The Subscription Price was determined after arm's length negotiations between the Company and the Subscriber with reference to (i) the recent and historical market prices of the Shares; (ii) the trading liquidity of the Shares; (iii) the recent financial position of the Group; and (iv) the amount of funds that the Company intends to raise under the Connected Subscription.

Taking into account that the Subscriber is willing to inject large amount of capital into the Company to maintain its operation, and to support its future operation, the Directors (including the members of the Independent Board Committee after taking into account the advice of Gram Capital) consider that the Subscription Price is fair and reasonable and in the interest of the Company, and the Shareholders as a whole.

Conditions precedent

The Connected Subscription Completion is conditional upon satisfaction or (if applicable) waiver of the following conditions:

- (c) if the conditions precedent to the Subscription Agreement are not fulfilled or (if applicable) waived as the case may be on or before the Long Stop Date (or such other date as the parties agree).

Information on the Subscriber

The Subscriber is a company incorporated in Hong Kong with limited liability, and is principally engaged in investment holding. As at the Latest Practicable Date, the Subscriber is indirectly wholly owned by ITG Holding, a substantial shareholder of the Company, and is therefore a connected person of the Company.

ITG Holding is a Fortune Global 500 Company with operations in commodity trading, circulation automobile trading, logistics business, commodity retail business and other businesses. ITG Holding is a state-owned enterprise directly controlled by Xiamen State-owned Assets Supervision and Administration Commission. As at the Latest Practicable Date, ITG Holding's board of directors comprises 9 directors, namely, Mr. XU Xiaoxi (許曉曦), Mr. GAO Shaoyong (高少鏞), Mr. MA Chenhua (馬陳華), Mr. CHEN Dingyu (陳鼎瑜), Mr. CHEN Fang (陳方), Mr. YANG Qingrong (楊清榕), Mr. WU Shinong (吳世農), Mr. CHEN Cangxing (陳蒼星) and Mr. CAI Yingbin (蔡瑩彬).

Information on the Company and the Group

The Group is principally engaged in 4S dealership business, automotive supply chain business and comprehensive properties business in the PRC.

Reasons for and Benefits of the Connected Subscription and Use of Proceeds

The gross proceeds from the Connected Subscription will be HK\$1,000,359,078.60. The net proceeds (after deducting relevant costs and expenses) from the Connected Subscription are expected to be approximately HK\$997.5 million. On such basis, the net price per Subscription Share will be approximately HK\$0.15.

The net proceeds from the Connected Subscription are intended to be used for the following purposes (i) approximately 30% (approximately HK\$299.25 million) to be applied towards increasing working capital and supporting the Group's business operation, (ii) approximately 20% (approximately HK\$199.5 million) to be applied towards capitalising on market opportunities for strategic investments or mergers and acquisitions (M&A) as and when they arise (collectively, the "Investment Proceeds"), and (iii) approximately 50% (approximately HK\$498.75 million) to be applied towards repayment of existing debts to lower finance costs and to facilitate the development of the Company's core business. If no suitable investment targets or M&A opportunities are subsequently identified, subject to compliance with applicable PRC regulations and

LETTER FROM THE BOARD

the Listing Rules, the Company may consider reallocating the Investment Proceeds in whole or in part towards repayment of its existing debts in order to reduce its finance costs and improve its debt profile.

With the advent of electric vehicles, which has heralded a paradigm shift towards sustainability and environmental consciousness, away from traditional internal combustion engine (ICE) vehicles, the 4S dealership businesses in the PRC are at a crossroads in market development and subject to intense market competition. The Connected Subscription will supplement the Company's working capital requirements, enable to the Company to better meet its operational cash flow needs during such time of market transition, support its plans to optimise its distribution footprint, adjust its brand portfolio, increase its inventory turnover and overall operational efficiency. All these factors will strengthen the Group's core business and better equip it to meet such market challenges. Whilst the Company is reviewing its plans for its non-core businesses, the Company expects to focus more on M&A opportunities in this industry, be it upstream or downstream, and to increase its international presence as it expects market consolidation opportunities to present themselves.

Prior to conducting the Connected Subscription, the Company had considered alternative fundraising methods, including debt financing and equity financing (e.g. share placement to independent third parties, rights issue or open offer).

If the Group were to pursue debt financing, it would incur additional finance costs and further increase its net gearing ratio¹ (which was at approximately 1,089.1% as at 30 June 2024). This is not a profile which a typical bank would lend further monies to. A consequential impact of the application of part of the net proceeds from the Connected Subscription towards repayment of existing debts is precisely to lower the Company's net gearing ratio. As such, the Company did not consider debt financing to be an optimal financing method.

In terms of equity financing, the Company did complete two relatively smaller placings to independent third parties in June 2023 and August 2024 (details of which are set out in the announcements of the Company dated 8 June 2023 and 25 July 2024), but as is evident from the Company's level of debt and current capital market conditions (where the Company has had difficulty identifying any independent third parties interested in participating in a larger placement in the near term), equity funding from third parties in this or a similar amount do not appear to be readily available. As regards rights issues and open offers, such fundraising activities would require underwriting if the Company is to be certain of receiving a certain level of proceeds. Leaving aside additional costs, including but not limited to underwriting commission and other professional fees, given the Group's loss-making position for the two years ended 31 December 2023 and six months ended 30 June 2024, the Company may have difficulties seeking a third party underwriter. As such, the Company did not consider such equity financing methods to be optimal.

¹ Net gearing ratio as at 30 June 2024 was calculated as loans and borrowings and lease liabilities less cash and cash equivalents, time deposits and pledged bank deposits divided by total equity.

LETTER FROM THE BOARD

The Directors (including the members of the Independent Board Committee, whose views are set out in the letter from the Independent Board Committee) consider that the terms and conditions of the Subscription Agreement (including the Subscription Price) are fair and reasonable, on normal commercial terms, and in the interests of the Company and the Shareholders as a whole.

Future Intentions of the Subscriber regarding the Group

Upon the Connected Subscription Completion, the Subscriber will become a controlling shareholder of the Company. The Subscriber considers and confirms that:

- (a) it is intended that the Group will continue its existing business and will maintain the listing status of the Company on the Stock Exchange following the Connected Subscription Completion;
- (b) it shares the view of the Company that the Connected Subscription is in the interests of the Group, as disclosed in the section headed “Reasons for and Benefits of the Connected Subscription and Use of Proceeds” above; and
- (c) there is no intention to introduce any major changes to the existing business of the Group or the continued employment of the Group’s employees, and there is no intention to redeploy the fixed assets of the Group other than in its ordinary course of business.

