condensed consolidated financial statements.

Critical accounting estimates and judgements

The Group continually evaluates the significant accounting estimates and judgements applied based on historical experience and other factors, including reasonable expectations of future events. The critical accounting estimates and key assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are consistent with these policies applied in preparing the financial statements for the year ended 31 December 2023.

3. SEGMENT REPORTING

Information reported to the chief operating decision maker (the "CODM"), being the board of directors of the Company, for the purposes of resource allocation and assessment of segment performance focuses on the nature of products sold and services provided by the Group, which is also consistent with the Group's basis of organisation, whereby the businesses are organised and managed separately as individual strategic business units that offers different products and serves different markets. The Group's business segments are classified in accordance with the requirements of IFRS Accounting Standards, and are based on the internal organisation structure, management requirements and internal reporting system. The reporting segments are determined based on business segments. A business segment is a component of the Group with all the following conditions satisfied: (1) such component is able to generate revenue and expenses in the ordinary course of the Group; (2) CODM periodically evaluates the operating results of these reporting segments to make decisions about resources to be allocated to the segments and assess their performance; (3) the Group has access to such component's accounting information including financial position, operating results and cash flows. If two or more business segments have similar economic characteristics or a similar business model, they may be combined as one business segment. Based on its strategic planning and internal management requirements, the Group determines six business segments: wealth management, investment banking, asset management, trading and institution, finance lease and others. Classification of reporting segments is consistent with that of business segments.

3. SEGMENT REPORTING (continued)

Segment information is measured in accordance with the accounting policies and measurement criteria adopted by each segment when reporting to CODM, which are consistent with the accounting and measurement criteria in the preparation of the condensed consolidated financial information.

Specifically, the Group's operating segments are as follows:

- (1) Wealth Management Segment engages in provision of a full range of financial services and investment solutions to retail and high net-worth clients. Services provided include brokering and dealing in securities and futures, investment consulting, wealth management as well as financial services such as margin financing, security lending, stock pledge, etc.;
- (2) Investment Banking Segment engages in provision of sponsoring and underwriting services to enterprises and government clients for their fund raising activities in equity and debt capital markets, and also engages in provision financial consulting services for enterprises for their corporate actions such as merger and assets restructuring services as well as provision of services related to the National Equities Exchange and Quotations;
- (3) Asset Management Segment engages in provision of investment management services on diversified and comprehensive investment products including asset management, fund management, and private equity management to individual, corporate and institutional clients;
- (4) Trading and Institution Segment engages in provision of stock sales and trading, prime brokerage, stock lending, and stock research in financial markets across the world to global institutional clients, and also engages in provision of market-making services for fixed income, currency and commodity products, futures and options, and derivatives on major exchanges around the world;
- (5) Finance Lease Segment engages in provision of innovative financial solutions, including finance lease, operating lease, factoring, entrustment loans and relevant consulting to individuals, enterprises and government clients;
- (6) Others Segment engages in provision of other comprehensive financial and information services to institutional clients, including warehouse receipts pledge service, etc.

Segment profit/loss represents the profit earned by/loss measured by each segment without allocation of income tax expenses. This is the measure reported to CODM for the purposes of resource allocation and performance assessment.

Asset management fee income (including fund management fee income)	871,475	959,640
Financial advisory and consultancy fee income	197,368	188,618
Others	38,309	47,126
	4,941,756	6,462,063

The major business types of commission and fee income from customers are as follows:

(1) Brokerage

The Group provides broking, dealing and handling services for securities and futures. Commission income is recognised at a point in time on the execution date of the trades at a certain percentage of the transaction value of the trades executed.

(2) Investment Banking

The Group provides placing, underwriting or sub-underwriting services to customers for their fund raising activities in equity and debt capital markets, and also structured products arrangement services. Revenue is recognised at a point in time when the relevant placing, underwriting, sub-underwriting or structured products arrangement activities are completed. The Group also provides sponsoring services to clients for their fund raising activities and corporate advisory services to corporate clients for their corporate actions. The Group considers that all the services promised in a particular contract of being a sponsor or corporate advisor are interdependent and interrelated and should therefore be accounted for as a single performance obligation.

(3) Asset management

The Group provides asset management and investment advisory services on diversified and comprehensive investment products to customers. The customers simultaneously receive and consumes the benefit provided by the Group, hence the revenue is recognised as a performance obligation satisfied over time. Asset management fee income is charged at a fixed percentage per month of the net asset value of the managed accounts under management of the Group. The Group is also entitled to a performance fee when there is a positive performance for the relevant performance period and it is recognised at the end of the relevant performance period, when it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and when the uncertainty associated with the variable consideration is subsequently resolved.

As at 30 June 2024, the Group's most contracts with customers have original expected duration of less than one year.