- (2) Cheung Mui is not considered a public shareholder given her more than 10% shareholding at the Company as at the Latest Practicable Date. Immediately after the Connected Subscription Completion, she will be considered a public shareholder.
- (3) The percentage figures as set out above are subject to rounding adjustments.
- (4) As at the Latest Practicable Date, none of the Directors held any Shares in the Company.

LETTER FROM THE BOARD

As at the Latest Practicable Date, other than the 3,346,990,420 Shares in issue, the Company has no other convertible securities, options or warrants in issue which confer any right to subscribe for, convert or exchange into Shares.

Application for Listing

An application has been made by the Company to the Listing Committee of the Stock Exchange for the listing of, and permission to deal in, the Subscription Shares.

Listing Rules Implications

As described in the section headed “Information of the Subscriber” above, the Subscriber is indirectly wholly owned by ITG Holding, a substantial shareholder of the Company, and is therefore a connected person of the Company. Accordingly, the Connected Subscription constitutes a connected transaction on the part of the Company under Chapter 14A of the Listing Rules and will be subject to announcement, reporting and the Independent Shareholders’ approval requirements.

III. THE APPLICATION FOR WHITEWASH WAIVER

As at the Latest Practicable Date, the Subscriber and the parties acting in concert with it hold 842,977,684 Shares, representing approximately 25.19% of the issued share capital of the Company. Upon the Connected Subscription Completion, the shareholding of the Subscriber and the parties acting in concert with it will increase to approximately, and not more than, 75.00% of the issued share capital of the Company.

As such, under Rule 26.1 of the Takeovers Code, the allotment and issuance of the Subscription Shares under the Subscription Agreement to the Subscriber will give rise to an obligation on the part of the Subscriber to make a mandatory general offer for all Shares and other securities of the Company (other than those already owned or agreed to be acquired by the Subscriber and parties acting in concert with it), unless the Whitewash Waiver is granted by the Executive and approved by the Independent Shareholders.

The Subscriber has made an application to the Executive for the Whitewash Waiver from compliance with the obligations to make a mandatory general offer for all Shares and other securities of the Company (other than those already owned or agreed to be acquired by the Subscriber and parties acting in concert with it) under Rule 26.1 of the Takeovers Code as a result of the allotment and issuance of the Subscription Shares to the Subscriber. The Executive has indicated that it is minded to grant the Whitewash Waiver subject to, amongst others, the approval by at least 75% of the votes cast by the Independent Shareholders by way of poll in respect of the Whitewash Waiver and more than 50% of the votes cast by the Independent Shareholders by way of poll in respect of the Connected Subscription, respectively, at the EGM. If the Whitewash Waiver is granted by the Executive and both the Whitewash Waiver and the Connected Subscription are approved by the Independent Shareholders, the Subscriber and the parties acting in concert with it may increase their aggregate shareholding in the Company subsequent to the completion of the Connected Subscription without triggering any obligation under Rule 26 of the Takeovers Code to make a general offer.

LETTER FROM THE BOARD

The Subscriber, its associates, and any parties acting in concert with it, and the Shareholders who are involved in or interested in the Connected Subscription and/or the Whitewash Waiver, will be required to abstain from voting in respect of the resolution(s) to approve the Connected Subscription and the Whitewash Waiver at the EGM.

The Executive may or may not grant the Whitewash Waiver. Where the Connected Subscription is approved by the Independent Shareholders but the Whitewash Waiver is not granted by the Executive and/or is not approved by the Independent Shareholders, the Subscriber reserves the right to waive the condition precedent relating to the Whitewash Waiver. If the Subscriber proceeds to waive such condition precedent, then the Company and the Subscriber will proceed with the completion of the Connected Subscription in accordance with the terms of the Subscription Agreement. If the Subscriber does not waive the condition precedent in these circumstances, then the Connected Subscription will not proceed. Where the Whitewash Waiver is not granted by the Executive and/or is not approved by the Independent Shareholders and the Connected Subscription Completion takes place, immediately following the Connected Subscription Completion, the Subscriber and the parties acting in concert with it will increase its shareholding in the Company to approximately, and not more than, 75.00% of the issued share capital of the Company. Consequently, the Subscriber will, in those circumstances, comply with Rule 26.1 of the Takeovers Code and make an unconditional mandatory cash offer to acquire all the issued Shares (other than those Shares agreed to be acquired by the Subscriber and the parties acting in concert with it). Further announcements in compliance with the Takeovers Code and the Listing Rules (see section headed “The Possible Unconditional Mandatory Offer” below) will be made.

Where both the Connected Subscription and the Whitewash Waiver are approved by the Independent Shareholders, the Subscriber will proceed with the Connected Subscription without undertaking a mandatory general offer under the Takeovers Code.

As at the Latest Practicable Date, the Company does not believe that the Connected Subscription gives rise to any concerns in relation to compliance with other applicable rules or regulations (including the Listing Rules). The Company notes that the Executive may not grant the Whitewash Waiver if the Connected Subscription does not comply with other applicable rules and regulations.

Possible Unconditional Mandatory Offer

Under the Subscription Agreement, the grant of Whitewash Waiver by the Executive and the approval of the Whitewash Waiver by the Independent Shareholders is a condition precedent of the Connected Subscription which the Subscriber reserved the right to waive. Accordingly, the offer period has commenced as at the date of the Announcement. The results of the EGM will be announced in accordance with the Listing Rules and the Takeovers Code following the conclusion of the EGM. If the Whitewash Waiver is not granted by the Executive and/or not approved by the Independent Shareholders at the EGM, the Subscriber may decide whether or not to waive the condition precedent relating to the Whitewash Waiver and proceed with the Connected Subscription and make a general offer, which will be solely in cash, for all

LETTER FROM THE BOARD

the issued Shares in accordance with Rule 26.1 of the Takeovers Code, and the offer period will continue until such offer completes or lapses. If the Subscriber decides not to waive the condition precedent relating to the Whitewash Waiver in such circumstances, the offer period will end when such an announcement is made. If the Independent Shareholders approve the Whitewash Waiver at the EGM, the offer period will end when an announcement is made that the mandatory general offer will not proceed.

In compliance with Rule 3.8 of the Takeovers Code, as at the Latest Practicable Date, the relevant securities (as defined in Note 4 to Rule 22 of the Takeovers Code) of the Company comprise 3,346,990,420 Shares in issue. Save as aforesaid, the Company has no other outstanding relevant securities (as defined in Note 4 to Rule 22 of the Takeovers Code) as at the Latest Practicable Date.

IV. INDEPENDENT BOARD COMMITTEE AND INDEPENDENT FINANCIAL ADVISER

The Company has appointed Huatai as its financial adviser. The Subscriber has appointed CITICS HK as its financial adviser.

Pursuant to the Listing Rules and Rule 2.8 of the Takeovers Code, the Independent Board Committee (comprising all the independent non-executive Directors who have no direct or indirect interest in the Connected Subscription, the Whitewash Waiver and the Offer, namely Dr. TSUI Wai Ling Carlye, Mr. SHEN Jinjun and Ms. YU Jianrong) has been formed to advise the Independent Shareholders on the terms of the Connected Subscription and the Whitewash Waiver.

Gram Capital, a licensed corporation to carry out Type 6 (advising on corporate finance) regulated activity under the SFO, has been appointed as the Independent Financial Adviser with the approval of the Independent Board Committee to advise the Independent Board Committee and the Independent Shareholders on the terms of the Connected Subscription and the Whitewash Waiver and to make recommendation as to voting.

V. GENERAL

The EGM will be convened to consider and, if thought fit, pass the requisite resolutions to approve, among other things, the Subscription Agreement (including the transactions contemplated thereunder and the Specific Mandate to allot and issue the Subscription Shares) and the Whitewash Waiver.

Resolutions approving the Connected Subscription (including the Subscription Agreement, the transactions contemplated thereunder and the Specific Mandate to allot and issue the Subscription Shares) and the Whitewash Waiver will be proposed at the EGM to be approved by the Independent Shareholders. The Whitewash Waiver will be proposed by way of a resolution to be passed by at least 75%, and the Connected Subscription (including the Subscription Agreement, the transactions contemplated thereunder and the

LETTER FROM THE BOARD

related Specific Mandate) will be proposed by way of resolution(s) to be passed by more than 50%, of the votes cast by the Independent Shareholders that are cast either in person or by proxy, respectively, at the EGM.

The voting at the EGM will be conducted by way of poll. The Subscriber, its associates, and any parties acting in concert with it, and the Shareholders who are involved in or interested in the Connected Subscription and/or the Whitewash Waiver, will be required to abstain from voting in respect of the resolution(s) to approve the Connected Subscription and the Whitewash Waiver at the EGM.

As at the Latest Practicable Date, as Hong Kong Sindanol and the Subscriber are both subsidiaries of ITG Holding, Hong Kong Sindanol (which held 22,359,500 Shares as at the Latest Practicable Date, representing approximately 0.67% of the issued share capital of the Company) and the Subscriber (which held 820,618,184 Shares as at the Latest Practicable Date, representing approximately 24.52% of the issued share capital of the Company) will abstain from voting on the resolutions approving the Connected Subscription and the Whitewash Waiver at the EGM.

Save as disclosed above and in the section headed “Effects on Shareholding Structure of the Company”, as at the Latest Practicable Date, no other Shareholder had any material interest in the Connected Subscription and the Whitewash Waiver, and no other Shareholder was required to abstain from voting at the EGM on the resolutions approving the Connected Subscription and the Whitewash Waiver.

A notice convening the EGM to be held at Large Conference Room, 4th Floor, Wuhan Baoze, No. Te 6 Huangpu Science Park, Tazihu Street, Jiangan District, Wuhan, Hubei Province, the PRC on Wednesday, 23 April 2025 at 11:00 a.m. is set out on pages 64 to 66 of this circular.

A proxy form for use in connection with the EGM is accompanied with this circular. Whether or not you are able to attend the meeting, you are requested to complete and return the accompanying proxy form in accordance with the instructions printed thereon to the Hong Kong branch share registrar of the Company in Hong Kong, Computershare Hong Kong Investor Services Limited, at 17M Floor, Hopewell Centre, 183 Queen’s Road East, Wanchai, Hong Kong as soon as possible but in any event not later than 48 hours before the time appointed for the holding of the EGM or any adjournment thereof (as the case may be). Completion and return of the proxy form will not preclude you from subsequently attending and voting in person at the EGM or any adjournment thereof (as the case may be) should you so wish.

For determining the entitlement to attend and vote at the EGM, the register of members of the Company will be closed from Wednesday, 16 April 2025 to Wednesday, 23 April 2025, both days inclusive, during which period no transfer of shares will be registered. VI. RECOMMENDATION

Your attention is drawn to: (i) the letter from the Independent Board Committee set out on pages 22 to 23 of this circular, containing its recommendation to the Independent Shareholders in respect of the Connected Subscription (including the Subscription Agreement, the transactions contemplated thereunder and the Specific Mandate to allot and issue the Subscription Shares) and the Whitewash Waiver and (ii) the letter from Gram Capital set out on pages 24 to 48 of this circular, containing its advice to the Independent Board Committee and the Independent Shareholders in respect of the Connected Subscription (including the Subscription Agreement, the transactions contemplated thereunder and the Specific Mandate to allot and issue the Subscription Shares) and the Whitewash Waiver.

The Directors (including the members of the Independent Board Committee, whose views are set out in the letter from the Independent Board Committee) consider that the terms and conditions of the Subscription Agreement (including the Subscription Price) as well as the Whitewash Waiver are fair and reasonable, on normal commercial terms, and are in the interests of the Company and the Shareholders as a whole.

Accordingly, the Directors recommend the Independent Shareholders to vote in favour of all resolutions to be proposed at the EGM.

As each of Mr. WANG Mingcheng and Mr. SU Yi held certain roles within the ITG Group, each of them has abstained from voting on the Board resolutions of the Company for approving the Connected Subscription and the Whitewash Waiver to avoid the perception of a conflict of interest. Save as disclosed above, none of the Directors had a material interest in the Connected Subscription and the Whitewash Waiver and no Director has abstained from voting on the relevant resolutions of the Board.