Lease liabilities (continued)

The Group leases various land and buildings, electronic equipment, transportation equipment and others for its operations. Most lease contracts are entered into for terms from 1 year to 40 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

For the period ended 30 June 2024, total cash outflow for leases amounts to RMB239,747 thousand (For the period ended 30 June 2023: RMB227,310 thousand).

For the period ended 30 June 2024, interest expenses for lease liabilities amounts to RMB20,752 thousand (For the period ended 30 June 2023: RMB23,633 thousand).

As at 30 June 2024, the lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

As at 30 June 2024, the Group did not enter into any significant lease that is not yet commenced.

26. FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS (continued)

Notes:

- (i) As at 30 June 2024, financial assets at fair value through profit or loss of RMB46,243 million (31 December 2023: RMB64,197 million) were collateralized for repurchase arrangements, refinancing, securities lending and derivatives contracts.
- (ii) The restricted financial assets at fair value through profit or loss with a legally enforceable restriction that prevents the Group to dispose of within a specified period amounted to approximately RMB1,486 million as at 30 June 2024 (31 December 2023: RMB3,494 million). The fair value of these financial assets has considered the relevant features such including selling restrictions.
- (iii) For financial assets in connection with structured products with remaining maturities over one year, they are classified as non-current assets as they are not expected to be settled within one year.

Bank balances and cash comprise of cash on hand and deposits which bear interest at the prevailing market rates.

Notes:

- (i) The Group received and held cash deposited by clients in the course of the conduct of the regulated activities. The Group has recognised the corresponding amount in accounts payable to brokerage clients (Note 44). The Group did not have a legally enforceable right to offset these payables and clients' deposits.
- (ii) The non-current restricted bank deposits include risk reserves and margin deposits over one year.

33. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise of the following:

	30 June 2024 (Unaudited)	31 December 2023 (Audited)

Less: Allowance for ECL	(3,587,849)	(3,462,130)
	63,944,096	68,418,208
Analysed for reporting purpose as:		
Current assets	63,944,096	68,418,208

Note:

The credit facility limits for margin clients are determined by the discounted market value of the collateral securities accepted by the Group.

The majority of the loans to margin clients, which are secured by the underlying pledged securities, are interest bearing. The Group maintains a list of approved stocks for margin lending at a specified loan to collateral ratio. Any excess in the lending ratio will trigger a margin call which the customers have to make up the shortfall.

Loans to margin clients as at 30 June 2024 were secured by the customers' securities to the Group as collateral with undiscounted market value of approximately RMB171,809,026 thousand (31 December 2023: RMB211,658,319 thousand).

As at 30 June 2024, cash collateral received from clients for securities lending and margin financing arrangement, included in the Group's accounts payable to brokerage clients amounted to approximately RMB4,694,502 thousand (31 December 2023: RMB6,816,255 thousand).

The directors of the Company are of the opinion that the aging analysis does not give additional value in view of the nature of the business. As a result, no aging analysis is disclosed. The Group determines the allowance for impaired debts based on the evaluation of collectability and management's judgment including the assessment of change in credit quality, collateral and the past collection history of each client. The concentration of credit risk is limited due to the customer base being large and unrelated.

Sales and repurchase agreements are transactions in which the Group sells a security and simultaneously agrees to repurchase it (or an asset that is substantially the same) at a fixed price on a future date. Since the repurchase prices are fixed, the Group is still exposed to substantially all the credit risks and market risks and rewards of those securities sold. These securities are not derecognised from the financial statements but regarded as “collateral” for the liabilities because the Group retains substantially all the risks and rewards of these securities.

The following tables provide a summary of carrying amounts or fair values related to transferred financial assets of the Group and the associated liabilities:

As at 30 June 2024

	Financial assets at fair value through profit or loss	Debt instruments at fair value through other comprehensive income	Debt instruments measured at amortised cost	Financial assets held under resale agreements	Others	Total

55. RESERVES AND RETAINED EARNINGS (continued)

(c) General reserves

The general reserves comprise statutory reserve, general risk reserve and transaction risk reserve.

Pursuant to the Company Law of the PRC, 10% of the net profit of the Company, as determined under the PRC accounting regulations and before distribution to shareholders, is required to be transferred to a statutory reserve until such time when this reserve represents 50% of the share capital of the Company. The reserve appropriated can be used for loss-covering, expansion of production scale and capitalisation, in accordance with the Company's articles of association or approved by the shareholders in a shareholders' general meeting.

In accordance with the Financial Rules for Financial Enterprises, the Company is required to appropriate 10% of net profit derived in accordance with the relevant accounting rules in the PRC before distribution to shareholders as general risk reserve from retained earnings.