Independent Shareholders are reminded to review the letter from the Independent Board Committee and the letter from the Independent Financial Adviser which are included in this circular.

VII. ADDITIONAL INFORMATION

Your attention is also drawn to the information set out in the appendices to this circular.

Since the Connected Subscription Completion is subject to the fulfilment or waiver (as applicable) of the conditions precedent as set out in the Subscription Agreement, the Connected Subscription may or may not proceed.

LETTER FROM THE BOARD

The Whitewash Waiver may or may not be granted by the Executive and if granted, will, among others things, be subject to the approval by at least 75% of the votes cast by the Independent Shareholders by way of poll in respect of the Whitewash Waiver and more than 50% of the votes cast by the Independent Shareholders by way of poll in respect of the Connected Subscription, respectively, at the EGM.

The making of the Offer is subject to the Whitewash Waiver not being granted by the Executive and/or not being approved by the Independent Shareholders, the Subscriber waiving the condition precedent of the Connected Subscription relating to the Whitewash Waiver and the Connected Subscription Completion having taken place. Accordingly, the Offer may or may not proceed.

Shareholders and potential investors are reminded to exercise caution when dealing in the Shares, and are recommended to consult their stockbroker, bank manager, solicitor or other professional adviser if they are in any doubt about their position and as to actions that they should take.

Yours faithfully,
By order of the Board

Terms used in this letter shall have the same meanings as defined in the Circular unless the context requires otherwise.

On 25 January 2025, the Company and the Subscriber entered into the Subscription Agreement, pursuant to which the Company has conditionally agreed to allot and issue, and the Subscriber has conditionally agreed to subscribe for, 6,669,060,524 Subscription Shares at the Subscription Price of HK\$0.15 per Subscription Share for a total consideration of HK\$1,000,359,078.60 in cash.

LETTER FROM GRAM CAPITAL

With reference to the Board Letter, the Connected Subscription constitutes a connected transaction on the part of the Company under Chapter 14A of the Listing Rules and is therefore subject to announcement, reporting and the Independent Shareholders' approval requirements.

With reference to the Board Letter, under Rule 26.1 of the Takeovers Code, the allotment and issuance of the Subscription Shares under the Subscription Agreement to the Subscriber will give rise to an obligation on the part of the Subscriber to make a mandatory general offer for all Shares and other securities of the Company (other than those already owned or agreed to be acquired by the Subscriber and parties acting in concert with it), unless the Whitewash Waiver is granted by the Executive and approved by the Independent Shareholders. The Subscriber has made an application to the Executive for the Whitewash Waiver from compliance with the obligations to make a mandatory general offer for all Shares and other securities of the Company (other than those already owned or agreed to be acquired by the Subscriber and parties acting in concert with it) under Rule 26.1 of the Takeovers Code as a result of the allotment and issuance of the Subscription Shares to the Subscriber. The Executive has indicated that it is minded to grant the Whitewash Waiver subject to, amongst others, the approval by at least 75% of the votes cast by the Independent Shareholders by way of poll in respect of the Whitewash Waiver and more than 50% of the votes cast by the Independent Shareholders by way of poll in respect of the Connected Subscription, respectively, at the EGM. FY2023

According to the table above, the Group recorded revenue of approximately RMB24.13 billion for FY2023, representing an increase of approximately 6.75% as compared to that for FY2022. With reference to the 2023 Annual Report, such increase was mainly due to the increase in the sales of new automobiles for FY2023. Nevertheless, according to the table above, (i) the Group's gross profit for FY2023 decreased by approximately 36.44% as compared to that for FY2022; and (ii) the loss attributable to ordinary shareholders of the Company for FY2023 increased by approximately 200.72% as compared to that for FY2022. With reference to the 2023 Annual Report, (i) the aforesaid decrease in the Group's gross profit was caused by decrease in the Group's gross profit margin from approximately 7.0% for FY2022 to approximately 4.2% for FY2023, mainly attributable to decrease in the average unit sales price of new automobiles; and (ii) the aforesaid increase in the Group's loss for the year attributable to ordinary shareholders of the Company was mainly due to decrease in the Group's gross profit.

LETTER FROM GRAM CAPITAL

According to the table above, (i) the total equity attributable to equity shareholders of the Company increased by approximately 87.10% from approximately RMB193 million as at 31 December 2022 to approximately RMB362 million as at 31 December 2023; (ii) the Group's net current liabilities increased by approximately 61.73% from approximately RMB5,081 million as at 31 December 2022 to approximately RMB8,218 million as at 31 December 2023; (iii) the Group's cash and cash equivalents increased by approximately 1.47% from approximately RMB734 million as at 31 December 2022 to approximately RMB745 million as at 31 December 2023; and (iv) the Group's total loans and borrowings increased by approximately 5.82% from approximately RMB18.67 billion as at 31 December 2022 to approximately RMB19.76 billion as at 31 December 2023.

FY2024

According to the table above, the Group recorded revenue of approximately RMB20.75 billion for FY2024, representing a decrease of approximately 14.03% as compared to that for FY2023. With reference to the 2024 AR Announcement, such decrease was mainly due to the decrease in sales volume and the selling price of new automobiles for FY2024. In addition, according to the table above, (i) the Group's gross profit for FY2024 decreased by approximately 22.76% as compared to that for FY2023; and (ii) the loss attributable to ordinary shareholders of the Company for FY2024 increased by approximately 91.75% as compared to that for FY2023. With reference to the 2024 AR Announcement, (i) the aforesaid decrease in the Group's gross profit was caused by decrease in the Group's revenue and gross profit margin (from approximately 4.2% for FY2023 to approximately 3.8% for FY2024, mainly attributable to decrease in the average selling price of new automobiles); and (ii) the aforesaid increase in the Group's loss for the year attributable to ordinary shareholders of the Company was mainly due to (a) the decrease in the Group's gross profit and other income; and (b) the impairment losses on goodwill and intangible assets recognised for the Group's 4S dealership business for FY2024 (FY2023: nil).