In accordance with the requirements of Provisional Measures on Supervision and Administration of Risk Provision of Public Offering of Securities Investment Funds (Order of the CSRC No. 94) issued on 24 September 2013, the Group appropriates 10% of fund management fee to the general risk reserve.

Pursuant to the Securities Law of the PRC, the Company is required to appropriate 10% of the net profit derived in accordance with the relevant accounting rules in the PRC before distribution to shareholders as transaction risk reserve from retained earnings and cannot be distributed or transferred to share capital.

(d) Retained earnings

In accordance with the relevant regulations, the distributable profits of the Company is deemed to be the lower of (i) the retained earnings determined in accordance with PRC GAAP and (ii) the retained earnings determined in accordance with IFRS Accounting Standards.

56. CREDIT COMMITMENTS

	30 June 2024 (Unaudited)	31 December 2023 (Audited)
Contingent Liabilities:		
– Guarantees and standby letters of credit income	1,063,696	1,082,706
Commitments:		
– Irrevocable credit commitments	577,464	592,350

Guarantees and standby letters of credits are banking operations that may imply out-flow by the Group only at default condition.

Irrevocable commitments represent contractual agreements to extend credit to the Haitong Bank's customers (e.g. unused credit lines). These agreements are, generally, contracted for fixed periods of time or with other expiration requisites, and usually require the payment of a commission. Substantially, all credit commitments require that clients maintain certain conditions verified at the time when the credit was granted.

(Expressed in thousands of Renminbi, unless otherwise stated)

61. INTERESTS IN CONSOLIDATED STRUCTURED ENTITIES

The Group had consolidated certain structured entities including asset management products. For the asset management products where the Group acts as manager or invested in, the Group assesses whether the combination of investments it held, if any, together with its remuneration and other interests creates exposure to variability of returns from the activities of the asset management products that is of such significance that it indicates that the Group is a principal.

The financial impact of these asset management products on the Group's financial position as at 30 June 2024 and 31 December 2023, and the results and cash flows for the six months ended 30 June 2024 and the year ended 2023, though consolidated, are not individually significant to the Group. Therefore, the financial information of these consolidated structured entities is not disclosed individually.

As at 30 June 2024, the aggregated assets of all consolidated structured entities directly held by the Group amounted to RMB50,847,631 thousand (31 December 2023: RMB57,960,317 thousand). As at 30 June 2024, interests in all consolidated structured entities directly held by the Group amounted to fair value of RMB44,931,493 thousand (31 December 2023: RMB50,450,512 thousand). As at 30 June 2024 and 31 December 2023, the Group does not held interests in the subordinated tranche of structured products.

62. INTEREST IN UNCONSOLIDATED STRUCTURED ENTITIES

Except for the structured entities the Group has consolidated as detailed in Note 61, in the opinion of the directors of the Company, the variable returns the Group exposed to over the structured entities that the Group acts as manager are not significant or does not have power over them. Therefore, the Group did not consolidate these structured entities.

As at 30 June 2024, the carrying amount of unconsolidated structured entities in which the Group acted as investment manager and held financial interests (excluding those classified as investments in associates) and its maximum exposure to loss in relation to those interests amounted to RMB8,571,094 thousand (31 December 2023: RMB5,443,534 thousand). For the six months ended 30 June 2024, total management income from all structured entities in which the Group acted as investment manager is RMB845,491 thousand (for the six months ended 30 June 2023: RMB799,614 thousand).

In addition to those interests in unconsolidated structured entities managed by the Group as disclosed above, the Group also has interests in unconsolidated structured entities in which the Group did not act as investment manager. The total maximum exposure to loss in relation to the Group's interests in structured products is close to their respective carrying amounts.

64. FINANCIAL RISK MANAGEMENT

The Group’s major financial instruments include equity instruments and debt instruments at fair value through other comprehensive income, debt instruments measured at amortised cost, financial instruments at fair value through profit or loss, derivative instruments, financial assets held under resale agreements, other loans and receivables, loans and advances, advances to customers on margin financing, accounts receivable, other receivables, placements to banks and other financial institutions, deposits with exchanges, clearing settlement funds, restricted bank deposits, bank balances and cash, receivables arising from sale and leaseback arrangements, borrowings, short-term financing bills payables, bonds payable, financial assets sold under repurchase agreements, accounts payable to brokerage clients and other payables and accruals. Details of the financial instruments are disclosed in respective notes. The risks associated with these financial instruments and finance lease receivables include market risk (price risk, currency risk and interest rate risk), credit risk and liquidity risk. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

During the six months ended 30 June 2024, there has been no material changes in the risk management policies. The condensed consolidated financial information does not include all financial risk management information and disclosure and should be read in conjunction with the consolidated financial statements for the year ended 31 December 2023.

65. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Some of the Group's financial assets and liabilities are measured at fair value for financial reporting purposes. The board of directors of the Group has set up certain process to determine the appropriate valuation techniques and inputs for fair value measurements. The appropriateness of the process and the determination of fair value are reviewed by the board of directors periodically.

65.1 Financial instruments not measured at fair value

The table below summarises the carrying amounts and expected fair values with obvious variances of those financial assets and liabilities not presented on the Group's consolidated statement of financial position at their fair values.

	As at 30 June 2024 (Unaudited)		As at 31 December 2023 (Audited)	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Debt instruments at amortised cost	4,712,994	4,644,757	6,797,780	6,712,823
Financial liabilities				
Non-convertible bonds payable	189,450,771	191,357,425	193,920,280	194,829,867

The fair values of the financial assets and financial liabilities included in the level 2 categories above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Except for the above, the directors of the Group consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the Group's statements of financial position approximate their fair values.

65.2 Financial instruments measured at fair value on a recurring basis

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3.

For Level 1 financial instruments, fair values are unadjusted quotes in active markets for identical assets or liabilities.

For Level 2 financial instruments, valuations are generally calculated based on the fair value of the underlying investments which are debt securities or publicly traded equity instruments in each portfolio or obtained from third party pricing services agent such as China Central Depository & Clearing Co., Ltd. which are based on the discounted cash flow models, recent transaction prices or other valuation techniques in which all significant inputs are directly or indirectly observable from market data.

For Level 3 financial instruments, the management obtains valuation quotations from counterparties or uses valuation techniques to determine the fair value, including discounted cash flow analysis, net asset value, market comparison approach and option pricing model, etc. The fair value of these financial instruments may be based on unobservable inputs which may have significant impact on the valuation of these financial instruments, and therefore, these assets and liabilities have been classified by the Group as level 3. The unobservable inputs which may have impact on the valuation include weighted average cost of capital, liquidity discount, price to book ratio, etc.

For the six months ended 30 June 2024, the Group transferred a portion of its equity investment from level 3 to level 1 as the fair values of these securities were determined using quoted prices instead of valuation techniques, due to expiration of lock-up period. In addition, the Group transferred some financial instruments into level 3 as the valuation method for these instruments changed to that based on significant unobservable inputs (Year ended 31 December 2023: same).

During the period ended 30 June 2024 and the year ended 31 December 2023, the amounts of financial instruments measured at fair value transferred between level 1 and level 2 were not significant.

66. TRANSFER OF FINANCIAL ASSETS

Asset-backed securities

The Group enters into securitization transactions in the normal course of business by which it transfers advances to customers on finance lease receivables and receivables arising from sale and leaseback arrangements to structured entities which issue asset-backed securities to investors. As the Group holds all the junior tranches asset-backed securities, substantially all the risks and rewards of ownership of the transferred assets are retained, so the Group continues to recognise the transferred asset in its entirety and recognises bonds payable for the consideration received.

As at 30 June 2024, the carrying amount of finance lease receivables and receivables arising from sale and leaseback arrangements that have been transferred but not derecognised was RMB11,223 million (31 December 2023: RMB13,642 million).

Asset-backed notes

The Group enters into securitization transactions in the normal course of business by which it transfers finance lease receivables and receivables arising from sale and leaseback arrangements to structured entities which issue asset-backed notes in China Inter-bank market to investors. As the Group holds all the junior tranches asset-backed notes, substantially all the risks and rewards of ownership of the transferred assets are retained, so the Group continues to recognise the transferred asset in its entirety and recognises bonds payable for the consideration received.

As at 30 June 2024, the carrying amount of finance lease receivables and receivables arising from sale and leaseback arrangements that have been transferred but not derecognised was nil (31 December 2023: RMB1,862 million).

Securities lending

The Group enters into securities lending transactions with the customers' securities or deposits as collateral. As the Group retains all the risks and rewards of such financial assets, it does not derecognize such financial assets in the balance sheet. As at 30 June 2024, the carrying amount of securities that have been transferred but not derecognised was RMB2,077 million (31 December 2023: RMB2,197 million).

67. SUBSEQUENT EVENTS

On August 29, 2024, the 12th meeting of the 8th board of directors of the Company approved the 2024 mid-term profit distribution plan and agreed to distribute the 2024 mid-term dividend to shareholders in cash, with a distribution of RMB 0.3 (including tax) per 10 shares, and a total distribution of RMB389 million (tax included). According to the authorization granted by the general meeting of shareholders for year 2023 regarding the distribution of mid-term profits for year 2024, the profit distribution plan does not need to be submitted for review by the general meeting of shareholders.

Except for the above disclosures, no other material events have occurred with the Company from 30 June 2024 to the date of this report.