According to the table above, (i) the total deficit attributable to equity shareholders of the Company was approximately RMB357 million as at 31 December 2024 (in contrast to total equity attributable to equity shareholders of the Company of approximately RMB362 million as at 31 December 2023); (ii) the Group's net current liabilities increased by approximately 1.40% from approximately RMB8,218 million as at 31 December 2023 to approximately RMB8,333 million as at 31 December 2024; (iii) the Group's cash and cash equivalents decreased by approximately 23.06% from approximately RMB745 million as at 31 December 2023 to approximately RMB573 million as at 31 December 2024; and (iv) the

LETTER FROM GRAM CAPITAL

Group's total loans and borrowings increased by approximately 1.06% from approximately RMB19.76 billion as at 31 December 2023 to approximately RMB19.97 billion as at 31 December 2024.

2. Information on the Subscriber

With reference to the Board Letter, the Subscriber is a company incorporated in Hong Kong with limited liability, and is principally engaged in investment holding. As at the Latest Practicable Date, the Subscriber is indirectly wholly owned by ITG Holding, a substantial shareholder of the Company, and is therefore a connected person of the Company.

ITG Holding is a Fortune Global 500 Company with operations in commodity trading, circulation automobile trading, logistics business, commodity retail business and other businesses. ITG Holding is a state-owned enterprise directly controlled by Xiamen State-owned Assets Supervision and Administration Commission.

3. Reasons for and benefits of the Connected Subscription and use of proceeds

With reference to the Board Letter, with the advent of electric vehicles, which has heralded a paradigm shift towards sustainability and environmental consciousness, away from traditional internal combustion engine (ICE) vehicles, the 4S dealership businesses in the PRC are at a crossroads in market development and subject to intense market competition. The Connected Subscription will supplement the Company's working capital requirements, enable to the Company to better meet its operational cash flow needs during such time of market transition, support its plans to optimise its distribution footprint, adjust its brand portfolio, increase its inventory turnover and overall operational efficiency. All these factors will strengthen the Group's core business and better equip it to meet such market challenges. Whilst the Company is reviewing its plans for its non-core businesses, the Company expects to focus more on mergers and acquisitions ("M&A") opportunities in this industry, be it upstream or downstream, and to increase its international presence as it expects market consolidation opportunities to present themselves.

Financing alternatives

As advised by the Directors, in light of the prevailing financial conditions of the Group, the Board considers that the Connected Subscription to be a suitable financial option as compared to other means of financing as it enables the Group to raise capital without increasing interest burden on the Group. The Directors further advised that they also considered other forms of fund-raising methods for the Group, such as other equity financing (i.e. rights issue or open offer) and debt financing, before conducting the Connected Subscription.

LETTER FROM GRAM CAPITAL

In respect of the debt financing, it will incur additional finance costs and increase gearing level of the Group and may be subject to lengthy due diligence and negotiations with lenders. With reference to the 2024 AR Announcement, as at 31 December 2024, the net gearing ratio of the Group was approximately 1,387.8% (calculated as loans and borrowings and lease liabilities less cash and cash equivalents, time deposits and pledged bank deposits divided by total equity). Having also taken into account that the Company intends to apply part of the net proceeds from the Connected Subscription for repayment of existing debts to lower finance costs, the Directors considered that debt financing is not an optimal financing method.

In respect of other equity financing (such as rights issue or open offer), the Directors considered that (i) such fund-raising activities may incur additional costs, including but not limited to underwriting commission (i.e. usually a percentage to the aggregated subscription price of underwritten shares) and other professional fees; (ii) given the Group's loss-making position for FY2022, FY2023 and FY2024, the Group's net current liabilities as at 31 December 2022, 31 December 2023 and 31 December 2024 and high net gearing ratio as at 31 December 2024 as stated above, the Company may have difficulties in seeking underwriter; (iii) if the rights issue or open offer is not underwritten, its results will be uncertain.

In addition, the Connected Subscription demonstrates the Subscriber's confidence in the prospects of the Group. Given (i) the solid background of the Subscriber's holding company, namely ITG Holding which is a Fortune Global 500 Company with operations in various field and a state-owned enterprise directly controlled by Xiamen State-owned Assets Supervision and Administration Commission; and (ii) that the Subscriber is the largest substantial Shareholder, the Subscriber's confidence in the prospects of the Group as demonstrated by the Connected Subscription will promote corporate image of the Group.

Given the above limitations of other financing alternatives, we consider that the Connected Subscription is an appropriate fund-raising method currently available to the Group.

Use of proceeds

With reference to the Board Letter, the gross proceeds from the Connected Subscription will be HK\$1,000,359,078.60. The net proceeds (after deducting relevant costs and expenses) from the Connected Subscription are expected to be approximately HK\$997.5 million (the "**Net Proceeds**"). As advised by the Company, the Group's cash and cash equivalents are expected to increase by the same amount of the Net Proceeds immediately upon Connected Subscription Completion.

LETTER FROM GRAM CAPITAL

The Net Proceeds are intended to be used for the following purposes (i) approximately 30% (approximately HK\$299.25 million) to be applied towards increasing working capital and supporting the Group's business operation (the "**Net Proceeds for WC**"), (ii) approximately 20% (approximately HK\$199.50 million) to be applied towards capitalising on market opportunities for strategic investments or M&A as and when they arise (the "**Net Proceeds for Investments**"); and (iii) approximately 50% (approximately HK\$498.75 million) to be applied towards repayment of existing debts to lower finance costs and to facilitate the development of the Company's core business (the "**Net Proceeds for Repayment**"). If no suitable investment targets or M&A opportunities are subsequently identified, subject to compliance with applicable PRC regulations and the Listing Rules, the Company may consider reallocating the Net Proceeds for Investment in whole or in part towards repayment of its existing debts in order to reduce its finance costs and improve its debt profile.

Upon our enquiry, the Directors advised us that Net Proceeds for Repayment will improve the Group's financial position. As illustrated in the section headed "1. Information on the Group" above:

- (i) the Group's net current liabilities increased by approximately 61.73% from approximately RMB5,081 million as at 31 December 2022 to approximately RMB8,218 million as at 31 December 2023, and increased by approximately 1.40% to approximately RMB8,333 million as at 31 December 2024;
- (ii) the Group's total loans and borrowings increased by approximately 5.82% from approximately RMB18.67 billion as at 31 December 2022 to approximately RMB19.76 billion as at 31 December 2023, and increased by approximately 1.06% to approximately RMB19.97 billion as at 31 December 2024;
- (iii) the Group's cash and cash equivalents increased by approximately 1.47% from approximately RMB734 million as at 31 December 2022 to approximately RMB745 million as at 31 December 2023, and decreased by approximately 23.06% to approximately RMB573 million as at 31 December 2024;

LETTER FROM GRAM CAPITAL

- (iv) the Group's profit from operations was approximately RMB834 million for FY2022 and approximately RMB168 million for FY2023 while the Group's loss before taxation was approximately RMB130 million for FY2022 and approximately RMB887 million for FY2023. Such loss before taxation was mainly caused by substantial finance cost of approximately RMB1,007 million for FY2022 and approximately RMB1,054 million for FY2023; and
- (v) the Group's loss from operations was approximately RMB549 million while the Group's loss before taxation was approximately RMB1,482 million for FY2024. Such loss before taxation was mainly caused by substantial finance cost of approximately RMB937 million for FY2024.

With reference to the 2024 AR Announcement, as at 31 December 2024, the net gearing ratio of the Group was approximately 1,387.8% (calculated as loans and borrowings and lease liabilities less cash and cash equivalents, time deposits and pledged bank deposits divided by total equity). The Group will actively improve its operating efficiency and consider various methods to improve its existing financial position and reduce the degree of leverage of the Group.

The above financial conditions of the Group demonstrated its needs to seek for funding to improve its existing financial position. Accordingly, we consider that it is reasonable for the Group to apply the Net Proceeds for Repayment in order to reduce the Group's liabilities and its finance costs.

We understood from the Company that the Net Proceeds for WC may be applied for the Group's daily operation needs, such as administrative expenses, selling and distribution expenses. Given the above financial conditions of the Group (in particular, (i) the Group's net current liabilities as at 31 December 2022, 31 December 2023 and 31 December 2024; and (ii) the Group's cash and cash equivalents decreased substantially from approximately RMB745 million as at 31 December 2023 to approximately RMB573 million as at 31 December 2024), we consider that it is necessary for the Group to apply the Net Proceeds for WC to support the Group's business operation.

Upon our enquiry, the Directors also advised us that the Net Proceeds for Investments is primarily intended for potential M&A opportunities in the automobile industry in the PRC (including upstream or downstream businesses which may have synergy effect with the Group's core business).

LETTER FROM GRAM CAPITAL

To further understand the market conditions of the automobile industry in the PRC, we searched for relevant market statistics as follows:

Set out below are the statistics of domestic retail sales of automobiles in the PRC during the five years ended 31 December 2024, being the latest five full-year statistics published by the National Bureau of Statistics of the PRC:

	2020	2021	2022	2023	2024
Domestic retail sales of automobiles in the PRC (RMB' billion)	3,941.4	4,378.7	4,577.2	4,861.4	5,031.4
<i>Year-on-year change (%)</i>	<i>0.1</i>	<i>11.1</i>	<i>4.5</i>	<i>6.2</i>	<i>3.5</i>

As shown in the above table, the domestic retail sales of automobiles in the PRC increased continuously from approximately RMB3,941.4 billion in 2020 to approximately RMB5,031.4 billion in 2024, representing a compound annual growth rate of approximately 6.3%.

Despite such positive market statistics, the Group's gross profit decreased and loss increased from FY2022 to FY2024. As discussed under the section headed "1. Information on the Group" above, such financial deterioration was mainly caused by decrease in the Group's gross profit margin (which was mainly attributable to decrease in the average unit sales price of new automobiles). As aforementioned, the 4S dealership businesses in the PRC are at a crossroads in market development and subject to intense market competition. As advised by the company, in view of such intense market competition and the decrease in the Group's gross profit margin, the Group needs to seek for strategic investments or M&A opportunities that may arise in the future to improve economies of scale (as at the Latest Practicable Date, the Company has not identified any specific investment target). Accordingly, we consider that the application of the Net Proceeds for Investments is in the interest of the Company as it can support the Group's business development and expansion which may improve economies of scale of the Group and allow the Group to respond to the market trend and development (in particular, the advent of electric vehicles, which has heralded a paradigm shift towards sustainability and environmental consciousness, away from traditional ICE vehicles).

LETTER FROM GRAM CAPITAL

Having considered (i) reasons for and benefits of the Connected Subscription as mentioned above; (ii) that the Connected Subscription is a suitable financing option as compared to other means of financing; and (iii) that the proposed use of the Net Proceeds will improve the Group's financial position and support the Group's business operation, development and expansion (hence, benefit the Group in long term), we are of the view that although the Connected Subscription is not conducted in the ordinary and usual course of business of the Group, it is in the interest of the Company and the Independent Shareholders as a whole.

Analysis on the Subscription Price

In order to assess the fairness and reasonableness of the Subscription Price, we conducted the following analysis:

- a) Share price performance

Set out below is a chart showing the movement of the closing prices of the Shares during the period from 2 January 2024 to the Latest Practicable Date, being approximate one year up to and including the Latest Practicable Date (the “**Share Review Period**”), which is commonly adopted for analysis, and the number of trading days during the Share Review Period is sufficient for us to perform a thorough analysis on the historical closing prices of Shares with the Subscription Price. Hence, we

LETTER FROM GRAM CAPITAL

consider the duration of the Share Review Period is adequate and appropriate. The comparison of daily closing prices of the Shares and the Subscription Price is illustrated as follows:

Historical daily closing price per Share

Note: According to the Company's announcement dated 1 October 2024 (the "Inside Information Announcement"), the Company noted the increases in the price and trading volume of the shares of the Company. Having made such enquiry with respect to the Company as is reasonable in the circumstances, the Company confirms that, save as the matters mentioned in the Inside Information Announcement regarding a potential disposal that did not proceed, it was not aware of any reasons for those price or volume movements or of any information which must be announced to avoid a false market in the Company's securities or of any inside information that needs to be disclosed under Part XIVA of the SFO.

During the Share Review Period, the highest and lowest closing prices of the Shares as quoted on the Stock Exchange were HK\$0.325 per Share recorded on 2 January 2024 and 3 January 2024 and HK\$0.058 per Share recorded on 15 January 2025 respectively. The Subscription Price of HK\$0.15 per Subscription Share falls within the closing price range of the Shares during the Share Review Period. In addition, the Subscription Price of HK\$0.15 per Subscription Share is above the daily closing prices of the Shares (i) for 155 trading days out of total 305 trading days during the Share Review Period; and (ii) for 108 consecutive trading days prior to and including the Latest Practicable Date.

LETTER FROM GRAM CAPITAL

As depicted from the above chart, at the beginning of the Share Review Period, the closing price of the Shares decreased sharply from HK\$0.325 per Share on 2 January 2024 to HK\$0.239 per Share on 25 January 2024. As confirmed by the Directors, the Company did not identify any specific reason which caused the aforesaid decrease in the closing price of the Shares. Subsequently, the closing price of the Shares fluctuated up to 6 June 2024 and formed a general downward trend thereafter, decreasing from HK\$0.250 per Share on 6 June 2024 to HK\$0.095 per Share on 12 September 2024. Since then, the closing price of the Shares rebounded and reached HK\$0.230 per Share on 2 October 2024. Thereafter, the closing price of the Shares followed a downward trend and hit the lowest of HK\$0.058 per Share on 15 January 2025. Subsequently, the closing price of the Shares recovered and reached HK\$0.110 on the Last Trading Day. From the Agreement Date and up to the Latest Practicable Date, the closing price of the Shares fluctuated between HK\$0.093 per Share and HK\$0.119 per Share.

b) Comparables

As part of our analysis, we also identified subscription transactions of new ordinary shares under specific mandate for cash consideration (excluding transactions involving restructuring, loan capitalisation and set-off of debt in whole or in part) during the period from 2 October 2024 up to the Last Trading Day (being a period of approximately four months prior to Last Trading Day that demonstrates market practices during a period proximate to Last Trading Day and allows us to identify sufficient samples of comparable transactions for analysis), with the following criteria: (i) the subscription transactions were not lapsed or terminated up to the Latest Practicable Date; (ii) the subscription transactions do not involve the issuance of A shares or domestic shares, as announced by companies listed on the Stock Exchange; and (iii) the trading of shares of the listed issuers were not halted/suspended for over one month prior to the entering into of the subscription agreement (the “**Comparable Transactions**”). We found nine transactions which met the said criteria and they are exhaustive. Shareholders should note that although the businesses, operations, market capitalisation and prospects of the Company are not the same as the subject companies of the Comparable Transactions and the fund-raising size of the Connected Subscription is different from those of the Comparable Transactions, the Comparable Transactions can demonstrate the recent market practices of subscription transactions under specific mandate conducted by Hong Kong listed companies and thus they are fair and representative for our analysis.

Completion of the Connected Subscription

The Connected Subscription Completion shall take place within 10 Business Days (or such other date and time as may be agreed by the Company and the Subscriber) upon the satisfaction or (if applicable) waiver of the conditions under the Subscription Agreement, upon which the Company shall allot and issue the Subscription Shares to the Subscriber and the Subscriber shall pay to the Company the total consideration for the Subscription Shares.

LETTER FROM GRAM CAPITAL

Termination of the Subscription Agreement

The Subscription Agreement may be terminated:

- (a) by any party upon the material breach of the Subscription Agreement by the other party;
- (b) by the Subscriber, if:
 - (i) the trading in the Shares on the Stock Exchange is suspended by any competent regulatory authorities for 10 trading days or more (except for any trading halt or suspension pending the approval of the joint announcement or the circular of the Company in respect of the Subscription Agreement and the Whitewash Waiver) or for any period which extends to the Connected Subscription Completion Date, or the listing status of the Company on the Stock Exchange is revoked;
 - (ii) there exists any material adverse effect on the financial position or operational results of the Group as a result of sanctions imposed by any applicable regulatory authorities on the Company or any senior management members of the Group (other than any senior management members of the Group which were sanctioned prior to the date of the Subscription Agreement), as a result of any material fraudulent or inappropriate behaviour conducted by any member of the Group being discovered or alleged and proven by any applicable regulatory authorities; or
 - (iii) there exists any material adverse effect on the financial position or operational results of the Group as a result of any change in applicable laws since the date of the Subscription Agreement; and
- (c) if the conditions precedent to the Subscription Agreement are not fulfilled or (if applicable) waived as the case may be on or before the Long Stop Date (or such other date as the parties agree).

Having considered the principal terms of the Connected Subscription as set out above (in particular, the Subscription Price is fair and reasonable as concluded above and no abnormal term was observed in the conditions precedent and clauses of completion and termination as set out above), we are of the view that the terms of the Connected Subscription are on normal commercial terms and are fair and reasonable.

LETTER FROM GRAM CAPITAL

Potential dilution effect

With reference to the shareholding table in the section headed “Effects on the Shareholding Structure of the Company” of the Board Letter, the shareholding interests of the other public Shareholders (i.e. public Shareholders other than Cheung Mui, who is not considered as a public Shareholder of the Company as at the Latest Practicable Date and will be considered as a public Shareholder of the Company immediately after the Connected Subscription Completion) would be diluted by approximately 42.47 percentage points (the “**Dilution Effect**”) from approximately 63.78% as at the Latest Practicable Date to approximately 21.31% immediately after the Connected Subscription Completion (assuming no other change in the issued share capital of the Company from the Latest Practicable Date to the Connected Subscription Completion Date). Nevertheless, based on Note 1 to Rule 7.27B of the Listing Rules and that the Subscription Price represented the LTD Premium and the 5 Days Premium, there will be no theoretical dilution effect associated with the Connected Subscription (as compared with the nine Comparable Transactions, three of them had no theoretical dilution effect and theoretical dilution effect associated with the remaining six Comparable Transactions ranged from approximately 0.16% to approximately 24.87%). Taking into account (i) the aforementioned reasons for and benefits of the Connected Subscription; (ii) the proposed use of the Net Proceeds will improve the Group’s financial position and facilitate the Group’s business operation, development and expansion (hence, benefit the Group in long term), whereas the other public Shareholders are not required to further invest into the Company; (iii) the Connected Subscription is in the interest of the Company and the Independent Shareholders as a whole; (iv) the terms of the Connected Subscription are on normal commercial terms and fair and reasonable; and (v) there will be no theoretical dilution effect associated with the Connected Subscription based on Note 1 to Rule 7.27B of the Listing Rules, we are of the view that the aforesaid Dilution Effect is acceptable.

RECOMMENDATION ON THE CONNECTED SUBSCRIPTION

Having taken into consideration of the factors and reasons as stated above, in particular:

- (i) the Connected Subscription is an appropriate fund-raising method currently available to the Group as concluded under the sub-section headed “Financing alternatives” above;
- (ii) the proposed use of the Net Proceeds will improve the Group’s financial position and support the Group’s business operation, development and expansion (hence, benefit the Group in long term) as concluded under the section headed “3. Reasons for and benefits of the Connected Subscription and use of proceeds” above;
- (iii) the Subscription Price of HK\$0.15 per Subscription Share falls within the closing price range of the Shares during the Share Review Period;

LETTER FROM GRAM CAPITAL

- (iv) the Subscription Price of HK\$0.15 per Subscription Share is above the daily closing prices of the Shares (a) for 155 trading days out of total 305 trading days during the Share Review Period; and (b) for 108 consecutive trading days prior to and including the Latest Practicable Date;
- (v) the LTD Premium, the 5 Days Premium and the 30 Days Premium are all above the respective range of the Comparable Transactions and the Subscription Price represented the Premium Over Net Liabilities, while the subscription prices of the Comparable Transactions represented discounts to/premiums over respective then net asset value attributable to owners of the company per share; and
- (vi) the Dilution Effect is acceptable as concluded under the section headed “Potential dilution effect” above,

we are of the opinion that (i) the terms of the Connected Subscription are on normal commercial terms and are fair and reasonable; and (ii) although the Connected Subscription is not in the ordinary and usual course of business of the Group, it is in the interests of the Company and the Independent Shareholders as a whole. Accordingly, we recommend the Independent Board Committee to advise the Independent Shareholders to vote in favour of the resolution to be proposed at the EGM to approve the Connected Subscription, and we recommend the Independent Shareholders to vote in favour of the resolution in this regard.

II. Whitewash Waiver

With reference to the Board Letter, as at the Latest Practicable Date, the Subscriber and the parties acting in concert with it hold 842,977,684 Shares, representing approximately 25.19% of the issued share capital of the Company. Upon the Connected Subscription Completion, the shareholding of the Subscriber and the parties acting in concert with it will increase to approximately, and not more than, 75.00% of the issued share capital of the Company.

With reference to the Board Letter, under Rule 26.1 of the Takeovers Code, the allotment and issuance of the Subscription Shares under the Subscription Agreement to the Subscriber will give rise to an obligation on the part of the Subscriber to make a mandatory general offer for all Shares and other securities of the Company (other than those already owned or agreed to be acquired by the Subscriber and parties acting in concert with it), unless the Whitewash Waiver is granted by the Executive and approved by the Independent Shareholders. The Subscriber has made an application to the Executive for the Whitewash Waiver from compliance with the obligations to make a mandatory general offer for all Shares and other securities of the Company (other than those already owned or agreed to be acquired by the Subscriber and parties acting in concert with it) under Rule 26.1 of the Takeovers Code as a result of the allotment and issuance of the Subscription Shares to the Subscriber.

LETTER FROM GRAM CAPITAL

Where the Connected Subscription is approved by the Independent Shareholders but the Whitewash Waiver is not granted by the Executive and/or is not approved by the Independent Shareholders, the Subscriber reserves the right to waive the condition precedent relating to the Whitewash Waiver. If the Subscriber proceeds to waive such condition precedent, then the Company and the Subscriber will proceed with the completion of the Connected Subscription in accordance with the terms of the Subscription Agreement. If the Subscriber does not waive the condition precedent in these circumstances, then the Connected Subscription will not proceed.

Where (i) the Whitewash Waiver is not granted by the Executive and/or is not approved by the Independent Shareholders; (ii) the Subscriber proceeds to waive the condition precedent relating to the Whitewash Waiver; and (iii) the Connected Subscription Completion takes place, immediately following the Connected Subscription Completion, the Subscriber and the parties acting in concert with it will increase its shareholding in the Company to approximately, and not more than, 75.00% of the issued share capital of the Company. Consequently, the Subscriber will, in those circumstances, comply with Rule 26.1 of the Takeovers Code and make an unconditional mandatory cash offer to acquire all the issued Shares (other than those Shares agreed to be acquired by the Subscriber and the parties acting in concert with it). Under this circumstance, the Independent Shareholders may have an opportunity to realise its Shares at a price which is no less than the Subscription Price (which is above the daily closing prices of the Shares for 108 consecutive trading days prior to and including the Latest Practicable Date). Nevertheless, if the Subscriber does not waive the condition precedent relating to the Whitewash Waiver, then the Connected Subscription will not proceed (under this circumstance, no unconditional mandatory cash offer obligation triggered and the Group will not be able to obtain the benefits brought by the Connected Subscription).

Where both the Connected Subscription and the Whitewash Waiver are approved by the Independent Shareholders, the Subscriber will proceed with the Connected Subscription without undertaking a mandatory general offer under the Takeovers Code.

In view of (i) the aforesaid reasons for and benefits of the Connected Subscription; (ii) that the Connected Subscription is in the interests of the Company and the Independent Shareholders as a whole; (iii) that the terms of the Connected Subscription are on normal commercial terms and fair and reasonable; and (iv) that the Connected Subscription will not proceed if the Whitewash Waiver is not granted by the Executive and/or is not approved by the Independent Shareholders, and the Subscriber does not waive the condition precedent relating to the Whitewash Waiver, we are of the opinion that the approval of the Whitewash Waiver is in the interests of the Company and the Independent Shareholders as a whole and is fair and reasonable for the purpose of proceeding with the Connected Subscription.

LETTER FROM GRAM CAPITAL

RECOMMENDATION ON THE WHITEWASH WAIVER

Having taken into consideration (i) the aforesaid reasons for and benefits of the Connected Subscription; (ii) that the Connected Subscription is in the interests of the Company and the Independent Shareholders as a whole; (iii) that the terms of the Connected Subscription are on normal commercial terms and fair and reasonable; and (iv) that the Connected Subscription will not proceed if the Whitewash Waiver is not granted by the Executive and/or is not approved by the Independent Shareholders, and the Subscriber does not waive the condition precedent relating to the Whitewash Waiver, we consider that the Whitewash Waiver is fair and reasonable and is in the interests of the Company and the Independent Shareholders as a whole. Accordingly, we recommend the Independent Board Committee to advise the Independent Shareholders to vote in favour of the relevant resolution to be proposed at the EGM to approve the Whitewash Waiver and we recommend the Independent Shareholders to vote in favour of the resolution in this regard.

Yours faithfully,
For and on behalf of
